Globe Electric 44165 Sebastien 1-Light Outdoor Wall Sconce Instruction Manual

MODEL: 44165

Brand: Globe Electric

Introduction

This manual provides detailed instructions for the safe installation, operation, and maintenance of your Globe Electric 44165 Sebastien 1-Light Outdoor Wall Sconce. Please read all instructions carefully before beginning installation and retain this manual for future reference.

Safety Information

- Always turn off the power at the main circuit breaker before installing, servicing, or changing bulbs.
- Consult a qualified electrician if you are unsure about the installation process.
- Ensure all electrical connections are made in accordance with local codes and ordinances.
- Use only bulbs of the specified wattage and type to avoid overheating or damage.
- Do not install near flammable materials.
- This fixture is rated for outdoor use and is weather resistant.

Package Contents

Verify that all components are present before beginning installation:

- 1 or 2 x Wall Sconce Fixtures (depending on package)
- Mounting Hardware (screws, wire nuts, mounting plate)
- Instruction Manual

Setup and Installation

Follow these steps to install your outdoor wall sconce. Professional installation is recommended if you are unfamiliar with electrical wiring.

- 1. Prepare for Installation:** Turn off power at the circuit breaker. Ensure the mounting surface is clean, dry, and structurally sound.
- 2. Mounting Plate Installation:** Attach the mounting plate to the electrical junction box using the provided screws. Ensure it is securely fastened.
- 3. Wiring Connections:** Connect the fixture's wires to your household wiring. Match black to black (live), white to white (neutral), and green/bare copper to green/bare copper (ground). Secure connections with wire nuts.
- 4. Secure the Fixture:** Carefully tuck the wires into the junction box. Align the fixture with the mounting plate and secure it with the provided screws.
- 5. Install Bulb:** Insert one E26/Medium Base 60W maximum bulb (sold separately) into the socket.
- 6. Restore Power:** Turn the power back on at the circuit breaker.

Operating Instructions

Once installed and powered, the Globe Electric 44165 Sebastien 1-Light Outdoor Wall Sconce operates via your standard wall switch. This fixture is dimmable, allowing you to adjust the light intensity if connected to a compatible dimmer switch (sold separately).

Maintenance

- **Cleaning:** To clean the fixture, ensure power is off. Wipe with a soft, damp cloth. Do not use abrasive cleaners or solvents, as these may damage the finish.
- **Bulb Replacement:** Turn off power at the circuit breaker. Allow the bulb to cool completely. Unscrew the old bulb and replace it with a new E26/Medium Base 60W maximum bulb. Restore power.

Troubleshooting

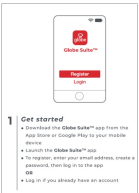

- **Light does not turn on:**
 - Check if the power is on at the circuit breaker.
 - Ensure the bulb is securely screwed into the socket and is not burnt out.
 - Verify all wiring connections are correct and secure.
- **Light flickers:**
 - Check for a loose bulb or wiring connection.
 - Ensure the bulb wattage is compatible with the fixture and any dimmer switch used.

Warranty and Support

This product comes with no stated warranty. For further assistance or inquiries, please contact Globe Electric customer support.

Proposition 65 Warning: This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.
