4D MM0597-3

4D 1/6 Scale M200 Bolt Action Sniper Rifle Model User Manual

Brand: 4D | Model: MM0597-3

1. SAFETY INFORMATION

WARNING: CHOKING HAZARD — Small parts. This product is not suitable for children under 3 years of age. Adult supervision is recommended for all users. Keep all components away from small children to prevent accidental ingestion.

2. PRODUCT OVERVIEW

The 4D M200 Bolt Action Sniper Rifle model is a highly detailed, 1:6 precision scale replica designed for use with 12-inch action figures. This model features intricate detailing and realistic paintwork, making it an ideal accessory for enhancing your action figure displays. Some parts of the model are movable, allowing for dynamic posing and interaction.

The design is based on the CheyTac Intervention, an American bolt-action sniper rifle known for its long-range accuracy. This miniature replica captures the essence of the original firearm in a collectible format.

3. PACKAGE CONTENTS

Your package should contain the following item:

- One (1) 4D 1/6 Scale M200 Bolt Action Sniper Rifle Model (MM0597-3)

4. SETUP

4.1. Assembly

This 4D M200 Bolt Action Sniper Rifle model comes pre-assembled. No additional assembly is required. It is ready for display or use with your 12-inch action figures directly out of the package.

5. OPERATING INSTRUCTIONS

This model is designed as an accessory for 12-inch action figures and features some movable parts for enhanced realism and posing.

5.1. Interacting with Movable Parts

- **Bolt Action Mechanism:** Gently slide the bolt handle back and forth to simulate the loading and ejecting action. Avoid excessive force to prevent damage.
- **Adjustable Stock:** The stock may have a movable component. Carefully adjust its position if applicable to fit your action figure's pose.
- **Detachable Magazine:** The magazine is designed to be detachable. Gently pull it out from the receiver and reinsert it.
- **Scope Adjustment:** The scope may have minor articulation. Adjust its position carefully for desired display.

When handling the model, always apply gentle pressure. Forcing parts can lead to breakage.

6. MAINTENANCE

6.1. Cleaning

To maintain the appearance of your 4D M200 model, follow these simple cleaning instructions:

- Use a soft, dry cloth to gently wipe away dust and debris from the surface.
- For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the paintwork or plastic material.
- Ensure the model is completely dry before storing or displaying.

6.2. Storage

Store the model in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation or discoloration.

Image 4: An alternative angled view of the M200 model, showing its full length and details.

7. TROUBLESHOOTING

As a static display model with limited movable parts, significant troubleshooting is generally not required.

- **Loose Parts:** If any small parts become loose, gently reattach them if possible. Avoid using adhesives that may damage the plastic or paint.
- **Stiff Movable Parts:** If a movable part feels stiff, ensure no debris is obstructing its movement. Do not force it.

If you encounter any issues not covered here, please refer to the support information in Section 9.
