Divoom Timebox-Mini

Divoom Timebox-Mini Smart Alarm Clock Instruction Manual

Model: Timebox-Mini | Brand: Divoom

INTRODUCTION

The Divoom Timebox-Mini is a versatile and compact smart alarm clock designed to enhance your daily routine with its app-programmable features. This device combines a vibrant pixel art display, a high-quality Bluetooth speaker, and various smart functions to offer a personalized and interactive experience. From improving sleep with integrated sleep-aid programs to displaying custom pixel art and social media notifications, the Timebox-Mini is engineered for both functionality and aesthetic appeal.

SETUP

1. Unboxing and Initial Inspection

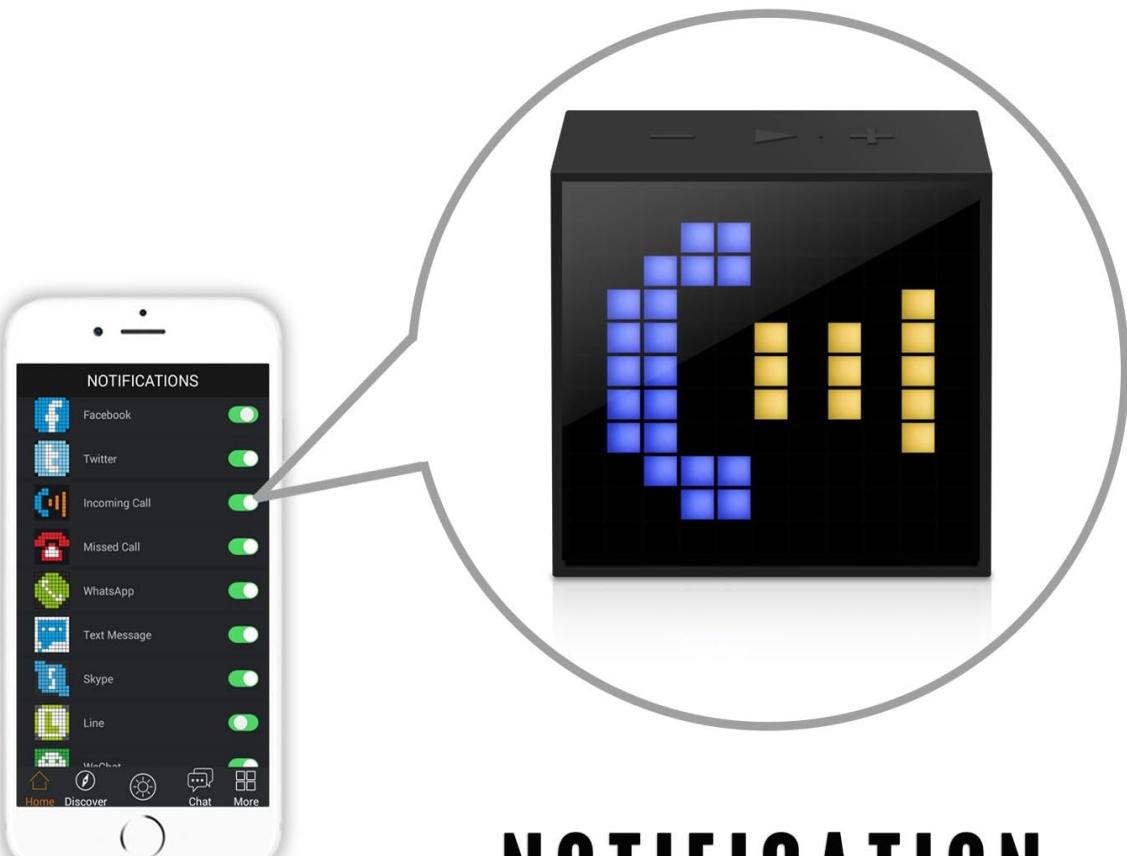

Carefully remove all components from the packaging. Ensure you have the Divoom Timebox-Mini unit, a USB-C charging cable, and the user manual. Inspect the device for any visible damage before proceeding.

Image: A hand holding the Divoom Timebox-Mini, highlighting its compact and portable design.

2. Powering On and Charging

- Connect the provided USB-C cable to the charging port on the back of the Timebox-Mini.
- Plug the other end of the USB-C cable into a compatible USB power adapter (not included) or a computer's USB port.
- The device will automatically power on or can be manually turned on by pressing the power button located on the side.
- Ensure the device is fully charged before first use for optimal battery performance.

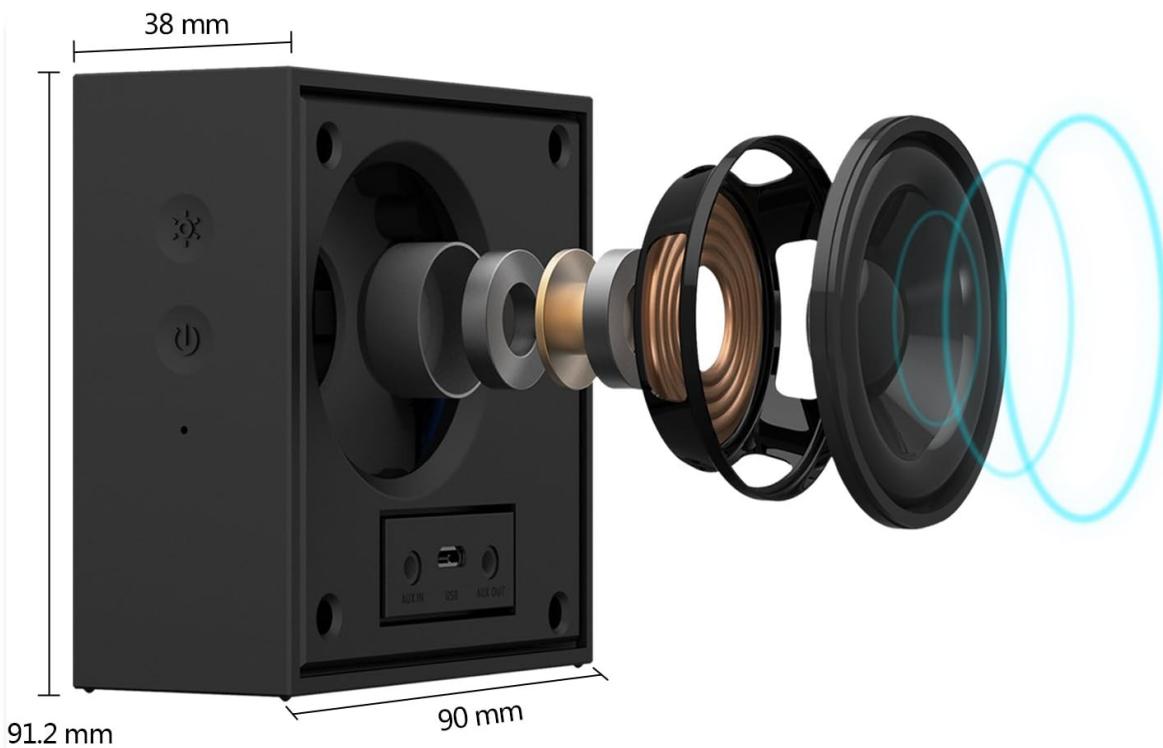

NOTIFICATION

Image: Rear view of the Divoom Timebox-Mini, displaying the USB-C charging port, AUX in/out ports, and the speaker grill. Dimensions are also indicated.

3. App Installation and Connection

- Download the "Divoom" app from your smartphone's app store (iOS App Store or Google Play Store).
- Enable Bluetooth on your smartphone.
- Open the Divoom app and follow the on-screen instructions to pair with your Timebox-Mini. The device will appear as "Timebox-Mini" in the app's device list.
- Once connected, the app will allow you to customize all features and settings of your Timebox-Mini.

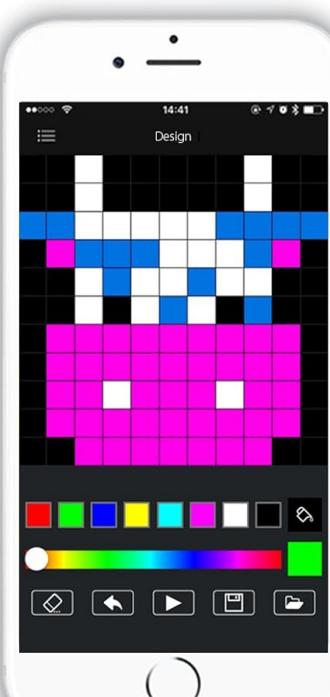

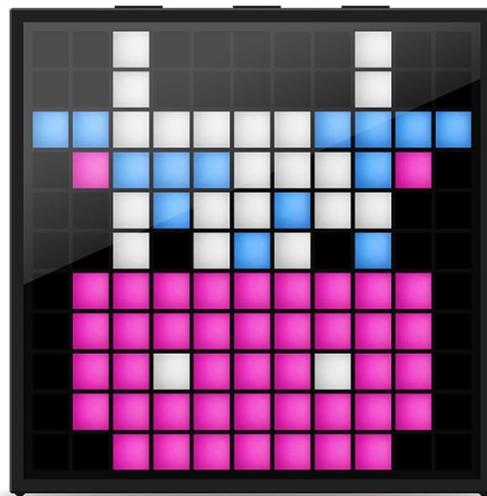

SUPERIOR SOUND QUALITY

OPERATING INSTRUCTIONS

1. Pixel Art Display and Customization

- Custom Pixel Art:** Use the "Design" feature in the Divoom app to create your own pixel art or animations. You can select colors and draw directly on the grid.
- Gallery:** Explore a vast online gallery of user-created pixel art and animations within the app. Download and display your favorites instantly.
- Text Display:** Type custom messages to display on the Timebox-Mini's screen.

PIXEL DESIGN & ANIMATIONS

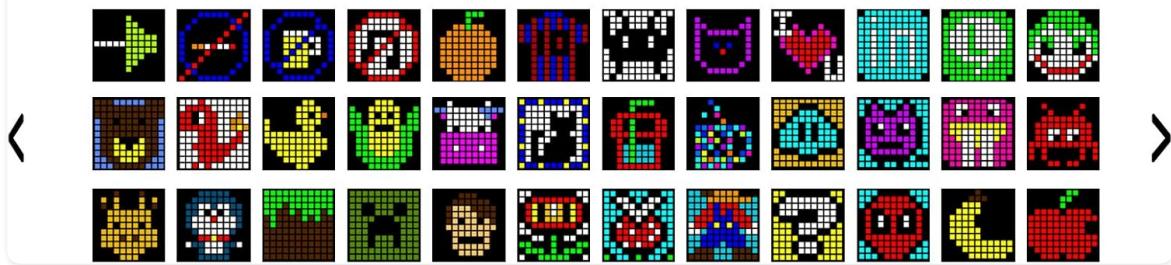

Image: The Divoom Timebox-Mini displaying a pixel art cow, alongside a smartphone showing the Divoom app's pixel design and animation interface.

2. Clock and Alarm Functions

- **Digital Clock:** The Timebox-Mini can display the current time in various pixel art styles.
- **Smart Alarm:** Set alarms through the app with customizable sounds and pixel animations.

3. Bluetooth Speaker

- Connect your smartphone or other Bluetooth-enabled device to the Timebox-Mini to play audio.
- Adjust volume using the physical buttons on the device or through your connected device.

4. Sleep-Aid Programs

- Access various sleep-aid programs in the Divoom app, featuring soothing sounds and ambient lighting effects to help you fall asleep and wake up refreshed.

5. Notifications and Smart Features

- **Social Media Notifications:** Configure the app to display notifications from popular social media platforms (e.g., Facebook, Twitter, Instagram) directly on the Timebox-Mini's screen.
- **Weather Display:** Show real-time weather information for your location.
- **Stock Tickers:** Track live stock or cryptocurrency data.
- **Game Stats:** Display live game statistics or Twitch follower counts.

Your browser does not support the video tag.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the display and exterior of the Timebox-Mini. Avoid using harsh chemicals or abrasive materials.
- **Battery Care:** To prolong battery life, avoid fully discharging the device frequently. Charge it regularly, especially if it will be stored for an extended period.
- **Software Updates:** Periodically check the Divoom app for firmware updates for your Timebox-Mini to ensure optimal performance and access to new features.

TROUBLESHOOTING

- **Device not connecting to app:**
 - Ensure Bluetooth is enabled on your smartphone and the Timebox-Mini is powered on.
 - Restart both the Timebox-Mini and your smartphone.
 - Try unpairing and re-pairing the device through the Divoom app.
- **Display not showing correctly:**
 - Check the app settings to ensure the correct display mode or pixel art is selected.
 - Adjust the brightness settings in the app.
- **Sound quality issues:**
 - Ensure the Timebox-Mini is within Bluetooth range of your audio source.
 - Adjust the volume on both the device and your audio source.
 - Check for any obstructions around the speaker grill.
