Driven by Battat WH1213C1Z

Driven by Battat Large Fire Truck Toy

Model: WH1213C1Z

INTRODUCTION

This manual provides instructions for the safe and proper operation of your Driven by Battat Large Fire Truck Toy. Please read all instructions carefully before use.

Safety Warning: Not suitable for children under 3 years old. Recommended for ages 4-10 years.

WHAT'S INCLUDED

- 1 x Driven by Battat Large Fire Truck Toy
- 1 x Ladder (attached)
- 4 x AAA Batteries (pre-installed)

SETUP

Battery Installation

The toy requires 4 AAA batteries, which are included and pre-installed. If replacement is needed:

1. Locate the battery compartment on the underside of the truck.
2. Using a screwdriver (not included), open the battery compartment.
3. Insert 4 new AAA batteries, ensuring correct polarity (+/-).
4. Close the battery compartment securely.

Water Tank Filling

The fire truck features a real water-spraying function. To fill the water tank:

1. Locate the water tank opening on the top of the truck, usually covered by a small cap.
2. Open the cap.
3. Carefully pour clean water into the tank. Do not overfill.
4. Close the cap securely to prevent leaks.

OPERATING INSTRUCTIONS

Lights and Sounds

The fire truck is equipped with realistic lights and sounds:

- **To activate engine sounds and flashing lights:** Press the buttons located on the roof of the truck's cab.
- **To honk the horn:** Press the button on the steering wheel inside the cab.

Video: Demonstrates the lights, sounds, and movable parts of the Driven by Battat Fire Truck. Shows the ladder extending, cab tilting, doors opening, and water spraying.

Ladder Operation

The fire truck features an extending and swiveling ladder:

- **To extend the ladder:** Use the crank mechanism located on the side of the ladder assembly.
- **To swivel the ladder:** Rotate the entire ladder assembly left or right.
- The ladder can be lifted and lowered using the appropriate controls.

Image: Rear view of the fire truck, showing the ladder extended and positioned for action.

Water Spray Function

To operate the water spray hose:

1. Ensure the water tank is filled (see 'Water Tank Filling' above).
2. Unroll the hose from its reel.
3. Use the pump mechanism (crank or lever) to spray water through the hose nozzle.

Image: Detailed view of the water pump lever and hose nozzle, showing water being sprayed.

Movable Parts

- **Cab:** The truck's cab can tilt forward to reveal engine details.
- **Doors:** Both cab doors can be opened to view the realistic interior.
- **Support Legs:** Folding support legs can be extended from the sides of the truck for stability during ladder operation.

MAINTENANCE

- Clean the toy with a damp cloth. Do not immerse in water.
- Ensure the water tank is emptied after each use to prevent mold or mildew.
- Store the toy in a cool, dry place away from direct sunlight.
- Check batteries periodically and replace as needed. Remove batteries if the toy will not be used for an extended period.

TROUBLESHOOTING

- **Lights/Sounds not working:** Check battery installation and replace if necessary. Ensure buttons are pressed firmly.
- **Water not spraying:** Ensure the water tank is filled. Check that the hose is properly connected and the pump mechanism is being operated correctly.

- **Ladder not extending/retracting smoothly:** Check for any obstructions in the ladder mechanism.
-

SPECIFICATIONS

Product Dimensions	19 x 6.7 x 9.85 inches
Item Weight	5 pounds
Item Model Number	WH1213C1Z
Manufacturer Recommended Age	4 - 10 years
Batteries	4 AAA batteries (included)
Material	Plastic

WARRANTY AND SUPPORT

For warranty information or customer support, please refer to the packaging or contact Driven by Battat customer service directly. Contact details are typically available on the manufacturer's official website or product packaging.
