ROTHENBERGER 1500000423 Gas Lamp Glass Instruction Manual

Model: 1500000423

1. PRODUCT OVERVIEW

This manual provides essential information for the installation, use, and maintenance of your ROTHENBERGER 1500000423 Gas Lamp Glass. This high-quality replacement glass is designed to fit various gas lamps, offering durability and a classic aesthetic.

Image of the ROTHENBERGER 1500000423 Gas Lamp Glass, showing its clear, cylindrical form.

- **Classic Design:** This gas lamp glass features a classic style, suitable for various environments, adding elegance.
- **High-Quality Glass:** Manufactured from high-quality glass, ensuring exceptional durability and resistance.
- **Independent Mounting:** The glass can be mounted independently, simplifying installation and offering flexibility in lamp placement.
- **Solid Pattern for Light Diffusion:** The solid design of the glass allows for greater transparency and diffuses light, creating a warm and inviting atmosphere.
- **Clear Lacquered Finish:** The clear lacquered finish provides a clean and modern appearance, highlighting its elegant round shape.

2. SAFETY INFORMATION

Please read and understand all safety instructions before handling or installing the gas lamp glass. Failure to follow these instructions may result in injury or damage.

- Always ensure the gas lamp is completely cool and disconnected from any fuel source before attempting to replace or install the glass.
- Handle glass with care to prevent breakage and cuts. Wear protective gloves if necessary.
- Keep out of reach of children.
- Inspect the glass for any cracks or damage before installation. Do not use damaged glass.
- Dispose of broken glass safely and responsibly.

3. PACKAGE CONTENTS

Verify that all items are present and undamaged upon opening the package.

- 1 x ROTHENBERGER 1500000423 Gas Lamp Glass

4. SETUP AND INSTALLATION

This section outlines the general steps for installing the ROTHENBERGER 1500000423 Gas Lamp Glass. Specific installation may vary slightly depending on your gas lamp model.

1. **Prepare the Lamp:** Ensure the gas lamp is turned off, completely cool, and disconnected from its fuel source.
2. **Remove Old Glass (if applicable):** Carefully remove any existing or broken glass from the lamp. Dispose of broken glass safely.
3. **Clean the Lamp Base:** Gently clean the area where the new glass will sit to ensure a secure and stable fit.
4. **Install New Glass:** Position the ROTHENBERGER 1500000423 Gas Lamp Glass onto the lamp base. The independent mounting design allows for straightforward placement. Ensure it sits securely and is stable.
5. **Verify Stability:** Gently test the stability of the installed glass to confirm it is properly seated and will not easily dislodge.

5. OPERATION

The gas lamp glass functions as a protective enclosure and light diffuser for your gas lamp.

- Once installed, the glass protects the flame from wind and external elements.
- Its solid pattern and clear finish are designed to diffuse the light emitted by the gas lamp, creating a warm and inviting ambiance.
- Ensure the glass is clean for optimal light transmission and diffusion.

6. MAINTENANCE

Proper maintenance will ensure the longevity and clarity of your gas lamp glass.

- **Cleaning:** To clean the glass, ensure the lamp is cool. Use a soft, damp cloth with mild soap and water. Avoid abrasive cleaners or materials that could scratch the surface.
- **Inspection:** Periodically inspect the glass for any signs of cracks, chips, or damage. Replace immediately if damage is found to prevent safety hazards.
- **Storage:** If storing the lamp, ensure the glass is protected from impacts that could cause breakage.

7. TROUBLESHOOTING

This section addresses common issues related to the gas lamp glass.

- **Glass is broken or cracked:** The glass is a consumable part. If it is broken or cracked, it must be replaced with a new ROTHENBERGER 1500000423 Gas Lamp Glass. Do not attempt to repair damaged glass.
- **Glass does not fit:** Ensure you have the correct model number (1500000423) for your gas lamp. Verify the dimensions of your lamp's glass housing.
