2. Important Safety Information

Please read and understand all instructions before using this product. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- **Indoor Use Only:** This night light is intended for indoor use in dry locations only. Do not use outdoors or in wet conditions.
- **Electrical Safety:** Plug directly into a standard 120V AC wall outlet. Do not use with extension cords or power strips.
- **Avoid Obstruction:** Ensure the night light is not covered by curtains, furniture, or other objects that could block ventilation or pose a fire hazard.
- **Not a Toy:** Keep out of reach of children. This product is not a toy.
- **Cleaning:** Unplug the night light before cleaning. Wipe with a dry, soft cloth. Do not use liquid cleaners or aerosols.
- **No User-Serviceable Parts:** Do not attempt to open or repair the unit. There are no user-serviceable parts inside.

3. Package Contents

Your package should contain the following item:

- 1 x Energizer Manual On/Off LED Night Light (Model: 37099)

4. Setup

Setting up your Energizer night light is quick and easy:

1. Unpack the night light from its packaging.
2. Locate a standard 120V AC wall outlet in your desired indoor location (e.g., bedroom, hallway, kitchen, bathroom, nursery, basement).
3. Plug the night light directly into the wall outlet. The compact design allows for the second outlet to remain free for use, depending on the orientation.

5. Operating Instructions

The Energizer Manual On/Off LED Night Light features a simple push-button control for operation.

1. **Turning On:** Once plugged into an active outlet, locate the circular push button on the front of the night light. Press the button firmly to turn the light on.
2. **Turning Off:** To turn the light off, press the same circular push button again.

This manual control allows you to conserve energy by only activating the light when it is needed, providing soft, illuminating light for your space.
