ZINUS Paige Compack Adjustable Bed Frame User Manual

Model: AZ-HDBF-7U1

PRODUCT OVERVIEW

The ZINUS Paige Compack Adjustable Bed Frame is engineered for optimal strength and support, designed for use with a box spring and mattress set. This frame features a tool-free assembly and a recessed-leg design for enhanced safety.

Image: An adjustable black metal bed frame, illustrating its adaptability for Full (F), Queen (Q), and King (K) size box springs and mattresses. The frame features multiple support legs and a central bar.

SAFETY INFORMATION

Be cautious around the bed frame to avoid toe injuries. Do not exceed the maximum weight capacity of 500 pounds.

SETUP AND ASSEMBLY

The ZINUS Paige Compack Bed Frame is designed for quick and easy assembly without the need for additional tools.

Image: A graphic illustrating the key benefits of the ZINUS bed frame: "Smartly Packed" (box icon), "No Tools Needed" (wrench and screwdriver icon), and "Quick Assembly" (stopwatch icon).

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all included components are present: frame sections, legs, and the installation manual.

2. **Unfold Frame Sections:** The frame comes in compact sections. Unfold them according to the instructions provided in the included manual.
3. **Connect Frame Sections:** Align the frame sections and connect them. The design allows for tool-free connection. Ensure all connections are secure.

Animation: A short animation demonstrating the simple, tool-free connection mechanism of the bed frame sections.

4. **Attach Legs:** The support legs are integrated or easily attachable. Ensure all 9 support legs are properly extended and locked into place for stability.

Animation: A short animation illustrating the adjustment and locking of a bed frame leg.

5. **Adjust for Size:** The frame is adjustable to fit Full, Queen, or King size box springs. Adjust the frame to the desired size by extending or retracting the adjustable sections. Refer to the markings (F, Q, K) on the frame for correct alignment.
6. **Place Box Spring and Mattress:** Once the frame is fully assembled and adjusted, place your box spring on top, followed by your mattress.

OPERATING INSTRUCTIONS

The ZINUS Paige Compact Bed Frame is a static support structure for your box spring and mattress. Once assembled and positioned, no further operational steps are typically required.

- **Weight Distribution:** Ensure weight is evenly distributed across the bed frame. The maximum recommended weight capacity is 500 pounds.
- **Recessed Legs:** The recessed-leg design helps prevent accidental toe stubbing. Be mindful of the frame's perimeter when moving around the bed.

MAINTENANCE

Proper maintenance ensures the longevity and continued stability of your bed frame.

- **Cleaning:** Wipe the frame with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners that could damage the finish.
- **Regular Inspection:** Periodically check all connections and legs to ensure they remain tight and secure. While the frame is designed for tool-free assembly, occasional checks can prevent loosening over time.
- **Weight Capacity:** Adhere to the maximum weight recommendation of 500 pounds to prevent structural damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Frame feels unstable or wobbly.	Legs not fully extended or locked; connections not secure.	Ensure all 9 legs are fully extended and firmly on the ground. Check all frame connections to ensure they are securely fastened.
Squeaking noises.	Loose connections or friction between metal parts.	Inspect all connection points and tighten if necessary. Applying a small amount of lubricant (e.g., silicone spray) to friction points may help.
Frame does not fit mattress size.	Incorrect adjustment for Full, Queen, or King size.	Re-adjust the frame to the correct size (Full, Queen, or King) by extending or retracting the adjustable sections. Refer to the size markings on the frame.

SPECIFICATIONS

- Model:** AZ-HDBF-7U1
- Brand:** ZINUS
- Size Compatibility:** Full, Queen, King (Adjustable)
- Product Dimensions:** 76"L x 72.5"W x 7"H
- Color:** Black
- Finish Type:** Painted
- Material:** Strong Steel Construction
- Weight Capacity:** 500 lbs
- Ground to Item Distance:** 6 Inches
- Assembly Required:** Yes (Tool-free)
- Included Components:** Foundation, Installation Manual, Legs
- Care Instructions:** Wipe with Dry Cloth

WARRANTY AND SUPPORT

The ZINUS Paige Compack Adjustable Bed Frame comes with a **5-year limited warranty**. This warranty covers manufacturing defects and ensures the product meets its quality standards under normal use.
