

Grandeur 821092

Grandeur 821092 Arc Plate Dummy with Newport Lever Instruction Manual

INTRODUCTION

The Grandeur 821092 Arc Plate Dummy with Newport Lever is designed for doors that do not require a latch or lock, providing a decorative and functional pull for opening and closing. This manual provides instructions for installation, operation, and maintenance to ensure proper use and longevity of your product.

PRODUCT FEATURES

- **Solid Forged Brass Construction:** Ensures strength and durability for long-lasting performance.
- **Dummy Function:** Ideal for doors that require only push/pull operation, such as closet doors or French doors, as it does not include a latch or lock mechanism.
- **Pre-mounted Knobs and Levers:** Designed for straightforward and easy installation.
- **Hand Assembled in the USA:** Reflects quality craftsmanship.
- **Lifetime Mechanical Warranty:** Provides assurance of product reliability.

COMPONENTS INCLUDED

The package includes the following items:

- Non-functioning lever and chosen longplate for one side of door
- Dummy spindle
- Mounting screws

An illustration showing all included components would typically be placed here to aid in identification.

INSTALLATION INSTRUCTIONS

Tools Required:

- Screwdriver (Phillips head recommended)

Installation Steps:

- 1. Prepare the Door:** Ensure the door surface is clean and free of debris. This dummy lever does not require a bore hole for a latch mechanism, only mounting points for the plate.
- 2. Position the Arc Plate:** Place the arc plate with the Newport lever on the desired side of the door. Ensure it is level and at the correct height.
- 3. Insert Dummy Spindle:** Insert the dummy spindle through the door from the side where the lever will be mounted. The spindle provides a mounting point for the lever assembly.
- 4. Secure the Assembly:** Align the mounting holes on the arc plate with the dummy spindle and the door. Use the provided mounting screws to secure the plate firmly to the door. Do not overtighten to avoid damaging the door or the hardware.
- 5. Test Operation:** Gently pull and push the lever to ensure it is securely attached and functions as a non-latching pull.

An image demonstrating the positioning of the arc plate and the insertion of the dummy spindle would be beneficial here.

An image showing the final secured installation of the lever and plate would be placed here.

OPERATING INSTRUCTIONS

The Grandeur 821092 Arc Plate Dummy with Newport Lever is a non-functioning handle. It is designed solely for push and pull operation of a door. To operate, simply grasp the Newport lever and apply gentle force to open or close the door. No turning or locking mechanism is involved.

MAINTENANCE

To maintain the finish and functionality of your Grandeur dummy lever, follow these guidelines:

- Cleaning:** Clean the surface with a soft, damp cloth. Avoid abrasive cleaners, solvents, or polishes that may damage the Antique Pewter finish.
- Inspection:** Periodically check the mounting screws for tightness. If they become loose, gently tighten them with a screwdriver.
- Lubrication:** No lubrication is required for this non-mechanical dummy lever.

TROUBLESHOOTING

This dummy lever has minimal moving parts, reducing the likelihood of issues. If you encounter problems, consider the following:

- Lever is Loose:** If the lever feels loose, check the mounting screws. Tighten them if necessary, ensuring not to overtighten.
- Finish Damage:** Avoid harsh chemicals and abrasive materials. If the finish is scratched or damaged, contact Grandeur customer support for advice on repair or replacement options.

SPECIFICATIONS

Model Number	821092
Material	Solid Forged Brass
Finish	Antique Pewter
