GLAMCOR MONO Light User Manual

Model: 852900003076

INTRODUCTION

The GLAMCOR MONO Light is a powerful single-arm LED lamp designed to provide premium illumination for various professional activities, including lash, nail, and tattoo work. Featuring two dimming settings and a versatile table clamp, this light ensures optimal visibility for detailed tasks.

PACKAGE CONTENTS

Please verify that all items are present in your package:

- GLAMCOR MONO Light unit (single arm with LED panel)
- Table Clamp attachment
- Power Adapter

SETUP INSTRUCTIONS

1. **Attach the Table Clamp:** Securely attach the table clamp to the desired table or cart surface. Ensure the surface thickness is compatible with the clamp's opening.
2. **Insert the Light Unit:** Slide the base of the GLAMCOR MONO Light unit into the opening on the table clamp. Tighten the clamp's screw to firmly hold the light in place.
3. **Connect Power:** Plug the power adapter into the designated port on the light unit. Then, plug the power adapter into a standard electrical outlet.
4. **Position the Light:** Adjust the flexible arm of the light to direct the illumination precisely where needed for your work area.

OPERATING INSTRUCTIONS

The GLAMCOR MONO Light features simple operation with two brightness settings.

- **Power On/Off:** Locate the power button on the light unit. Press once to turn the light on. Press again to cycle through brightness settings or turn off.
- **Brightness Settings:** The light offers two brightness levels: 50% and 100%. Cycle between these settings by pressing the power button.
- **LED Technology:** The light utilizes 5600K Daylight LED technology, providing crisp, white illumination ideal for detailed work.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your GLAMCOR MONO Light.

- **Cleaning:** Disconnect the light from power before cleaning. Use a soft, dry cloth to wipe down the light unit and arm. For stubborn marks, a slightly damp cloth with mild soap can be used, ensuring no liquid enters the electrical components.
- **Storage:** When not in use, store the light in a clean, dry place away from extreme temperatures.
- **Bulb Recycling:** For information on recycling and proper disposal of LED lamps, please refer to local regulations and recycling guidelines.
- **Broken Lamps:** In case of a broken or damaged lamp, exercise caution. Avoid direct contact with broken glass or components. Consult local guidelines for safe cleanup and disposal procedures.

TROUBLESHOOTING

If you encounter issues with your GLAMCOR MONO Light, please refer to the following common solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power, loose connection, faulty adapter.	Ensure the power adapter is securely plugged into both the light unit and the wall outlet. Test the outlet with another device to confirm it has power. Check for any visible damage to the power cord or adapter.
Light flickers or dims unexpectedly.	Unstable power supply, loose connection, internal issue.	Ensure the power connection is stable. Try plugging into a different outlet. If the issue persists, contact customer support.
Clamp does not hold securely.	Clamp not tightened, incompatible surface.	Ensure the clamp screw is fully tightened. Verify the table or cart surface is within the clamp's compatible thickness range.

If you are unable to resolve the issue using these steps, please contact GLAMCOR customer support for further assistance.
