

Epson EB-1780W

Epson EB-1780W Projector User Manual

Model: EB-1780W

1. INTRODUCTION

Thank you for purchasing the Epson EB-1780W Projector. This manual provides essential information for the safe and efficient use of your projector. Please read it thoroughly before operation and keep it for future reference.

The Epson EB-1780W is a compact and lightweight mobile projector designed for business and educational environments. It features WXGA resolution and 3,000 lumens of brightness, ensuring clear and vivid presentations even in well-lit rooms. This product is a wireless device compliant with Radio Law technical standards, operating in the 2.4-2.483.5GHz frequency band.

2. PRODUCT OVERVIEW

Key Features:

- **Brightness:** 3,000 lumens for clear images.
- **Resolution:** WXGA (1280 x 800) for detailed visuals.
- **Portability:** Lightweight at approximately 1.8 kg, with a slim profile (44mm thickness).
- **Connectivity:** Wireless LAN compatible, HDMI, VGA, USB.
- **Advanced Functions:** Auto Power On, Touch Presenter function, Frame Fit, Automatic Vertical/Horizontal Correction.
- **Contrast Ratio:** 10000:1 for sharp image quality.
- **Built-in Speaker:** 1W.

Projector Components:

The image below illustrates the top and rear views of the Epson EB-1780W projector, highlighting its control panel and various input/output ports.

Image: Top and rear view of the Epson EB-1780W projector, showing the lens, control panel, and various connection ports.

The projector's compact design (29.2 x 21.3 x 4.4 cm) and light weight make it highly portable, fitting easily into a business bag. A carrying case is often included for convenience.

3. SAFETY INFORMATION

Please observe the following safety precautions to prevent damage to the product or injury to yourself and others:

- Do not block ventilation openings.
- Do not look directly into the projector lens when the lamp is on.
- Use only the power cord supplied with the projector.
- Do not place the projector on an unstable surface.
- Keep the projector away from water or humid environments.
- Refer all servicing to qualified service personnel.

4. SETUP

4.1 Placement

Place the projector on a stable, flat surface. Ensure there is adequate space around the projector for ventilation. The

short-throw lens allows for large screen projection even in small spaces.

4.2 Power Connection

1. Connect the power cord to the projector's AC inlet.
2. Plug the other end of the power cord into a grounded electrical outlet.

4.3 Connecting Input Sources

The EB-1780W offers various connection options:

- **HDMI:** For high-definition video and audio from devices like laptops, DVD/Blu-ray players, or gaming consoles.
- **VGA (Computer):** For connecting to computers using a VGA cable.
- **USB-A:** For PC-free projection from USB storage devices.
- **USB-B:** For USB Display, transmitting video and audio with a single USB cable.
- **Video:** For standard definition video input.

Refer to the image below for port locations:

Image: Close-up view of the Epson EB-1780W projector's rear panel, showing HDMI, USB-A, USB-B, Computer (VGA), and Video input ports.

5. OPERATION

5.1 Powering On/Off

- **Power On:** Press the power button on the projector or remote control. The projector also supports Auto Power On.
- **Power Off:** Press the power button twice. The projector will enter a cooling down cycle before completely shutting off.

5.2 Basic Projection

Once powered on and an input source is connected, the projector will display the image. Adjust the focus ring on the lens for a clear picture. Use the zoom lever to adjust the image size.

5.3 Advanced Projection Features

Frame Fit Function

This function automatically adjusts the projected image to fit the screen with a single button press, correcting vertical and horizontal distortion and adjusting focus.

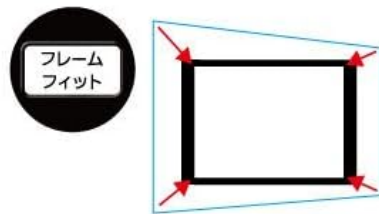

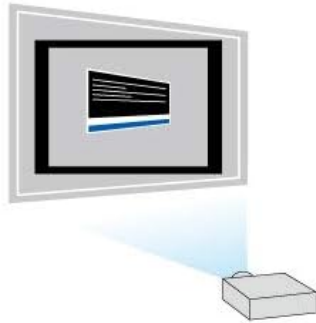

1. Set up the projector.
2. Press the [Frame Fit] button.
3. The projector automatically adjusts the image to the optimal screen size, even from an angle.

面倒な画面調整が一瞬で簡単に

フレームフィット機能

PC-Free Projection

You can project image and video files directly from a USB storage device connected to the USB-A port without needing a computer.

Input Signal Auto Detection

Simply press the input detection button, and the projector will automatically detect and project from an active input source.

6. MAINTENANCE

6.1 Cleaning the Projector

- Wipe the exterior of the projector with a soft, dry cloth.
- For the lens, use a lens cleaning cloth and lens cleaner specifically designed for optical surfaces.
- Regularly clean the air filter to maintain optimal performance and prevent overheating. Refer to the full user guide for detailed filter cleaning instructions.

6.2 Lamp Replacement

The projector lamp has a limited lifespan. When the lamp indicator lights up or the projected image becomes dim, it may be time to replace the lamp. Consult the detailed user manual for specific lamp replacement procedures and safety precautions.

7. TROUBLESHOOTING

If you encounter issues with your projector, refer to the following common troubleshooting tips:

- **No Image:** Ensure all cables are securely connected and the correct input source is selected. Check if the lens cap is removed.
- **Dim Image:** Check the lamp life indicator. If the lamp is nearing its end, replacement may be necessary. Ensure the projector is not in Eco mode if maximum brightness is desired.
- **Overheating Warning:** Ensure ventilation openings are not blocked and the air filter is clean. Turn off the projector and allow it to cool down.
- **Image Distortion:** Use the Frame Fit function or Automatic Vertical/Horizontal Correction to adjust the image geometry.
- **No Sound:** Check audio cable connections (if applicable) and the projector's volume settings. Ensure the input source is sending audio.

For more detailed troubleshooting, please refer to the comprehensive user manual available on the Epson support website.

8. SPECIFICATIONS

Feature	Specification
Brand	Epson
Model Number	EB-1780W

EB-1780W

Ultra-mobile, HD-ready projector for on-the-go business users, combining intelligent features, superb image quality, easy set-up and true portability.

Staff that are constantly on the move and frequently make presentations at customer sites can benefit from this ultra-mobile projector, offering a winning combination of ultra-lightweight design, exceptional image quality and advanced functionality. With traditional wired and built-in wireless connectivity, the device set up plus a range of advanced features. It's ideal for portable presentations.

Exceptional image quality
Enjoy superb image quality, impressive natural colours with an equally high white and colour light output of 3,300 lumens thanks to Epson's 3LCD technology. True Colour technology delivers a faithful reproduction of colours so they are meant to be and, with a 10,000:1 contrast ratio, projected images are crisp and clear.

Easy set-up
Automatic vertical and horizontal keystone correction makes it easy to set up the projector almost anywhere. The short throw ratio projects a large image from a shorter distance so that all meeting participants can be seated behind the projector as the front audience directly head away from them. Thanks to the Auto Power On feature, the projector turns on when it detects signal input.

Smarter presentations
Users can view two data sources side by side with split screen, and MFL can show high quality video and audio content from mobile devices while charging them at the same time.

True portability
The ultra-slim form factor and lightweight design makes this the ideal projector for anyone on the move. A carry case is included and the projector fits easily into a standard laptop bag.

DATASHEET / BROCHURE

KEY FEATURES

- Exceptional image quality**
Enjoy 3LCD with an output light output of 3,300 lumens
- Horizontal and Vertical Keystone correction**
Slates and images can be aligned and distortion corrected
- Lightweight & ultra-slim form factor**
Fits the same bag as a laptop computer
- Free Projection app**
Power presentations from a smartphone or tablet
- Split screen capability**
Display images from two different sources simultaneously

EB-1780W

Videoproiettore portatile HD Ready per i professionisti in movimento, che coniuga funzioni intelligenti, eccezionale qualità delle immagini, facilità di installazione e reale portabilità.

Modello per professionisti che è sempre in movimento e che spesso effettua presentazioni presso clienti, questo offre una combinazione vincente di design ultraleggero e di portabilità, eccezionale qualità delle immagini in modalità standard. Grazie alla tecnologia True Colour, le immagini sono fedeli e realistiche. Inoltre, grazie alla tecnologia 3LCD, il colore è brillante e i colori sono vivaci e naturali. Inoltre, grazie alla tecnologia 3LCD, il colore è brillante e i colori sono vivaci e naturali.

Eccezionale qualità delle immagini
Grazie alla tecnologia 3LCD, il colore è brillante e i colori sono vivaci e naturali. Inoltre, grazie alla tecnologia 3LCD, il colore è brillante e i colori sono vivaci e naturali.

Facilità di installazione
La tecnologia 3LCD, il colore è brillante e i colori sono vivaci e naturali. Inoltre, grazie alla tecnologia 3LCD, il colore è brillante e i colori sono vivaci e naturali.

Presentazioni più intelligenti
Gli utenti possono visualizzare due sorgenti affiancate in modalità Split Screen o MFL, così visualizzando contenuti audio e video di alto qualità da dispositivi mobili anche durante la navigazione.

Reale portabilità
La leggera struttura e il design leggero rendono questo videoproiettore ideale per il trasporto. EB-1780W è fornito completo di custodia, ma si adatta facilmente anche a una normale borsa per PC portatile.

SCHEDA TECNICA

CARATTERISTICHE PRINCIPALI

- Eccezionale qualità delle immagini**
Grazie alla tecnologia 3LCD, il colore è brillante e i colori sono vivaci e naturali.
- Facilità di installazione**
La tecnologia 3LCD, il colore è brillante e i colori sono vivaci e naturali.
- Presentazioni più intelligenti**
Gli utenti possono visualizzare due sorgenti affiancate in modalità Split Screen o MFL, così visualizzando contenuti audio e video di alto qualità da dispositivi mobili anche durante la navigazione.

EB-1780W

Ultra-mobile, HD-ready projector for on-the-go business users, combining intelligent features, superb image quality, easy set-up and true portability.

Staff that are constantly on the move and frequently make presentations at customer sites can benefit from this ultra-mobile projector, offering a winning combination of ultra-dim lightweight design, exceptional image quality and advanced functionality. With traditional wired and built-in wireless connectivity, time-saving set-up plus a range of advanced features, it's ideal for polished presentations.

Exceptional image quality
Enjoy superb image quality, impressive natural colours with an equally high white and colour light output of 3,000 lumens thanks to Epson's 3LCD technology. True Colour technology delivers a faithful reproduction of colours so they are meant to be and, with a 10,000:1 contrast ratio, projected images are crisp and clear.

Easy set-up
Automatic vertical and horizontal keystone correction makes it easy to set up the projector almost anywhere. The short throw also projects a large image from a shorter distance so that all meeting participants can be seated behind the projector as the front exhaust directs heat away from them. Auto Power On turns the projector on when it detects signal input, and NFC makes it easy to connect to mobile devices using the built-in Wi-Fi connectivity.

Smarter presentations
Users can view two data sources side by side with split screen, and MP4 can show high quality video and audio content from mobile devices while charging them at the same time.

DATASHEET

KEY FEATURES

- **Exceptional image quality**
Enjoy high white and colour light output of 3,000 lumens
- **Horizontal and Vertical Keystone correction**
Slides and images can be aligned and distortion corrected
- **Lightweight & ultra-slim form factor**
The size and shape of a suitcase
- **Free Projection app**
Stream content from a smartphone or tablet
- **Split screen capability**
Display images from two different sources simultaneously

Ultra mobile, HD-ready projector for on-the-go business users, combining intelligent features, superb image quality, easy set-up and true portability.

Staff that are constantly on the move and frequently make presentations at customer sites can benefit from this ultra mobile projector, offering a viewing combination of ultra lightweight design, excellent image quality and advanced functionality. With traditional wired and built-in wireless connectivity, true viewing set-up plus a range of advanced features, it's ready for portable presentations.

Exceptional image quality
Epson superb image quality, impressive natural colours with an equally high white brightness light output of 3000 Lumens thanks to Dynamic LCD technology. True Colour technology delivers a faithful reproduction of colours so they are meant to be and, with a 1000:1 contrast ratio, projected images are crisp and clear.

Easy set-up
Automatic vertical and horizontal keystone correction makes it easy to set up the projector almost anywhere. The Auto Focus auto projects a single image from a shorter distance to fit all viewing participants so the screen content fits the projector at the front without distracting away from them. Thanks to its Auto Power On feature, the projector turns on when it detects signal input.

Smarter presentations
Users can view two data sources side-by-side with split screen, and MHL can show high-quality video and audio content from mobile devices while charging them at the same time.

KEY FEATURES

- **Exceptional image quality**
Epson's 3LCD system delivers light output of 3000 Lumens
- **Horizontal and Vertical Keystone correction**
Distorts and images can be aligned and distortion corrected
- **Lightweight & ultra-slim form factor**
Only 1.6kg and 160mm in height
- **Free Projection app**
Epson's newly launched Free Projection app allows you to control the projector from a smartphone or tablet
- **Split screen capability**
Display images from two different sources simultaneously

Ultramobiler HD-Ready-Projektor mit intelligenten Funktionen, überragender Bildqualität und kinderleichter Einrichtung, der wegen seines geringen Gewichts ideal für Geschäftsreisende ist.

Gerade Mitarbeiter, die ständig unterwegs sind und häufig vorrangig beim Kunden halten können, die einen geringen Gewicht, der außergewöhnlichen Bildqualität und der professionellen Funktionen von diesem ultramobilen Projektor profitieren. Mit intelligenter und kinderleichter Einrichtung, einer flexiblen Installation und den vielen nützlichen Funktionen ist dieser Projektor der perfekte Präsentationsprojektor.

Überragende Bildqualität
Die 3LCD-Technologie sorgt für eine gleichzeitige hohe Weiß- und natürliche Farben. Dank der True Colour-Technologie werden die Farben originalgetreu wiedergegeben und die Kontrastverhältnisse von 1000:1 leicht gesteigert und schärfer.

Einfache Einrichtung
Die automatische vertikale und horizontale Keilkorrektur lässt den Projektor nahezu überall aufgestellt werden. Die Videokeilkorrektur projiziert große Bilder sogar bei kurzer Entfernung zum Bildschirm, ohne die Entfernung durch den Projektor Plan verschieben kann. Sobald die Bilder, die beim Projektionsanfang eintreffen, sind zudem noch weiter angepasst. Dank der Projektionsapp können auch die Präsentationsanforderungen von 1000:1 Kontrastverhältnis mit einem Display über den eingebauten MHL-Anschluss.

Überragende Präsentationsfunktionen
Mit der Split-Screen-Technologie können Desktop und Datenquellen gleichzeitig nebeneinander angezeigt und das MHL-Kabel kann sich zum Hochauflöser Video und Audio von Mobilgeräten anzeigen, sondern die entsprechende Quelle dabei auch noch aufrufen.

PROKONTAKTWAHLE

- **Überragende Bildqualität**
Epsons 3LCD-System liefert hell und farbtreue Bilder mit einer Lichtleistung von 3000 Lumen
- **Horizontale und vertikale Keilkorrektur**
Gerade Ausrichtung von Bild und Ton und Vermeidung von Verzerrungen
- **Leichtgewicht und ultra-slimmer Aufbau**
Nur 1,6 kg und 160 mm hoch
- **Free Projection App**
Kontrolle des Projektors vom Smartphone oder Tablet
- **Split-Screen-Funktion**
Zwei Datenquellen können gleichzeitig nebeneinander angezeigt werden

Uiterst mobiele, HD-ready projector voor mobiele zakelijke gebruikers die intelligente functies en een superieure beeldkwaliteit combineren met eenvoudige installatie en echte draagbaarheid.

Deze ultra mobiele projector is een oplossing voor personeel dat voortdurend onderweg is en vaak presentaties bij klanten moet geven. Het is een ideale oplossing voor iedereen die vaak onderweg is en vaak presentaties bij klanten moet geven. Het is een ideale oplossing voor iedereen die vaak onderweg is en vaak presentaties bij klanten moet geven.

Eenvoudige installatie
Automatische verticale en horizontale keilcorrectie maakt het gemakkelijk om de projector te plaatsen waar u wilt. Dankzij de videokeilcorrectie kunt u grote afbeeldingen projecteren op een scherm op korte afstand, zonder de afstand te veranderen. Dankzij de Projector Plan kunt u de afbeelding van het scherm naar het scherm verschuiven. Zodra de afbeelding op het scherm is, wordt deze nog verder aangepast. Dankzij de Projector Plan kunt u de afbeelding van het scherm naar het scherm verschuiven. Zodra de afbeelding op het scherm is, wordt deze nog verder aangepast.

Smarter presentatie
Gebruikers kunnen twee bronnen naast elkaar bekijken dankzij Split-Screen en met MHL kan beeld en audio van mobiele apparaten worden weergegeven op het mobiele apparaat, terwijl de afbeelding wordt weergegeven.

NIJLANDSE TALEN

- **Uitstekende beeldkwaliteit**
Epson's 3LCD-systeem levert helder en kleurrijk beeld met een lichtoutput van 3000 lumen
- **Horizontale en verticale keilcorrectie**
Echte afbeelding van beeld en geluid en voorkoming van vervorming
- **Lightweight en ultra compact ontwerp**
Alleen 1,6 kg zwaar
- **Free Projection-app**
Epson's nieuw ontwikkelde Free Projection-app stelt u in staat de projector te bedienen vanuit uw smartphone of tablet
- **Split-Screen-functie**
Twee gegevensbronnen kunnen tegelijkertijd worden weergegeven

FICHE TECHNIQUE

Projecteur HD-Ready ultra mobile pour les utilisateurs professionnels en déplacement, alliant une qualité d'image exceptionnelle, une installation simple et une véritable portabilité.

Les professionnels qui ont conscience en déplacement et surtout à l'extérieur de la nécessité de présenter sur les lieux de leur client peuvent être satisfaits de ce projeteur ultra mobile. L'alliance de caractéristiques innovantes, de la qualité d'image exceptionnelle et d'une connectivité sans précédent, à une installation simple au point de pouvoir l'apporter avec la valise transporteur technique, fait d'EB-1780W le projeteur idéal pour de multiples présentations.

Qualité d'image exceptionnelle
Grâce à la technologie 3LCD d'Epson, vous profitez d'une qualité d'image exceptionnelle et d'un contraste exceptionnellement élevé à une luminosité élevée et une portée de projection de 10,20 m. La technologie True Color+ offre une reproduction fidèle des couleurs dans toutes les gammes de fréquences, grâce à un taux de contraste de 10 000:1. Le mode projection sur écran plat vous permet d'obtenir une image parfaite.

Installation simple
La connectivité automatique et automatique simplifie l'installation du projecteur dans pratiquement n'importe quel environnement. Le télé-courrier local permet de projeter une image grand format à partir d'un ordinateur portable, d'un ordinateur personnel ou d'un serveur. Le mode projection sur écran plat vous permet d'obtenir une image parfaite. Le mode projection sur écran plat vous permet d'obtenir une image parfaite. Le mode projection sur écran plat vous permet d'obtenir une image parfaite.

DATENBLATT

Ultramobiler HD-Ready-Projektor mit intelligenten Funktionen, überragender Bildqualität und kinderleichter Einrichtung, der wegen seines geringen Gewichts ideal für Geschäftsreisende ist.

Gerade Mitarbeiter, die ständig unterwegs sind und häufig Kontakte zum Kunden halten, können den geringen Gewicht des ultramobilen Projektor profitieren. Die kompakte Bauweise und kindersichere Handhabung machen ihn zum idealen Begleiter bei Geschäftsreisen und den vielen anderen Funktionen ist dieser Projektor der perfekte Präsentationspartner.

Überragende Bildqualität
Die 3LCD-Technologie von Epson sorgt für eine gleichzeitige hohe Weiß- und Farbsättigung von 100% unter allen Umständen. Die hohe Kontrastleistung, die hohe Auflösung und die hohe Helligkeit sorgen für eine hervorragende Bildqualität und natürliche Farben. Dank der True Color-Technologie werden die Farben präzise wiedergegeben, und das Kontrastverhältnis von 1000:1 liefert gestrichelte und scharfe Bilder.

Einfache Einrichtung
Mit der automatisierten Verfahren zum horizontalen Trichtermodell kann der Projektor schnell und einfach aufgestellt werden. Das Ultramobilen-Projektions-System ist so konzipiert, dass die Einrichtung so einfach ist, dass das Problem der Einrichtung des Projektors nicht mehr ein Problem ist. Die einfache Handhabung und die hohe Flexibilität des Projektors machen ihn zum idealen Begleiter bei Geschäftsreisen und den vielen anderen Funktionen ist dieser Projektor der perfekte Präsentationspartner.

Überragende Portabilität
Mit der 3LCD-Technologie können Benutzer von Datenquellen gleichzeitig Informationen anzeigen und das Bild. So kann man sich bei hochwertigen Bildern und Audio mit den Modulen anzeigen, sondern die entsprechenden Geräte dabei auch noch nutzen.

DATENBLATT

Ultramobiler HD-Ready-Projektor mit intelligenten Funktionen, überragender Bildqualität und kinderleichter Einrichtung, der wegen seines geringen Gewichts ideal für Geschäftsreisende ist.

Gerade Mitarbeiter, die ständig unterwegs sind und häufig Kontakte zum Kunden halten, können den geringen Gewicht des ultramobilen Projektor profitieren. Die kompakte Bauweise und kindersichere Handhabung machen ihn zum idealen Begleiter bei Geschäftsreisen und den vielen anderen Funktionen ist dieser Projektor der perfekte Präsentationspartner.

Überragende Bildqualität
Die 3LCD-Technologie von Epson sorgt für eine gleichzeitige hohe Weiß- und Farbsättigung von 100% unter allen Umständen. Die hohe Kontrastleistung, die hohe Auflösung und die hohe Helligkeit sorgen für eine hervorragende Bildqualität und natürliche Farben. Dank der True Color-Technologie werden die Farben präzise wiedergegeben, und das Kontrastverhältnis von 1000:1 liefert gestrichelte und scharfe Bilder.

Einfache Einrichtung
Mit der automatisierten Verfahren zum horizontalen Trichtermodell kann der Projektor schnell und einfach aufgestellt werden. EB-1780W

Ultramobiler HD-Ready-Projektor mit intelligenten Funktionen, überragender Bildqualität und kinderleichter Einrichtung, der wegen seines geringen Gewichtes ideal für Geschäftsreisende ist.

Gerade Mitarbeiter, die ständig unterwegs sind und häufig Vorträge beim Kunden halten, haben das schwer gezeigte Problem, die notwendige Projektionsfläche und die notwendige Funktion von diesem praktischen Projektor zu finden. Mit der Möglichkeit einer kabellosen Fernsteuerung, einer flexiblen Einrichtung und der vielen weiteren Funktionen ist dieser Projektor der perfekte Präsentationspartner.

Überragende Bildqualität

Die DLP-Technologie von Epson sorgt für eine gleichzeitigen hohen Weiß- und Rotstich. Dank der True Color-Technologie werden die Farben originalgetreu wiedergegeben und das Auflösungsvermögen von 1280 x 800 ist gestiegen und sehr hoch.

Einsteiger-Einrichtung

Mit der automatisierten Arbeit und dem intelligenten Projektionskopf kann der Projektor nahezu überall aufgestellt werden. Das Ultramobilitätskonzept bringt große Vorteile: Das Projektionsgerät ist so leicht, dass es in der Hand gehalten werden kann. Die Projektionsfläche ist so groß, dass sie in der Hand gehalten werden kann. Die Projektionsfläche ist so groß, dass sie in der Hand gehalten werden kann.

Überragende Präsentationsfunktionen

Mit der DLP-Technologie können Bilder und Daten schneller und besser dargestellt werden. Die DLP-Technologie ermöglicht es, die Bilder schneller und besser darzustellen. Die DLP-Technologie ermöglicht es, die Bilder schneller und besser darzustellen.

SCHEDA TECNICA

CARATTERISTICHE PRINCIPALI

- **Eccellente qualità delle immagini**
Elevata resa luminosa dei colori pari a quella del bianco (3.000 lumen)
- **Correzione trapezoidale orizzontale e verticale**
Immagini di forma sempre regolare
- **Leggero e ultra-sottile**
Risponde nella borsa di un computer portatile
- **App Projection gratuita**
Proiezione dei contenuti in modalità wireless da smartphone o tablet
- **Modalità Split Screen**
Visualizza le immagini da due sorgenti diverse

- **Correzione trapezoidale orizzontale e verticale**
Immagini di forma sempre regolare
- **Leggero e ultra-sotile**
Ripone nella borsa di un computer portatile
- **App Projection gratuita**
Proiezione dei contenuti in modalità wireless da smartphone o tablet
- **Modalità Split Screen**
Visualizza le immagini da due sorgenti diverse

Eccellente qualità delle immagini

Eccellente qualità delle immagini
Proietta immagini di eccezionale qualità, con colori naturali e intensi e una resa luminosa dei colori pari a quella del bianco di 3.000 lumen grazie alla tecnologia 3LCD di Epson, che offre colori realistici e proiezioni nitide e definite grazie al rapporto di contrasto di 10.000:1.

10.000:1.
Installazione serigrafica

Installazione semplice
La consolle trapezoidale orizzontale e verticale automatica consente di installare con facilità il videoproiettore praticamente ovunque. L'ottica corta permette di proiettare immagini di grandi dimensioni da distanza ravvicinata in modo che tutti i partecipanti possono stare seduti dietro il videoproiettore mentre la verticale frontale riduce il calore. L'accensione automatica attiva il videoproiettore quando rileva un segnale in entrata.

Presentazioni p...
Cil...

Presentazioni più intelligenti
Gli utenti possono visualizzare due sorgenti affiancate in modalità Split Screen e M-H, per visualizzare contenuti audio e video di alta qualità da dispositivi mobili anche durante la riunione.
