Mega Construx Pokémon Charizard Building Set

MODEL: DYR77

Introduction

Thank you for choosing the Mega Construx Pokémon Charizard building set. This manual provides essential information for assembling, operating, and maintaining your new construction toy. Please read these instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience. This set is designed for builders aged 8 and up.

Safety Information

- **Choking Hazard:** This product contains small parts and is not suitable for children under 3 years of age. Adult supervision is recommended during assembly for younger children within the recommended age range.
- Keep all packaging materials away from children and dispose of them properly.
- Do not put pieces in mouth.

Package Contents

Your Mega Construx Pokémon Charizard building set package should contain the following items:

- Building blocks for Charizard figure (approximately 198 pieces)
- Building blocks for display stand
- Buildable Great Ball accessory
- Instruction booklet for assembly

Please verify all components are present before beginning assembly. If any pieces are missing, refer to the 'Troubleshooting' section for assistance.

Setup and Assembly

The Mega Construx Pokémon Charizard set requires assembly using the included building blocks. Follow the step-by-step instructions provided in the dedicated instruction booklet found within your package.

1. **Unpack Components:** Carefully open the package and lay out all building blocks and the instruction booklet on a clean, flat surface.
2. **Follow Instruction Booklet:** Refer to the detailed, illustrated instruction booklet for precise assembly steps. Each step will guide you through connecting the various pieces to form the Charizard figure, its display stand, and the Great Ball.
3. **Assemble Charizard:** Construct the Charizard figure, paying attention to the articulated joints for the arms, legs, head, and tail. The transparent tail flame piece should be attached as indicated.
4. **Assemble Display Stand:** Build the environment-themed display stand. This stand is designed to support Charizard in various poses, including a flight pose.
5. **Attach Great Ball:** Assemble the small Great Ball accessory.

Once assembled, the Charizard figure stands approximately 4.5 inches tall and features poseable parts for dynamic display.

Operating (Posing and Display)

Your Mega Construx Charizard figure is designed for dynamic posing and display.

- **Articulation:** The figure features articulated arms, legs, head, and tail. Gently adjust these parts to create various poses. Avoid excessive force to prevent damage to the joints.
- **Display Stand:** Use the included buildable environment as a display stand. Charizard can be posed upright or mounted on the stand to simulate flight.
- **Flight Pose:** To achieve a flight pose, attach Charizard to the clear support rod on the display stand, ensuring it is stable. Adjust the wings and limbs for a realistic aerial stance.

Maintenance

Proper care will help maintain the condition of your Mega Construx Charizard figure.

- **Cleaning:** To clean the figure, gently wipe it with a soft, slightly damp cloth. Do not use harsh chemicals, abrasive cleaners, or immerse the figure in water, as this may damage the plastic or printed details.
- **Storage:** Store the figure and any unattached pieces in a cool, dry place away from direct sunlight and extreme temperatures. Keeping the pieces together in a container can prevent loss.
- **Handling:** Handle the figure with care, especially when posing articulated parts, to avoid accidental detachment or breakage.

Troubleshooting

If you encounter any issues with your Mega Construx Charizard building set, please refer to the following common solutions:

- **Missing Pieces:** If you find that pieces are missing from your set, please contact Mega Brands customer support. Provide details of the missing parts, typically found in the back of the instruction booklet.
- **Loose Joints/Parts:** If an articulated part becomes loose or detaches, carefully re-attach it by aligning the connection points and applying gentle, even pressure. Ensure the pieces are fully seated.
- **Difficulty Assembling:** Double-check the instruction booklet to ensure all steps are followed correctly. Sometimes, a small piece may be overlooked or incorrectly oriented.
