› The Body Source Himalayan Salt Lamp with Dimmer Switch (3-5kg) - Instruction Manual

The Body Source SL-02-EU

The Body Source Himalayan Salt Lamp

MODEL: SL-02-EU (3-5KG)

1. Introduction

Thank you for choosing The Body Source Himalayan Salt Lamp. This lamp is skillfully hand-carved from authentic Himalayan salt, sourced exclusively from Pakistan. Each lamp features a unique shape and provides a warm, ambient glow. Himalayan salt lamps are often chosen for their aesthetic appeal and are believed by some to contribute to a calming atmosphere and have air-purifying properties.

2. Important Safety Information

Please read all safety instructions before using your Himalayan Salt Lamp. Failure to follow these instructions may result in electric shock, fire, or injury.

- **Electrical Safety:** Ensure the lamp is plugged into a suitable 220V electrical outlet. Do not use with damaged cords or plugs.
- **Moisture Warning:** Himalayan salt is hygroscopic, meaning it absorbs moisture from the air. Keep the lamp away from high humidity areas (e.g., bathrooms, outdoors) to prevent dripping or melting. Place it on a protective mat if necessary.
- **Placement:** Place the lamp on a stable, flat surface. Keep it out of reach of children and pets.
- **Handling:** The salt crystal is fragile. Handle with care to avoid breakage.
- **Bulb Replacement:** Always unplug the lamp before replacing the bulb. Use only 10-watt incandescent bulbs with an E14 base.
- **Cleaning:** Do not immerse the lamp in water. Clean only with a dry cloth.
- **Ventilation:** Ensure adequate airflow around the lamp to prevent heat buildup.

3. Package Contents

Your The Body Source Himalayan Salt Lamp package includes:

- 1 x Hand-carved Himalayan Salt Lamp (3-5kg) with wooden base
- 1 x Integrated Dimmer Switch Cable (EU 2-pin plug)
- 1 x 10-watt Incandescent Bulb (E14 base)
- 1 x Spare 10-watt Incandescent Bulb (E14 base)
- 1 x Premium Gift Box

4. Setup Instructions

Your Himalayan Salt Lamp comes fully assembled and requires minimal setup.

1. Carefully remove the lamp from its packaging.
2. Place the lamp on a stable, dry, and flat surface, away from direct sunlight or sources of moisture.
3. Ensure the bulb is securely seated within the lamp's cavity. If not, gently push it into place.
4. Plug the power cord into a standard 220V electrical outlet.

5. Operating Instructions

The lamp features an integrated dimmer switch for adjustable brightness.

1. **Turning On/Off:** Rotate the dimmer knob clockwise until you hear a click to turn the lamp on. Rotate it counter-clockwise until you hear a click to turn the lamp off.
2. **Adjusting Brightness:** Once the lamp is on, continue rotating the dimmer knob clockwise to increase brightness or counter-clockwise to decrease brightness. Adjust the warmth and intensity to suit your desired ambiance.

Image 5.1: Close-up of the integrated dimmer switch, demonstrating its function.

6. Maintenance

- **Cleaning:** To clean the lamp, unplug it and gently wipe the salt surface with a dry or slightly damp cloth. Do not use harsh chemicals or immerse the lamp in water. Ensure the lamp is completely dry before plugging it back in.
- **Bulb Replacement:** If the bulb burns out, unplug the lamp. Carefully remove the wooden base and unscrew the old bulb. Screw in a new 10-watt incandescent bulb (E14 base). Replace the wooden base securely.
- **Moisture Management:** If the lamp starts to 'sweat' or drip water, it indicates high humidity. Turn the

lamp on for a few hours to dry it out, or move it to a drier location. Placing a small coaster or mat underneath can protect surfaces.

- **Storage:** If storing the lamp for an extended period, wrap it in a plastic bag or airtight container to protect it from moisture.

7. Troubleshooting

Problem	Possible Cause	Solution
Lamp does not light up.	No power, loose bulb, or burnt-out bulb.	Check power connection. Ensure bulb is screwed in tightly. Replace bulb if burnt out.
Lamp is dripping water.	High humidity in the room.	Turn the lamp on for several hours to dry it. Move to a drier environment. Place a protective mat underneath.
Dimmer switch not working.	Faulty switch or connection.	Ensure the switch is fully rotated. If issues persist, contact customer support. Do not attempt to repair.
Lamp flickers.	Loose bulb or unstable power.	Tighten the bulb. Check power outlet.

8. Specifications

Feature	Detail
Brand	The Body Source
Model Number	SL-02-EU
Product Dimensions (L x W x H)	Approx. 17 x 15 x 25 cm
Item Weight	Approx. 4.15 kg (for 3-5kg salt crystal)
Material	Himalayan Salt Crystal, Wood Base
Color	Orange/Pink (natural variation)
