SALAV MP-302

SALAV MP-302 Deluxe Mop Pad Instruction Manual

For STM-501 Performance Series Steam Mop

1. Product Overview

The SALAV MP-302 Deluxe Mop Pad set provides high-quality, reusable replacement pads for your SALAV STM-501 Performance Series Steam Mop. These pads are designed for effective cleaning across various hard floor surfaces.

Image 1: SALAV MP-302 Deluxe Mop Pads (Pack of 2)

This image displays the two light blue mop pads included in the MP-302 set. The pads feature a soft, absorbent surface on one side and white hook-and-loop fasteners on the reverse for secure attachment to the steam mop head.

2. Compatibility

The SALAV MP-302 Deluxe Mop Pads are specifically designed for compatibility with the following steam mop models:

- SALAV STM-501 Performance Series Steam Mop
- SteamFast SF-162 Steam Mop

Using these pads with incompatible models may result in improper fit or reduced cleaning performance.

3. Features

- **Durable and Reusable:** Designed for multiple uses, reducing waste.
- **Non-Abrasive Material:** Safe for use on a variety of sealed hard floor surfaces.
- **Material Composition:** 75% polyester / 25% polyamide blend for optimal absorption and cleaning.
- **Dimensions:** Each pad measures approximately 14 inches x 8.5 inches.
- **Pack Quantity:** Includes 2 mop pads.
- **Versatile Use:** Suitable for wood, vinyl, laminate, marble, tile, and more.

4. Setup and Installation

Follow these steps to properly attach the mop pad to your compatible steam mop:

1. Ensure your steam mop is unplugged and cool before handling.
2. Align the mop pad with the bottom of the steam mop head. The hook-and-loop fasteners on the pad should match the corresponding fasteners on the mop head.
3. Press the mop pad firmly onto the mop head, ensuring all hook-and-loop sections are securely attached. The pad should be centered and lie flat without wrinkles.
4. Once attached, the mop is ready for use according to its own instruction manual.

5. Operating Instructions

The SALAV MP-302 Deluxe Mop Pads are designed to work seamlessly with your steam mop. Refer to your specific steam mop's instruction manual for detailed operating procedures, including filling the water tank, heating time, and steam application.

General Usage Tips:

- Always sweep or vacuum the floor before steam mopping to remove loose dirt and debris.
- Change the mop pad when it becomes visibly dirty or saturated to maintain effective cleaning and prevent streaking.
- For stubborn stains, allow the steam mop to rest over the area for a few seconds (as per your mop's instructions) to loosen the grime before wiping.

6. Maintenance and Care

Proper care of your SALAV MP-302 Deluxe Mop Pads will extend their lifespan and maintain cleaning performance.

Cleaning the Mop Pads:

1. Remove the dirty mop pad from the steam mop head.
2. Machine wash the pads in warm water with a mild detergent.

3. Do not use bleach or fabric softeners, as these can damage the fibers and reduce the pad's absorbency.
4. Tumble dry on low heat or air dry. Avoid high heat, which can damage the hook-and-loop fasteners.
5. Ensure pads are completely dry before reattaching or storing.

Storage:

Store clean, dry mop pads in a cool, dry place away from direct sunlight.

7. Troubleshooting

Problem	Possible Cause	Solution
Pad not attaching securely.	Hook-and-loop fasteners are dirty or worn.	Clean debris from fasteners. If worn, replace pad.
Floor appears streaky after cleaning.	Pad is too dirty or saturated.	Replace with a clean, dry pad. Ensure floor is swept/vacuumed first.
Pad not absorbing effectively.	Residue from fabric softener or detergent buildup.	Wash pads without fabric softener. Consider a deep clean with white vinegar if buildup is severe.

8. Specifications

Model: MP-302

Brand: SALAV

Material: 75% Polyester, 25% Polyamide

Dimensions (each pad): Approximately 14 inches (35.5 cm) x 8.5 inches (21.6 cm)
