Logitech 910-004654

Logitech Spotlight Presentation Remote User Manual

Model: 910-004654

Introduction

The Logitech Spotlight Presentation Remote is an advanced tool designed to enhance your presentations. It allows for seamless slide navigation and interactive control of on-screen content from a distance of up to 100 feet. Key features include customizable digital highlighting, cursor control, and smart time management with vibration alerts. This manual provides instructions for setting up, operating, and maintaining your device.

Package Contents

- Logitech Spotlight Presentation Remote
- USB Receiver
- USB-C Charging Cable
- Carrying Case
- User Documentation

Setup

To begin using your Logitech Spotlight Presentation Remote, follow these steps:

1. **Charge the Remote:** Connect the remote to a power source using the provided USB-C charging cable. A quick 1-minute charge provides 3 hours of use, and a full charge lasts up to three months.
2. **Download Software:** For full functionality, including digital highlighting, magnification, and timer features, download the Logitech Presentation App from logitech.com/presentation.
3. **Connect to Your Computer:**
    - **USB Receiver:** Remove the USB receiver from the remote's base and plug it into an available USB port on your computer.
    - **Bluetooth:** Alternatively, connect via low-energy Bluetooth Smart. Ensure Bluetooth is enabled on your computer and pair the remote through your system's Bluetooth settings.

Operating Instructions

The Logitech Spotlight remote features an intuitive three-button interface for easy control during presentations.

Image: A detailed view of the remote's control buttons, including the highlight/magnify, forward, and backward buttons.

- **Highlight and Magnify:** Use the advanced pointer system to highlight or magnify specific areas on your screen in pixel-perfect detail. This feature is visible to both in-person audiences and during video conferences. Customize pointer modes via the Logitech Presentation App.
- **Cursor Control:** Interact with on-screen content by using the remote as a mouse. Play and pause videos, open links, and navigate rich media directly from the remote.
- **Slide Navigation:** Use the intuitive forward and backward buttons to move through your presentation slides.
- **Smart Time Management:** Set a custom timer within the Logitech Presentation App. The remote will vibrate discreetly to alert you five minutes before your presentation ends and again when your time is fully elapsed, helping you manage your speaking time effectively.

Maintenance

To ensure the longevity and optimal performance of your Logitech Spotlight Presentation Remote:

- Keep the device clean by wiping it with a soft, dry cloth.
- Avoid exposing the remote to extreme temperatures or moisture.
- Store the USB receiver securely in the remote's built-in dock when not in use.
- If the battery stops recharging effectively, the battery can be removed for proper disposal. Refer to the

included documentation for detailed instructions on end-of-life battery removal.

Troubleshooting

If you encounter issues with your Logitech Spotlight Presentation Remote, consider the following:

- **No Response:** Ensure the remote is charged and properly connected via USB receiver or Bluetooth. Check the battery level in the Logitech Presentation App.
- **Software Issues:** Verify that the Logitech Presentation App is installed and up to date. Restart the application or your computer if necessary.
- **Range Problems:** Ensure there are no obstructions between the remote and your computer. The maximum range is 30 meters (100 feet).
- **Interference:** Move away from other wireless devices that might cause interference.

Specifications
