

## Tupperware TP-675-T126

# Tupperware TP-675-T126 Spice It Container User Manual

## INTRODUCTION

---

This manual provides instructions for the proper use and care of your Tupperware TP-675-T126 Spice It Container. Designed for efficient and airtight storage of spices, this container helps keep your ingredients fresh and organized. Please read these instructions carefully before first use.

## SETUP

---

1. **Unpacking:** Carefully remove all components from the packaging. Ensure you have the main container, the lid, seven individual spice bowls, and one small serving spoon.
2. **Initial Cleaning:** Before first use, wash all parts of the container (main container, lid, individual bowls, and spoon) with warm, soapy water. Rinse thoroughly and dry completely.
3. **Assembly:** Place the seven individual spice bowls inside the main container. They are designed to fit snugly within the circular base.

This image displays the disassembled components of the Tupperware Spice It container. On the right is the main red container with its matching red lid partially open. To the left, the seven individual red spice bowls are neatly stacked, illustrating their compact storage capability when not in use.

## OPERATING INSTRUCTIONS

---

1. **Filling Bowls:** Fill each of the seven individual bowls with your desired spices. Avoid overfilling to ensure the lid can close properly.
2. **Using the Spoon:** The included small spoon is designed for easy scooping and measuring of spices from the individual bowls.
3. **Sealing the Container:** Place the lid securely onto the main container. Press down firmly around the edges to create an airtight seal. This seal helps to maintain the freshness and aroma of your spices.
4. **Microwave Use:** The container and its components are microwave safe. When microwaving, ensure the lid is not fully sealed to allow steam to escape.

This image shows the Tupperware Spice It container from a top-down perspective, revealing the main red container, seven removable individual red spice bowls, and a small red serving spoon. The bowls are arranged neatly within the container, ready for various spices.

A top-down view of the Tupperware Spice It container with its lid completely removed and placed next to the main body. Inside the main container, seven individual red spice bowls are visible, along with a small red serving spoon, demonstrating the full capacity and arrangement of the spice storage system.

## MAINTENANCE AND CARE

---

- **Cleaning:** The Tupperware Spice It Container is dishwasher safe. For best results, place on the top rack of your dishwasher. Alternatively, hand wash with warm, soapy water and a soft sponge.
- **Drying:** Ensure all parts are completely dry before reassembling and storing spices to prevent moisture buildup.
- **Storage:** Store the container in a cool, dry place away from direct sunlight.
- **Avoid Abrasives:** Do not use abrasive cleaners or scouring pads, as these can scratch the plastic surface.

## TROUBLESHOOTING

---

- **Lid Not Sealing Properly:** Ensure the rim of the main container and the lid are clean and free from any spice residue. Press firmly around the entire edge of the lid to create a complete seal.
- **Spices Sticking to Lid:** Some finely ground or leafy spices may exhibit static cling to the underside of the lid. A thorough washing of the lid can help reduce this issue. Ensure spices are completely dry before storage.
- **Stains or Odors:** For stubborn stains or lingering odors, create a paste with baking soda and water, apply it to the affected area, let it sit for a few hours, then wash and rinse thoroughly.

## SPECIFICATIONS

This image provides a side view of the closed Tupperware Spice It container, highlighting its approximate dimensions. The container measures approximately 11 inches in width and 4 inches in height, offering a clear understanding of its physical size.
