

Wet Sounds STEALTH-6-ULTRA-HD

Wet Sounds Stealth-6 Ultra HD Soundbar Instruction Manual

Model: STEALTH-6-ULTRA-HD

1. INTRODUCTION

Thank you for choosing the Wet Sounds Stealth-6 Ultra HD Soundbar. This high-performance audio system is engineered for rugged outdoor environments, providing exceptional sound quality and durability. This manual provides essential information for the proper installation, operation, and maintenance of your soundbar.

2. SAFETY INFORMATION

Please read all safety instructions carefully before installation and operation. Failure to follow these guidelines may result in injury or damage to the product.

- **Electrical Safety:** Ensure all power connections are secure and properly insulated to prevent short circuits. Disconnect power before performing any maintenance or installation.
- **Mounting:** Securely mount the soundbar using appropriate hardware for your vehicle type. Improper mounting can lead to the unit detaching during operation, causing damage or injury.
- **Environmental Exposure:** While designed for outdoor use, avoid prolonged exposure to extreme conditions beyond the product's specifications.
- **Proposition 65 Warning:** This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

3. PACKAGE CONTENTS

Verify that all items are present in your package:

- Wet Sounds STEALTH-6-ULTRA-HD Soundbar
- RF Wireless Remote (for full control from steering wheel cradle)
- Complete Wiring Harness
- L Brackets
- Top Mount Brackets

4. SETUP AND INSTALLATION

4.1 Mounting the Soundbar

The Stealth-6 Ultra HD Soundbar features a unique Fast Track Mounting System, which includes a 5/16-inch track for sliding in a 5/16-inch bolt. This system allows for flexible installation on the top, bottom, or back of the soundbar. The included L-brackets offer multiple height adjustment locations for optimal positioning.

5. OPERATING INSTRUCTIONS

5.1 Integrated Controls

The soundbar features an integrated control panel for easy access to essential functions:

- **Power Button:** Turns the unit on or off.
- **Volume Up/Down:** Adjusts the audio output level.
- **Track Forward/Back:** Navigates through audio tracks.
- **Play/Pause:** Controls audio playback.
- **Source Selection:** Switches between input sources (e.g., Bluetooth, Auxiliary).

5.2 Bluetooth Connectivity

The Stealth-6 Ultra HD Soundbar includes built-in Bluetooth for wireless audio streaming. To pair your device:

1. Ensure the soundbar is powered on and in Bluetooth pairing mode.
2. On your mobile device, search for available Bluetooth devices.
3. Select 'Wet Sounds Stealth-6' (or similar) from the list to connect.

The soundbar also supports Bluetooth Link Technology, allowing you to pair multiple compatible Wet Sounds soundbars together for expanded audio coverage.

5.3 RF Wireless Remote

An RF wireless remote is included for convenient control of your soundbar. This remote can be mounted in a steering wheel cradle or kept in your pocket, offering control from a distance without needing direct line-of-sight.

5.4 RGB LED Accents and Downlight

Customize the look of your soundbar with integrated RGB LED accents. The unit also features a unique downlight, which functions as a map light, providing illumination for your immediate area when needed.

6. MAINTENANCE

To ensure the longevity and optimal performance of your Wet Sounds Stealth-6 Ultra HD Soundbar, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the exterior with a soft, damp cloth. Avoid abrasive cleaners or solvents that could damage the finish or grille.
- **Connections:** Periodically check all wiring connections for corrosion or looseness. Ensure they remain secure and watertight.
- **Environmental Protection:** While waterproof, it is recommended to cover the soundbar when not in use for extended periods, especially in harsh weather conditions, to protect against dust, sand, and prolonged UV exposure.

7. TROUBLESHOOTING

If you encounter issues with your soundbar, refer to the following common troubleshooting steps:

- **No Power:** Check the power connections to the battery. Ensure the power button on the soundbar or remote is pressed.
- **No Sound:** Verify that the volume is turned up on both the soundbar and your connected device. Check the audio source selection. Ensure Bluetooth is properly paired or auxiliary cable is securely connected.
- **Bluetooth Disconnection:** Ensure your device is within range of the soundbar. Try unpairing and re-pairing the Bluetooth connection.
- **Distorted Sound:** Reduce the volume on both the soundbar and your device. Check for any loose connections or damaged cables.

If problems persist after attempting these steps, please contact Wet Sounds customer support.

8. SPECIFICATIONS

Feature	Specification
Model Name	Wet Sounds STEALTH-6-ULTRA-HD-W

Speaker Type	Soundbar
Speaker Configuration	6 Speakers
Speaker Maximum Output Power	360 Watts
Material	Metal, Composite, Titanium
Color	White
Product Dimensions	26"D x 7"W x 7"H
Item Weight	14.4 Pounds
Is Waterproof	True
Connectivity Technology	Bluetooth, Radio Frequency (RF)
Control Method	Remote
Mounting Type	Bracket Mount
Surround Sound Channel Configuration	6.1
UPC	814820023305
