MAINTENANCE

- **Air Dry:** Allow the boxes to air dry completely before storing items or placing them back in drawers. Do not machine wash or tumble dry.

TROUBLESHOOTING

If you encounter any issues with your storage boxes, consider the following common solutions:

- **Boxes not holding shape:** Ensure the boxes are fully unfolded and the bottom is flat to provide stability. Overfilling can also cause distortion.
- **Unpleasant odor:** If a new box has a slight odor, air it out in a well-ventilated area for 24-48 hours before use.
- **Stains:** For stubborn stains, try a gentle fabric cleaner designed for polypropylene or similar materials, testing on an inconspicuous area first.
