Camco 51908 Insulated Backpack Stool Instruction Manual

1. INTRODUCTION

This manual provides instructions for the proper use, setup, and maintenance of your Camco 51908 Insulated Backpack Stool. Please read this manual thoroughly before using the product to ensure safe and efficient operation. Retain this manual for future reference.

2. PRODUCT OVERVIEW

The Camco 51908 Insulated Backpack Stool is a versatile 3-in-1 product designed for outdoor activities such as short-term camping, hiking, and picnics. It combines the functionality of an insulated cooler bag, a comfortable backpack, and a portable stool.

Key Features:

- **Insulated Cooler Compartment:** The main pocket features a waterproof, insulated lining designed to keep food and beverages cold.
- **Backpack Straps:** Equipped with adjustable backpack straps for easy and comfortable transport.
- **Integrated Stool:** A sturdy aluminum frame unfolds to create a convenient and stable seating option.
- **Additional Storage:** Includes zippered pockets for small items like phones, keys, and wallets, plus a drawstring pocket for water bottles.
- **Durable Construction:** Lightweight design with a waterproof interior to prevent leaks and spills.
- **Camouflage Design:** Features a camouflage pattern for outdoor aesthetics.

Figure 1: The Camco 51908 Insulated Backpack Stool. This image displays the stool unfolded, revealing its integrated cooler compartment, which is lined with a waterproof material. A zippered side pocket is also open, showcasing additional storage. The stool features a sturdy black aluminum frame and a camouflage fabric design.

3. SETUP

The Camco 51908 Insulated Backpack Stool requires minimal setup. It arrives in a folded configuration for compact storage and transport.

1. **Unfolding the Stool:**

Place the backpack stool on a flat, stable surface. Gently pull the two sides of the aluminum frame apart until the stool legs are fully extended and locked into place. Ensure all four legs are firmly on the ground before use.

2. **Accessing Compartments:**

Unzip the main cooler compartment to load items. Utilize the front zippered pockets and the side drawstring pocket for additional storage as needed.

4. OPERATING INSTRUCTIONS

Using as a Backpack:

- Ensure the stool frame is folded securely before wearing.
- Adjust the shoulder straps for a comfortable fit.
- Distribute weight evenly within the compartments for balanced carrying.

Using as a Cooler:

- Open the main zippered compartment.
- Place food and beverages inside. For optimal cooling, use ice packs (not included).
- Close the zipper completely to maintain insulation. The waterproof lining helps contain any condensation or minor leaks.

Using as a Stool:

- Unfold the stool as described in the Setup section, ensuring the frame is fully extended and stable.
- Sit gently on the fabric seat. Do not exceed the recommended weight capacity (refer to Specifications).
- Avoid standing on the stool or using it on uneven terrain to prevent tipping.

5. MAINTENANCE

- **Cleaning:** Wipe the exterior fabric with a damp cloth and mild soap. For the interior cooler lining, wipe clean with a damp cloth and allow to air dry completely before zipping closed. Do not machine wash or tumble dry.
- **Drying:** Ensure all compartments are dry before storing to prevent mold or mildew.
- **Storage:** Fold the stool for compact storage. Store in a cool, dry place away from direct sunlight.
- **Inspection:** Periodically check the aluminum frame, fabric, zippers, and straps for any signs of wear or damage. Discontinue use if significant damage is observed.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your Camco 51908 Insulated Backpack Stool.

- **Stool feels unstable:** Ensure the frame is fully extended and locked into place on a flat, level surface. Avoid placing on soft ground or uneven terrain.
- **Cooler not keeping items cold:** Ensure the zipper is fully closed. For best results, pre-chill the cooler and use sufficient ice packs. Avoid opening frequently.
- **Zippers sticking:** Apply a small amount of zipper lubricant or rub a pencil lead along the zipper teeth to ease movement.

If you experience issues not covered here, please contact Camco customer support.

7. SPECIFICATIONS

Model Number	51908
---------------------	-------

Brand	Camco
