Artnaturals Essential Oil Diffuser and Humidifier

Model: ANEA-0005

INTRODUCTION

The Artnaturals Essential Oil Diffuser and Humidifier (Model ANEA-0005) is an electric cool mist aromatherapy device designed to disperse essential oil essence and humidify the air. It utilizes silent ultrasonic vibrations to create a fine mist without heat, making it suitable for various environments. This device features an automatic shut-off function for safety and integrated 7-color LED lighting to enhance ambiance.

PRODUCT FEATURES

- **Ultrasonic Technology:** Employs silent, heat-free ultrasonic vibrations to produce a gentle, smoke-free mist.
- **Aromatherapy Diffusion:** Effectively distributes essential oil aromas throughout your chosen area.
- **Humidification:** Adds moisture to dry air, contributing to a more comfortable environment.
- **LED Lighting:** Features a 7-color LED light system, allowing selection of a single color or a rotating display.
- **Automatic Shut-off:** The unit automatically turns off when the water level is low, ensuring safety and energy efficiency.
- **Compact Design:** Sleek and sculptural design suitable for home or office use.

SETUP INSTRUCTIONS

1. **Unpack the Diffuser:** Carefully remove all components from the packaging. Ensure the diffuser unit, power adapter, and any accessories are present.
2. **Place the Diffuser:** Position the diffuser on a flat, stable surface away from direct sunlight, heat sources, and air conditioning vents. Ensure it is placed in an area where the mist will not damage furniture or electronics.
3. **Remove the Cover:** Gently lift the top cover of the diffuser to access the water tank.
4. **Add Water:** Using a measuring cup, fill the water tank with clean tap water up to the maximum fill line. Do not overfill.
5. **Add Essential Oil:** Add 3-5 drops of your preferred essential oil directly into the water tank. Adjust the quantity based on personal preference and room size.
6. **Replace the Cover:** Carefully place the top cover back onto the diffuser, ensuring it is securely seated.

7. **Connect Power:** Plug the power adapter into the DC input port at the base of the diffuser, then plug the adapter into a standard electrical outlet.

OPERATING INSTRUCTIONS

1. **Power On/Mist Control:** Press the 'Mist' button (usually located at the front or bottom of the unit) to turn on the diffuser and activate mist output. Subsequent presses may cycle through mist modes (e.g., continuous, intermittent) or turn off the mist. Refer to the specific button labels on your device.
2. **Light Control:** Press the 'Light' button to turn on the LED lights. The first press typically initiates a cycling color mode. Subsequent presses may allow you to select a specific color or adjust brightness (if applicable). Press and hold the 'Light' button to turn off the lights.
3. **Automatic Shut-off:** The diffuser is equipped with an automatic shut-off feature. When the water level in the tank becomes too low, the unit will automatically power off to prevent damage. Refill the water tank to resume operation.
4. **Turning Off:** To turn off the diffuser completely, press the 'Mist' button until the mist stops, and press the 'Light' button until the lights turn off. Alternatively, unplug the power adapter from the wall outlet.

HEALTH & HAPPINESS WITH AROMATHERAPY

AROMATHERAPY HAS BEEN WIDELY KNOWN TO HELP RELIEVE SKIN CONDITIONS AS WELL AS DISINFECT THE SURROUNDING AREA, WHILE BOOSTING YOUR IMMUNE SYSTEM. MAINTENANCE

Regular cleaning of your diffuser is essential to ensure optimal performance and longevity. It is recommended to clean the unit after every 3-5 uses or when changing essential oils.

1. **Disconnect Power:** Always unplug the diffuser from the power outlet before cleaning.
2. **Empty Water:** Remove the top cover and carefully pour out any remaining water from the drainage side of the tank (if indicated) to avoid water entering the air outlet.
3. **Wipe the Tank:** Use a soft cloth or sponge to wipe the inside of the water tank. For stubborn residue, a small amount of mild dish soap can be used, followed by thorough rinsing.
4. **Clean Ultrasonic Plate:** Gently wipe the ultrasonic vibration plate (the small ceramic disc at the bottom of the tank) with a cotton swab dipped in white vinegar. Do not scrub or use abrasive materials, as this can damage the plate.
5. **Dry Thoroughly:** Allow all parts to air dry completely before reassembling or storing the diffuser.
6. **External Cleaning:** Wipe the exterior of the diffuser with a soft, damp cloth.

Important: Do not immerse the diffuser base in water. Avoid getting water into the air outlet or electrical components.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist or low mist output	Insufficient water level Ultrasonic plate dirty Air outlet blocked	Add water to the tank up to the max line. Clean the ultrasonic plate as per maintenance instructions. Ensure the air outlet is clear of obstructions.
No power/Unit not turning on	Power adapter not connected properly No power from outlet	Ensure the power adapter is securely plugged into both the diffuser and the wall outlet. Test the outlet with another device to confirm it has power.
Unusual odor during operation	Residual essential oil or mineral buildup	Perform a thorough cleaning of the water tank and ultrasonic plate. Use fresh water.
Water leakage	Overfilling the water tank Cover not properly seated	Do not exceed the maximum fill line. Ensure the top cover is securely placed on the diffuser.
