Quictent 1110W

Quictent 10x20 ft Heavy Duty Carport Canopy Instruction Manual

Model: 1110W

Product Overview

The Quictent 10x20 ft Heavy Duty Carport Canopy is designed to provide reliable shelter for vehicles, outdoor events, or temporary storage. Its robust construction features a reinforced structure and durable materials for long-lasting performance.

- **Reinforced Structure:** Features extra top reinforced poles for enhanced safety and structural integrity, preventing twisting and withstanding external pressures.
- **Upgraded Galvanized Tube:** Constructed with heavy-duty, rust-resistant galvanized steel framework and metal corner joints for increased durability.
- **Extra-thick Polyethylene Fabric:** The reinforced PE material is tear-proof, waterproof, and anti-UV, providing industrial-grade protection.

Safety Information

- For outdoor use only.
- Adult assembly required.
- Use caution during assembly to avoid injury.
- Ensure the carport is securely anchored to prevent damage from wind or other weather conditions.
- Regularly inspect all connections and fabric for wear and tear.

Setup and Assembly

Assembly of the Quictent Carport Canopy is designed to be straightforward. While one person can complete the installation, it is recommended that two people work together for faster and easier setup.

Assembly Steps Overview

1. **Assemble the Top Frame:** Connect the frame poles and joints to form the roof structure.
2. **Cover the Frame with Tarpaulin:** Drape and secure the polyethylene fabric over the assembled top frame.
3. **Assemble Pillar Steel Pipes:** Attach the vertical support poles to the frame, lifting the structure into its final position.
4. **Secure Anchoring:** Utilize the provided ropes, pegs, and other anchoring accessories to firmly secure the carport to the ground.

Key Components

Image: Detailed view of key components including bungee cords for securing the cover, fully welded joints for strength, solid foot bases for stability, and spiral pegs for ground anchoring.

Operating Instructions

The Quictent Carport Canopy provides versatile shelter for various needs:

- **Vehicle Protection:** Ideal for sheltering cars, trucks, boats, and other vehicles from sun, rain, and light snow.
- **Outdoor Events:** Can be used as a temporary shelter for gatherings, parties, or market stalls.
- **Temporary Storage:** Suitable for storing equipment, tools, or other items that require protection from the elements.
- **Construction Sites:** Provides a covered area for materials or workers.

Maintenance

- **Regular Inspection:** Periodically check all frame connections, ropes, and pegs to ensure they are secure and in good condition. Tighten any loose parts.
- **Fabric Care:** Clean the polyethylene fabric cover with mild soap and water. Avoid harsh chemicals or abrasive cleaners that could damage the material. Ensure the cover is dry before long-term storage to prevent mold and mildew.
- **Snow Removal:** In areas with heavy snowfall, regularly remove snow accumulation from the roof to prevent structural collapse. The carport is not designed to withstand heavy snow loads.
- **Wind Precautions:** In strong wind conditions, consider additional anchoring or temporary disassembly to prevent damage.

Troubleshooting

- **Carport Instability:** Ensure all frame connections are fully engaged and tightened. Verify that all ropes and pegs are securely anchored into the ground. Consider using additional weight bags or anchors in windy conditions.
- **Water Accumulation on Roof:** Ensure the cover is taut and properly installed to allow water to run off. Check for any sagging areas

and adjust the frame or cover tension as needed.

- **Tears or Damage to Fabric:** Small tears can often be repaired with a suitable patch kit. For significant damage, contact customer support for replacement parts.
- **Missing Parts:** If any parts are missing upon delivery, contact customer support immediately for assistance.

Specifications

Brand	Quictent
Model Number	1110W
Product Dimensions	240"L x 120"W x 110"H (10'x20')
Max Ceiling Height	8.5 Feet
Material	Alloy Steel (Frame), Polyethylene (Cover)
Color	White
Item Weight	79.2 pounds (36 Kilograms)
Water Resistance Level	Waterproof
Ultraviolet Light Protection	Yes
Assembly Required	Yes

Warranty and Support

- **Lifetime Warranty:** Replacement for connectors, pegs, ropes, elastic ropes, and similar accessories.
- **1 Year Warranty:** Covers for the main fabric and poles.
- **Customer Support:** For any questions, missing parts, or warranty claims, please contact Quictent customer service.
