Quorum International 7525-9008

Quorum 7525-9008 Ceiling Fan User Manual

Model: 7525-9008 | Brand: Quorum International

INTRODUCTION

This user manual provides detailed instructions for the installation, operation, and maintenance of your Quorum 7525-9008 Ceiling Fan. Please read this manual thoroughly before beginning installation to ensure safe and proper use of the product. Keep this manual for future reference.

Figure 1: The Quorum 7525-9008 ceiling fan, featuring five studio white blades and a central light fixture with a satin opal finish. The fan is designed for a protruding mount and has a clean, transitional style.

SAFETY INFORMATION

WARNING: To reduce the risk of fire, electric shock, or personal injury, always follow these basic precautions:

- Read all instructions before installing the fan.
- Installation must be performed by a qualified electrician in accordance with all local and national electrical codes.
- Ensure the installation site is suitable for the fan's weight and size.
- Disconnect power at the main circuit breaker before installation or servicing.
- This fan is rated for **Dry** locations only. Do not install in damp or wet environments.
- Do not operate the fan with damaged blades or housing.

PACKAGE CONTENTS

Verify that all components listed below are present and undamaged before beginning installation:

- Ceiling Fan Motor Assembly
- Five (5) Studio White Blades
- Blade Brackets/ Holders
- Light Kit Assembly with Satin Opal Glass
- Mounting Bracket
- Downrod (for protruding mount)
- Remote Control and Receiver
- Hardware Pack (screws, washers, wire nuts)
- User Manual (this document)

SETUP AND INSTALLATION

Note: Professional installation is recommended. Ensure power is OFF at the circuit breaker before proceeding.

1. **Prepare the Mounting Location:** Ensure the electrical box is securely fastened to the building structure and can support the fan's weight (20 lbs).
2. **Install the Mounting Bracket:** Attach the mounting bracket to the electrical box using the provided screws and washers.
3. **Assemble the Downrod:** Feed the electrical wires from the motor assembly through the downrod. Secure the downrod to the motor assembly.
4. **Hang the Fan:** Carefully lift the fan assembly and hang it on the mounting bracket.
5. **Wire the Fan:** Connect the fan's electrical wires to the house wiring according to the wiring diagram provided in the separate wiring instructions (typically included with the remote receiver). Ensure all connections are secure and insulated.
6. **Install the Canopy:** Slide the canopy up to the ceiling and secure it to the mounting bracket, covering the wiring.
7. **Attach the Blades:** Secure each of the five blades to their respective blade holders, then attach the blade holders to the motor housing.
8. **Install the Light Kit:** Connect the light kit wiring to the fan motor assembly and secure the light kit to the bottom of the fan. Install the satin opal glass shade.
9. **Install Light Bulbs:** Insert appropriate light bulbs (not included) into the light kit sockets.

OPERATING INSTRUCTIONS

The Quorum 7525-9008 ceiling fan is controlled via a remote control.

- **Power On/Off:** Press the power button on the remote to turn the fan and light on or off.
- **Fan Speed Control:** Use the fan speed buttons (typically indicated by fan blade icons or numbers) to adjust the fan speed (e.g., Low, Medium, High).
- **Light Control:** Use the light button to turn the light on or off. Some remotes may have dimming functions; refer to your specific remote's instructions.
- **Reverse Function:** Most ceiling fans have a reverse switch (often located on the fan motor housing) to change the direction of airflow for summer (downward airflow) or winter (upward airflow). Ensure the fan is off before changing the direction.

MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your ceiling fan.

- **Cleaning:** Dust the fan blades and motor housing regularly with a soft, lint-free cloth. Do not use abrasive cleaners or solvents.
- **Blade Balance:** If the fan wobbles, check that all blade screws are tight. A balancing kit (often sold separately) can be used to correct persistent wobbling.
- **Light Kit:** Ensure the light bulbs are securely tightened. Replace bulbs as needed with the correct wattage and type.
- **Annual Check:** Annually, check all screws and connections for tightness.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Loose wire connections; Remote control battery dead.	Check circuit breaker; Verify all wire connections are secure; Replace remote control battery.
Fan wobbles	Loose blade screws; Unbalanced blades; Loose mounting bracket.	Tighten all blade screws; Use a blade balancing kit; Ensure mounting bracket is securely fastened.
Light does not work	Loose bulb; Faulty bulb; Loose wire connection in light kit.	Tighten or replace bulb; Check light kit wiring connections.

SPECIFICATIONS

Brand: Quorum International

Model Name: Transitional One Light Wall Mount (*Note: Product description refers to it as a ceiling fan, model name might be generic.*)

Part Number: 7525-9008

Color: Studio White

Electric Fan Design: Ceiling Fan

Number of Blades: 5

Blade Material: Plastic

Light Type: Integrated Ceiling Fan Light

Light Finish: Satin Opal

Wattage: 59.00 Watts (for fan motor, light wattage as per title)

Voltage: 120 Volts

Control Method: Remote

Item Weight: 20 Pounds

Product Dimensions: 12 x 6 x 16.58 inches (L x W x H)

Safety Rating: Dry Location

First Available: January 31, 2017

UPC: 190808086327
