› Green2Print Toner Cartridge for Oki 45807102: Installation and Usage Guide

## Green2Print G2P12165

# Green2Print Toner Cartridge for Oki 45807102: Installation and Usage Guide

Model: G2P12165

## 1. INTRODUCTION

This manual provides essential instructions for the proper installation, operation, and maintenance of your Green2Print Black Toner Cartridge, equivalent to Oki 45807102. Green2Print remanufactured cartridges offer a reliable and environmentally conscious alternative for your printing needs. Please read this guide carefully before use to ensure optimal performance and longevity of your product.

## 2. PRODUCT OVERVIEW

The Green2Print toner cartridge is a remanufactured black toner unit designed to deliver sharp and consistent print quality. Each cartridge is carefully cleaned and refilled with high-quality toner powder, ensuring reliable performance.

Image 2.1: Green2Print Black Toner Cartridge and Packaging. This image displays the toner cartridge alongside its green and white box, which features wind turbines and a landscape, indicating its eco-friendly nature.

### 3. COMPATIBILITY

This Green2Print remanufactured black toner cartridge (Oki 45807102 equivalent) is compatible with the following Oki printer models:

- OKI B412
- OKI B432
- OKI B512
- OKI MB472
- OKI MB492
- OKI MB562

Ensure your printer model is listed above for proper functionality.

### 4. SAFETY INFORMATION

Observe the following safety precautions when handling toner cartridges:

- Keep toner cartridges out of reach of children.

- Do not ingest toner powder. If ingested, seek medical attention immediately.
- Avoid direct contact with toner powder. If contact occurs, wash thoroughly with soap and water.
- Do not incinerate toner cartridges, as this can cause toner dust to explode.
- Store cartridges in a cool, dry place away from direct sunlight and extreme temperatures.

## 5. SETUP AND INSTALLATION

Follow these steps to install the Green2Print toner cartridge into your compatible Oki printer:

1. **Unpack the Cartridge:** Carefully remove the new toner cartridge from its packaging.
2. **Gently Shake the Cartridge:** Hold the cartridge horizontally and gently rock it from side to side 5-6 times to distribute the toner evenly inside.
3. **Remove Protective Seals:** Locate and remove all protective tapes, seals, and plastic covers from the cartridge. This typically includes a blue protective cap and a sealing strip. Refer to the images below for common protective elements.

Image 5.1: Toner Cartridge with Blue Protective Cap. This image shows the toner cartridge with a blue protective cap on one end, which must be removed before installation.

Image 5.2: Toner Cartridge Electrical Contacts. This image highlights the electrical contacts on the toner cartridge, which must be clean and unobstructed for proper printer recognition.

4. **Open Printer Access Door:** Open the toner access door on your Oki printer. Consult your printer's manual for the exact location.
5. **Remove Old Cartridge (if applicable):** If replacing an empty cartridge, carefully remove it from the printer.
6. **Insert New Cartridge:** Align the new Green2Print toner cartridge with the corresponding slot in the printer. Gently push it in until it clicks securely into place. Do not force the cartridge.
7. **Close Printer Access Door:** Close the toner access door. The printer should automatically detect the new cartridge and prepare for printing.

## 6. OPERATING INSTRUCTIONS

Once the toner cartridge is installed, your printer is ready for operation. The printer's display may show a message indicating the toner level. Proceed with your printing tasks as usual. The high-quality microchips and

optimized toner powder ensure optimal print quality.

## 7. MAINTENANCE AND STORAGE

- **Storage:** Store unused toner cartridges in their original sealed packaging in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Handling:** Handle cartridges carefully to avoid dropping them or damaging the electrical contacts.
- **Print Quality:** If print quality degrades, gently shake the cartridge to redistribute any remaining toner. If issues persist, refer to the troubleshooting section.

## 8. TROUBLESHOOTING

If you encounter issues with your Green2Print toner cartridge, consider the following:

- **Printer Not Recognizing Cartridge:**
  - Ensure the cartridge is fully seated in its slot. Remove and reinsert it firmly.
  - Check for any remaining protective seals or tapes that might be blocking contacts.
  - Clean the electrical contacts on the cartridge and in the printer with a lint-free cloth.
- **Poor Print Quality (streaks, faded prints, spots):**
  - Gently shake the toner cartridge to redistribute toner.
  - Perform a printer cleaning cycle or print head alignment through your printer's utility software.
  - Ensure the paper type and quality are appropriate for your printing task.
- **Low Page Yield:**
  - Page yield is an estimate based on ISO standards. Actual yield may vary significantly based on content printed (e.g., heavy graphics vs. text), print settings, and environmental conditions.
  - If the cartridge runs out significantly earlier than expected, ensure it was properly installed and not stored in extreme conditions.

For specific printer error messages, consult your Oki printer's user manual.

## 9. SPECIFICATIONS

Feature	Detail
Brand	Green2Print
Item Model Number	G2P12165
Color	Black

Feature	Detail
Page Yield	3000 pages
Included Components	Toner cartridge
Compatible Devices	Printer
Compatibility Options	Remanufactured Product
Special Features	High-quality microchips and optimized toner powder for optimal print quality
UPC	719377943000

## 10. DISPOSAL AND RECYCLING

Green2Print is committed to environmental responsibility. Empty toner cartridges should be disposed of properly to minimize environmental impact. Empty cartridges can be appropriately disposed of via local collection points or recycling centers. Please check with your local waste management facilities for specific guidelines on recycling toner cartridges in your area.
