Kichler 11147NILED

Kichler 11147NILED LED Linear Bath Vanity Light User Manual

MODEL: 11147NILED

Product Overview

The Kichler 11147NILED is a 37.5-inch LED linear wall fixture designed for bath vanity applications. It features a Brushed Nickel finish and a white acrylic diffuser, providing a crisp and bright illumination. This versatile fixture can be mounted horizontally or vertically.

Image: Kichler 11147NILED LED Linear Bath Vanity Light in Brushed Nickel.

Key Features:

- Integrated LED light source, 3000K color temperature.
- Contemporary design with a Brushed Nickel finish.
- White Acrylic Diffuser for even light distribution.
- Suitable for damp locations.
- Horizontal or vertical mounting options.

Safety Information

Always follow basic safety precautions when installing, operating, or maintaining electrical fixtures. Read all instructions carefully before beginning installation.

Important Safety Instructions:

- Turn off power at the circuit breaker or fuse box before installation or servicing.
- Consult a qualified electrician if you are unsure about the installation process.
- Ensure all electrical connections are made in accordance with local codes and ordinances.
- This fixture is suitable for damp locations.
- Do not attempt to modify the fixture.

Please check your local laws before purchasing this product.

Package Contents

Verify that all components are present before beginning installation:

- 1 x Kichler 11147NILED LED Linear Bath Vanity Light Fixture
- Mounting Hardware
- Installation Guide (this manual)

Specifications

Wattage	60 watts
Voltage	277 Volts
Installation Type	Wall Mount
Indoor/Outdoor Usage	Indoor (Suitable for damp locations)
Control Method	Remote (Controller Type: Remote Control)
Switch Type	Toggle
UPC	783927528627

Installation Instructions (Setup)

Professional installation is recommended. Ensure power is disconnected at the circuit breaker before proceeding.

1. **Prepare the Area:** Turn off the main power supply to the installation area at the circuit breaker. Clear the work area and gather necessary tools (screwdriver, wire strippers, electrical tape, etc.).
2. **Mounting Bracket:** Attach the mounting bracket to the junction box using the provided screws. Ensure it is securely fastened.

3. **Electrical Connections:** Connect the fixture's wires to the corresponding household wires (black to black, white to white, ground to ground) using wire connectors. Secure connections with electrical tape.
4. **Secure the Fixture:** Carefully align the fixture with the mounting bracket and secure it in place using the provided screws. Ensure the fixture is flush against the wall.
5. **Restore Power:** Once the fixture is securely installed and all connections are checked, restore power at the circuit breaker.

For detailed diagrams and specific steps, refer to the included physical installation guide.

Operating Instructions

The Kichler 11147NILED LED Linear Bath Vanity Light is designed for straightforward operation.

- **Power On/Off:** Operate the light using a standard wall toggle switch.
- **Remote Control:** If connected to a compatible remote control system, use the remote to turn the light on/off and adjust brightness as per the remote's instructions.

Maintenance

Regular cleaning will help maintain the appearance and performance of your Kichler vanity light.

- **Cleaning:** Turn off the power before cleaning. Use a soft, dry or slightly damp cloth to wipe the fixture. Avoid abrasive cleaners, solvents, or polishes as they may damage the finish or diffuser.
- **LEDs:** The integrated LED light source is designed for long life and does not require replacement.

Troubleshooting

If your Kichler vanity light is not functioning correctly, refer to the following common issues and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power supply. Loose wiring connection. Faulty switch.	Check circuit breaker. Ensure all wire connections are secure. Test the wall switch.
Light is dim or flickers.	Incorrect voltage. Loose wiring. Incompatible dimmer (if applicable).	Verify voltage supply. Check wiring. Ensure dimmer is LED-compatible.
Fixture is humming.	Incompatible dimmer.	Replace dimmer with an LED-compatible model.

If issues persist, contact Kichler customer support or a qualified electrician.

Warranty and Support

The Kichler 11147NILED LED Linear Bath Vanity Light comes with a limited warranty:

- **Fixture Body:** 1 year limited warranty.
- **LED Component:** 5 years limited warranty.

For warranty claims, technical support, or additional product information, please visit the official Kichler website or contact their customer service department. You can also visit the Kichler Store on Amazon.
