1. INTRODUCTION

Thank you for choosing JBL E35 On-Ear Signature Headphones. These headphones are designed to provide a premium listening experience with signature JBL sound, combined with a stylish design and comfortable fabric headband. This manual provides essential information for setting up, operating, and maintaining your headphones to ensure optimal performance and longevity.

2. IMPORTANT SAFETY INFORMATION

Please read these safety instructions carefully before using your headphones. Keep this manual for future reference.

- **Hearing Safety:** To prevent possible hearing damage, do not listen at high volume levels for long periods. Avoid using headphones while driving, cycling, or in situations where you need to hear ambient sounds.
- **Cleaning:** Clean the headphones only with a dry, soft cloth. Do not use liquid cleaners or aerosols.
- **Water Exposure:** The headphones are water resistant, but not waterproof. Do not submerge them in water or expose them to heavy rain.
- **Temperature:** Do not expose the headphones to extreme temperatures (below 0°C / 32°F or above 45°C / 113°F).
- **Disassembly:** Do not attempt to disassemble, repair, or modify the headphones. This will void the warranty.
- **Disposal:** Dispose of this product responsibly according to local regulations. Do not dispose of with household waste.

3. PACKAGE CONTENTS

Ensure all items are present in your package:

- JBL E35 On-Ear Signature Headphones
- Detachable Audio Cable with 1-Button Universal Microphone
- Protective Case
- Quick Start Guide (not included in this manual)
- Warranty Card (not included in this manual)

4. SETUP

The JBL E35 headphones are designed for simple plug-and-play use.

4.1 Connecting the Audio Cable

1. Locate the 3.5mm audio jack on the left earcup of the headphones.
2. Insert the smaller end of the detachable audio cable into the headphone's 3.5mm jack until it clicks securely into place.
3. Insert the other end of the audio cable (the standard 3.5mm jack) into the headphone port of your audio device (smartphone, tablet, laptop, desktop, gaming console, etc.).

5. OPERATING INSTRUCTIONS

5.1 Wearing the Headphones

Adjust the headband to ensure the earcups sit comfortably over your ears. The fabric headband is designed for extended comfort.

Figure 5.1: Side view illustrating the fit and design of the earcups.

5.2 Using the 1-Button Universal Microphone

The in-line microphone and button allow for convenient control of music playback and calls.

- **Play/Pause Music:** Press the button once.
- **Skip Track Forward:** Press the button twice quickly.
- **Skip Track Backward:** Press the button three times quickly.
- **Answer/End Call:** Press the button once during an incoming call or an active call.
- **Decline Call:** Press and hold the button for approximately 2 seconds during an incoming call.
- **Activate Voice Assistant:** Press and hold the button for approximately 2 seconds when not on a call (functionality may vary by device).

6. MAINTENANCE AND CARE

Proper care will extend the life of your JBL E35 headphones.

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the earcups and headband. Do not use abrasive cleaners, alcohol, or chemical solvents.
- **Storage:** When not in use, store the headphones in the provided protective case to prevent damage from dust, dirt, and impacts.
- **Cable Care:** Avoid sharp bends or excessive pulling on the audio cable. The retractable cable feature helps with neat storage.
- **Temperature:** Store in a cool, dry place away from direct sunlight and extreme temperatures.

7. TROUBLESHOOTING

If you experience issues with your headphones, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No sound or low volume	Audio cable not fully connected. Device volume is too low or muted. Incorrect audio output selected on device. Damaged audio cable.	Ensure both ends of the 3.5mm audio cable are securely plugged in. Increase the volume on your audio device. Check if the device is muted. Verify your device's audio settings to ensure output is directed to the headphones. Try using a different 3.5mm audio cable if available.
Microphone not working	Audio cable not fully connected. Device microphone settings. Incompatible device.	Ensure the audio cable is fully inserted into both the headphones and the device. Check your device's microphone input settings. While the microphone is universal, some older or specific devices may have limited compatibility.
Sound distortion	Volume too high. Poor audio source quality. Damaged audio cable or headphone jack.	Reduce the volume on your audio device. Try playing audio from a different source or file. Inspect the audio cable and device's headphone jack for any visible damage.

8. SPECIFICATIONS

Brand	JBL
Model Name	E35
Model Number	JBLE35WHT
Colour	White
Connectivity Technology	Wired
Headphones Jack	3.5 mm Jack
Form Factor	On Ear
Ear Placement	On Ear
