Regal 1105

Regal Kiss Bar Stool Model 1105 Instruction Manual

Your guide to setup, use, and care.

1. INTRODUCTION

Thank you for choosing the Regal Kiss Bar Stool, Model 1105. This manual provides important information regarding the proper handling, installation, maintenance, and safety precautions for your new bar stool. Please read this manual thoroughly before using the product and retain it for future reference.

2. PRODUCT OVERVIEW

The Regal Kiss Bar Stool Model 1105 is a durable and stylish seating option designed for home bar or counter use. It features a robust steel construction and a comfortable seat. This product is manufactured in the USA by Regal Seating Company.

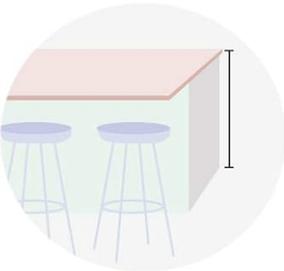

Key Features:

- Durable Steel Construction
- Commercial Grade Quality
- Made in USA
- No assembly required

HOW-TO

Choose the height of your kitchen or bar stool

Depending on the height of your counter, island or table, here's how to find the right stool.

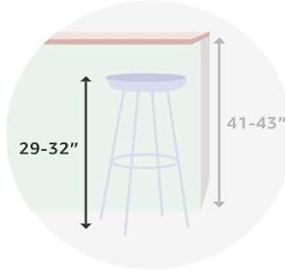

1

Measure the height of the counter, island or tabletop.

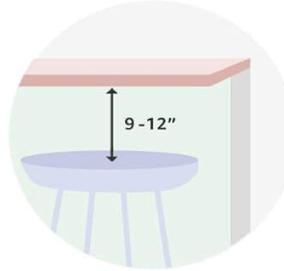

2

If the height is 35-37 inches, you need a counter stool that's between 23-27 inches high.

3

If the height is 41-43 inches, you need a bar stool that's between 29-32 inches high.

4

In general, you need at least 9-12 inches between the top of the stool and the bottom of the counter so you can sit comfortably.

This image displays the Regal Kiss Bar Stool, Model 1105, in its fully assembled state. It features a round black seat adorned

with the iconic KISS logo in red and yellow flames, supported by a durable chrome-finished steel frame with a circular footrest.

3. SETUP

The Regal Kiss Bar Stool Model 1105 arrives fully assembled. No additional setup or tools are required. Simply unbox the stool and place it in your desired location.

4. OPERATING INSTRUCTIONS

This bar stool is designed for seating at counters, bars, or high tables. Ensure the stool is placed on a flat, stable surface before use. The stool features a swivel mechanism for ease of movement.

Choosing the Right Stool Height:

To ensure comfortable seating, select a stool height appropriate for your counter or table. Refer to the guide below:

This diagram provides a guide for selecting the appropriate bar stool height. It shows four steps: 1. Measure the height of your counter, island, or tabletop. 2. If the counter height is 35-37 inches, you need a counter stool that is between 23-27 inches high. 3. If the counter height is 41-43 inches, you need a bar stool that is between 29-32 inches high. 4. In general, maintain a 9-12 inch gap between the top of the stool and the bottom of the counter for optimal comfort.

5. MAINTENANCE AND CARE

To maintain the appearance and longevity of your Regal Kiss Bar Stool, follow these simple care instructions:

- **Cleaning:** Wipe the stool surfaces with a damp cloth. For stubborn stains on the seat, use a mild soap solution and then wipe dry. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish.
- **Frame Care:** The alloy steel frame is durable. Periodically check all connections and tighten if necessary to ensure stability.
- **Placement:** Avoid prolonged exposure to direct sunlight or extreme temperatures, which can affect the material over time.

6. TROUBLESHOOTING

If you encounter any issues with your Regal Kiss Bar Stool, consider the following:

- **Instability:** Ensure the stool is placed on a level surface. Check if any floor glides are missing or damaged.
- **Squeaking:** A slight squeak from the swivel mechanism may occur over time. A small amount of silicone-based lubricant applied to the swivel plate can resolve this.
- **Damage:** If any part of the stool appears damaged, discontinue use and contact customer support for assistance.

7. SPECIFICATIONS

Model Number	1105
Product Dimensions	17"D x 17"W x 30"H
Color	Black
Brand	Regal

Frame Material	Alloy Steel
Item Weight	16 pounds
