1. INTRODUCTION

Thank you for choosing the SONGMICS JBC138 6-Level Jewelry Box. This elegant and functional jewelry organizer is designed to keep your precious items, such as rings, earrings, necklaces, bracelets, watches, and sunglasses, neatly stored and easily accessible. Please read this manual carefully to ensure proper setup, operation, and maintenance of your new jewelry box.

2. SETUP

Your SONGMICS JBC138 jewelry box comes pre-assembled. Follow these steps for initial setup:

1. **Unpacking:** Carefully remove the jewelry box from its packaging. Inspect for any signs of damage during transit.
2. **Placement:** Choose a stable, flat surface for placement, such as a dresser, vanity, or desk. Ensure the area is dry and away from direct sunlight or extreme temperatures to preserve the materials.
3. **Airing Out:** Upon initial unboxing, it is recommended to open all drawers and the top lid to allow the product to air out for a few days. This helps dissipate any manufacturing odors.
4. **Mirror Protection:** Remove any protective film from the internal mirror before use.

3. OPERATING INSTRUCTIONS

The JBC138 jewelry box features multiple levels and specialized compartments for efficient organization.

3.1. Top Compartment and Mirror

Lift the top lid to access the integrated mirror and the uppermost storage section. This section typically includes smaller dividers suitable for rings, stud earrings, and small pendants.

Image 3.1: The top compartment with various jewelry items neatly arranged.

3.2. Drawers

The jewelry box includes six pull-out drawers, each designed for different types of jewelry. The drawers are equipped with stoppers to prevent them from falling out completely when opened quickly.

- **Variety of Compartments:** Drawers feature various layouts, including open spaces for larger items like bracelets and necklaces, padded slots for rings, and cushioned sections for watches.
- **Interchangeable Drawers:** Most drawers are interchangeable, allowing you to customize the order

based on your preference, except for the bottom drawer which is typically deeper and fixed.

- **Accessing Items:** Gently pull the metal handles to open each drawer. Place or retrieve your jewelry carefully to avoid tangling or damage.

3.3. Specific Compartment Usage

- **Rings:** Use the padded ring rolls to secure rings of various sizes. Note that very tall or wide rings might not fit perfectly in all slots.
- **Earrings:** Smaller compartments or the top section are ideal for stud and dangle earrings.
- **Necklaces & Bracelets:** Utilize the open compartments or those with fewer dividers for longer necklaces and bracelets to prevent tangling.

- **Watches:** Cushioned watch pillows are provided in specific drawers to protect and display watches.
- **Sunglasses:** Some wider compartments are suitable for storing sunglasses.

4. MAINTENANCE

Proper care will extend the life and appearance of your jewelry box.

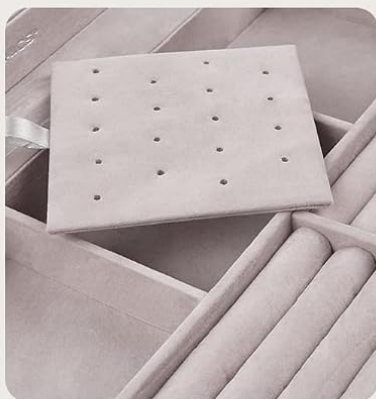

- **Cleaning the Exterior (PU):** Wipe the external PU surface with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the material.
- **Cleaning the Interior (Velvet):** Use a soft brush or a lint roller to remove dust and debris from the velvet lining. For minor stains, gently dab with a slightly damp cloth and allow to air dry completely. Do not rub

vigorously.

- **Mirror Care:** Clean the mirror with a standard glass cleaner and a soft, lint-free cloth.
- **Avoid Overloading:** Do not overload drawers or compartments, as this can cause damage to the jewelry box structure or your jewelry.
- **Protection:** Keep the jewelry box closed when not in use to protect contents from dust and moisture.

5. TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Odor upon arrival:** If a strong odor is present, open all drawers and the lid, and allow the jewelry box to air out in a well-ventilated area for several days.
- **Drawers sticking or not sliding smoothly:** Ensure the drawers are correctly aligned within their slots. Check for any obstructions or debris. Avoid forcing drawers.
- **Minor surface imperfections:** Small indentations or striations may occur during manufacturing or shipping. These are typically cosmetic and do not affect functionality.
- **Jewelry tangling:** Utilize the designated compartments for each jewelry type. For necklaces, consider using individual pouches or securing them with pins within larger compartments if they tend to tangle.

6. SPECIFICATIONS

Feature	Detail
Model Number	JBC138
Color	White + Grey
Brand	SONGMICS
Materials	PU (external), MDF (frame), Velvet (lining)
Style	6 Levels
Special Feature	Internal Mirror
Product Dimensions (D x W x H)	21.5 cm x 30.5 cm x 31.5 cm
Shape	Rectangular
