VTech 193800

VTech KidiZoom Smartwatch DX2 User Manual

Model: 193800

PRODUCT OVERVIEW

The VTech KidiZoom Smartwatch DX2 is a kid-friendly, reliable smartwatch designed for children aged 4-12 years. It allows kids to capture quality photos and videos, play engaging games, and learn to tell time. Its stylish and durable design is sized for children's wrists.

What's Included

- KidiZoom Smartwatch DX2
- Micro-USB Cable
- Parent's Guide

Setup Instructions

1. **Charging the Smartwatch:** Connect the included Micro-USB cable to the smartwatch and a

computer's USB port. The device should only be charged using a computer; avoid third-party adapters.

2. **Initial Power On:** Press and hold the power button (usually on the side) until the VTech logo appears.

3. **Setting Time and Date:** Follow the on-screen prompts to set the current time and date.

4. **Customization:** Explore the settings to choose from 55 digital and analog watch faces.

OPERATING THE SMARTWATCH

Camera and Video Features

The KidiZoom Smartwatch DX2 features two cameras, allowing for photos, selfies, and action videos.

The smartwatch features dual cameras, one for forward-facing shots and another for selfies, indicated by the camera icons on the screen.

Customize photos and videos with funny filters using the "Silly Me" app.

A child's hand demonstrates interacting with the camera application on the VTech KidiZoom Smartwatch DX2, highlighting its user-friendly interface.

Note: No official seller videos were found for embedding based on the provided criteria.

Games and Activities

The smartwatch includes high-tech games like "Monster Detector," which uses the camera and augmented reality (AR) to find and capture virtual monsters in the real world.

A young boy expresses excitement while looking at his VTech KidiZoom Smartwatch DX2, likely engaged in one of its interactive games or activities.

The motion sensor enables active play challenges and step tracking (pedometer).

Time-Telling and Customization

Choose from 55 digital and analog watch faces to help kids learn to tell time.
Parents can safely share photos and videos by uploading them to a computer using the micro-USB cable.
Free games, watch faces, and camera effects are available from Learning Lodge.

CARE AND MAINTENANCE

- **Cleaning:** Wipe the smartwatch with a slightly damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Water Resistance:** The watch features a splash-proof band. However, it is not fully waterproof and should not be submerged in water.
- **Battery Care:** Only charge the device using the included Micro-USB cable connected to a computer. Do not charge using a third-party adapter.
- **Storage:** Store the smartwatch in a cool, dry place when not in use.

TROUBLESHOOTING

Problem	Possible Solution
Device does not turn on	Ensure the battery is charged. Connect to a computer using the USB cable.
Screen is unresponsive	Restart the device by holding the power button. If unresponsive, allow the battery to fully drain and then recharge.
Cannot connect to computer	Ensure the Micro-USB cable is securely connected to both the smartwatch and a working USB port on the computer. Try a different USB port.
Games/Apps not loading	Check available memory. Ensure the device software is up to date via Learning Lodge.
