5. Operation

5.1 Music Box

To activate the music box, locate the winding key on the side or bottom of the assembled dollhouse. Gently turn the key clockwise until you feel slight resistance. Do not overwind. The music will play as the mechanism unwinds.

5.2 LED Lights

The LED lights require 3 LR1130 batteries (not included). Install the batteries into the designated battery compartment, ensuring correct polarity (+/-). Once batteries are installed, locate the small switch, typically on the back or bottom of the house, to turn the lights on or off.
