LIFE 6965

LIFE Tray Table Instruction Manual

Model: 6965

Product Overview

The LIFE Tray Table (Model 6965) is designed to provide a convenient surface for items while using a spa or hot tub. It features adjustable legs for secure attachment to various spa and hot tub wall designs. The table includes protective strips to prevent damage and drainage holes for water runoff.

- **Dimensions:** Approximately 18 inches (45.7 cm) long x 9.5 inches (24.1 cm) wide.
- **Material:** Durable Metal construction.
- **Features:** Adjustable legs, protective strips, drainage holes.

Setup and Installation

The LIFE Tray Table requires minimal assembly. Follow these steps to securely attach it to your spa or hot tub:

1. **Identify Attachment Points:** Locate a suitable edge on your spa or hot tub wall where the tray table can be securely positioned. Ensure the surface is clean and free of obstructions.
2. **Adjust Legs:** The tray table features adjustable legs designed to fit various wall thicknesses. Gently pull the legs apart or push them together to match the contour and width of your spa or hot tub wall. The serrated edges on the legs provide grip.
3. **Position and Secure:** Place the tray table onto the edge of the spa or hot tub. Ensure the protective strips on the legs are in contact with the spa surface to prevent scratches. Press down firmly to ensure the adjustable legs grip the wall securely. The table should feel stable and not wobble.
4. **Verify Stability:** Before placing items on the tray, gently test its stability by applying light pressure. If it feels loose, readjust the legs until a secure fit is achieved.

Operation

Once installed, the LIFE Tray Table provides a convenient surface for various items. Consider the following for optimal use:

- **Placement of Items:** Use the tray to hold beverages, snacks, mobile devices, or other small personal items. Distribute weight evenly to maintain stability.
- **Drainage:** The tray surface includes drainage holes to prevent water accumulation. This feature is particularly useful for items that may get wet or for draining condensation from drinks.
- **Removal for Cover:** For most spa and hot tub covers, the tray table will need to be removed before closing the cover. To remove, gently lift the tray upwards and away from the spa wall.

Maintenance

To ensure the longevity and appearance of your LIFE Tray Table, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the tray table regularly with a soft cloth and mild soap and water. Rinse thoroughly and dry completely to prevent water spots or mineral buildup. Avoid abrasive cleaners or harsh chemicals, which can damage the material.
- **Inspection:** Periodically inspect the adjustable legs and protective strips for any signs of wear or damage. Ensure the legs can still grip the spa wall securely.
- **Storage:** If the tray table will not be used for an extended period, store it in a clean, dry place away from direct sunlight and extreme temperatures to prevent material degradation.

Troubleshooting

If you encounter issues with your LIFE Tray Table, consider the following:

- **Table is not stable:**
  - Ensure the adjustable legs are properly spread or compressed to match the exact width of your spa or hot tub wall.
  - Verify that the protective strips are making full contact with the surface.
  - Avoid placing excessively heavy items on the tray, as this can compromise stability.
- **Difficulty attaching/removing:**
  - The legs are designed for a snug fit. Apply gentle but firm pressure when attaching.
  - When removing, pull the legs apart slightly while lifting to disengage from the wall.

- **Damage to legs/strips:**
  - Repeated forceful attachment or removal, especially in cold temperatures, may cause wear. Handle with care.
  - If parts are damaged, contact customer support for potential replacement options.

Specifications

Model Number:	6965
Brand:	LIFE
Material:	Metal
Color:	Black
Product Dimensions (D x W x H):	10" x 18" x 3" (25.4 cm x 45.7 cm x 7.6 cm)
Item Weight:	0.86 Kilograms (1.9 lbs)
Special Features:	Adjustable Height, Drainage Holes, Protective Strips
Included Components:	Adjustable Legs
Assembly Required:	Yes (Minimal)

Warranty and Support

Specific warranty information for the LIFE Tray Table (Model 6965) is not provided in the product details. For warranty claims, technical support, or replacement parts, please contact the manufacturer, Pool Systems, or your retailer directly.
