Rfiver RFIVER HF1002

Rfiver 5-Tier Tempered Glass Audio-Video Media Stand

Model: RFIVER HF1002

1. INTRODUCTION

Thank you for choosing the Rfiver 5-Tier Tempered Glass Audio-Video Media Stand. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new media stand. Please read these instructions carefully before beginning assembly and retain them for future reference.

This image displays the fully assembled Rfiver 5-Tier Audio-Video Media Stand, showcasing its modern design and how it can organize various entertainment components in a home setting.

2. SAFETY INFORMATION

To ensure safe use and prevent damage to the product or injury, please observe the following safety guidelines:

- **Weight Limits:** Do not exceed the maximum weight capacity for each shelf. The top shelf supports up to 88 lbs (40 kg), and each of the four lower shelves supports up to 33 lbs (15 kg). Overloading can cause instability and damage.
- **Proper Assembly:** Ensure all rods and components are tightened properly during assembly. Loose connections can lead to instability.
- **Placement:** Place the media stand on a flat, stable, and level surface to prevent tipping.
- **Glass Care:** Tempered glass is strong but can break if subjected to sharp impacts or extreme temperature changes. Handle glass shelves with care.
- **Children and Pets:** Keep children and pets away from the stand during assembly. Do not allow children to climb on the stand.

- **Ventilation:** Ensure adequate ventilation around electronic components placed on the stand to prevent overheating.

3. PACKAGE CONTENTS

Before assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- 5 x Tempered Glass Shelves (1 top, 4 lower)
- Metal Support Rods (various lengths for different tiers)
- Chrome Feet/Caps
- Assembly Hardware (washers, nuts, etc.)
- Instruction Manual

4. SETUP INSTRUCTIONS

The Rfiver media stand is designed for tool-free assembly. Follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, clean surface to prevent scratches.
2. **Attach Bottom Feet:** Begin by attaching the chrome feet to the bottom glass shelf. Ensure the metal tubes are seated properly in the end caps before final tightening.
3. **Assemble Lower Tiers:** Connect the support rods to the bottom shelf, then place the next glass shelf on top. Repeat this process for each subsequent tier, ensuring all connections are hand-tightened securely.
4. **Install Top Shelf:** Place the final top glass shelf onto the uppermost support rods.
5. **Final Tightening:** Once all shelves and rods are in place, go back and hand-tighten all connections firmly. Do not overtighten.

This image provides a clear view of the media stand's structure without any components, highlighting its sleek design and the five tempered glass shelves.

Customizing Shelf Distance

The stand offers customizable shelf heights to accommodate various component sizes. You can adjust the spacing between shelves using different rod lengths (typically 5.9 inches or 9.8 inches) to create the optimal configuration for your equipment.

CUSTOMIZE DISTANCE

THERE ARE 4 OPTIONS

A = 5.9"

B = 9.8"

OPTION 1

OPTION 3

OPTION 4

This diagram presents four different configuration options for the shelf spacing, allowing users to customize the distance between shelves (Option A: 5.9 inches, Option B: 9.8 inches) to accommodate various component sizes.

5. OPERATING INSTRUCTIONS

Once assembled, the Rfiver media stand provides ample storage for your audio-visual equipment.

- **Component Placement:** Place your audio-visual equipment such as DVD players, gaming consoles (PS4, Xbox One), AV receivers, Blu-ray players, cable boxes, amplifiers, speakers, and record players on the shelves.
- **Top Shelf Use:** The top shelf can also support some Plasma/LCD/LED/OLED flat-screen TVs or computer monitors, provided their weight does not exceed 88 lbs.
- **Weight Distribution:** Distribute the weight evenly across the shelves to maintain stability. Avoid placing heavy items on only one side of a shelf.

This visual shows the media stand holding a variety of audio-visual equipment such as a soundbar, gaming console, receiver, and amplifier, illustrating its capacity for multifunctional storage.

6. MAINTENANCE

To keep your Rfiver media stand in optimal condition:

- **Cleaning:** Wipe the glass shelves and metal components with a dry, soft cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Regular Checks:** Periodically check all connections to ensure they remain tight. Re-tighten if necessary.
- **Avoid Scratches:** Use coasters or protective pads under heavy or sharp objects placed on the glass shelves to prevent scratches.

7. TROUBLESHOOTING

If you encounter any issues with your media stand, refer to the following common solutions:

- **Stand is Wobbly:**

- Ensure all support rods are fully and securely hand-tightened.
- Verify the stand is placed on a level surface. Adjust the feet if necessary.

- **Missing Parts:**

- Carefully check all packaging materials.
- If parts are genuinely missing, contact Rfiver customer support with your purchase details.

- **Scratched Glass:**

- Minor scratches may be reduced with specialized glass polishing compounds (use with caution and test on an inconspicuous area first).
- For significant damage, consider replacing the affected glass shelf.

8. SPECIFICATIONS

This diagram illustrates the precise measurements of the media stand, including its overall height (31.5 inches), width (23.6 inches), depth (15.7 inches), and the spacing between shelves (11.1 inches for top, 9.8 inches for bottom, and 5.9 inches for middle shelves). It also indicates the maximum weight capacity for the top shelf (88 lbs) and lower shelves (33 lbs each).

Feature	Detail
Model Name	5 tier audio component stand
Product Dimensions	15.7"D x 23.6"W x 31.5"H
Number of Shelves	5
Material	Stainless Steel, Tempered Glass
Finish Type	Chrome

Furniture Finish	Black Glass
Shelf Thickness	5 Millimeters
Top Shelf Weight Capacity	88 Pounds (40 kg)
Lower Shelf Weight Capacity	33 Pounds (15 kg) per shelf
Item Weight	38.9 Pounds (17.6 kg)
Assembly Required	Yes (Tool-Free)
Mounting Type	Floor Mount
Product Care Instructions	Wipe with Dry Cloth

9. WARRANTY & SUPPORT

Rfiver stands behind the quality of its products. For specific warranty information, please refer to the documentation included with your purchase or visit the official Rfiver website. If you have any questions, require assistance with assembly, or need to report missing/damaged parts, please contact Rfiver customer support directly.

Contact information can typically be found on the product packaging or on the Rfiver official website.
