Pearl Metal CC-1008

Pearl Metal CC-1008 Vegetable Live Peeler User Manual

MODEL: CC-1008

Introduction

Thank you for purchasing the Pearl Metal CC-1008 Vegetable Live Peeler. This manual provides essential information for the safe and effective use, care, and maintenance of your new peeler. Please read it thoroughly before first use and keep it for future reference.

Image: The Pearl Metal CC-1008 Vegetable Live Peeler, a stainless steel Y-shaped peeler with a comfortable handle and a sharp, rotating blade.

Safety Information

- The peeler features a very sharp blade. Always handle with extreme care to prevent injury.
- Keep out of reach of children.
- Do not use the peeler for purposes other than peeling vegetables.
- Ensure your hands and the vegetable are dry to maintain a firm grip during use.
- Store the peeler in a safe place where the blade is protected and cannot cause accidental cuts.

Setup

1. Unpack the peeler from its packaging.
2. Before first use, wash the peeler thoroughly with warm soapy water.
3. Rinse well and dry completely to prevent water spots and maintain hygiene.

Operating Instructions

Peeling Vegetables

The Pearl Metal CC-1008 peeler is designed for efficient peeling of various vegetables, such as carrots, potatoes, and cucumbers. Its rotating blade adapts to the contours of the vegetable for smooth peeling.

1. Hold the vegetable firmly in one hand.
2. Grasp the peeler handle securely in your other hand.
3. Place the blade against the vegetable and apply gentle, even pressure.
4. Move the peeler away from your body in a smooth, continuous motion to remove the skin.
5. Repeat until the desired amount of skin is removed.

Using the Potato Eye Remover

The peeler is equipped with a small, pointed tip at the side of the blade frame, designed for easily removing potato eyes or blemishes.

1. Locate the potato eye or blemish you wish to remove.
2. Carefully insert the pointed tip into the potato eye.
3. Twist or scoop out the eye with a gentle motion.

Maintenance and Care

Proper care will extend the life and performance of your Pearl Metal peeler.

Cleaning

- After each use, wash the peeler immediately to prevent food particles from drying on the blade.
- Hand wash with warm water and mild dish soap. Use a brush if necessary to clean around the blade.
- Rinse thoroughly under running water.
- Dry completely with a soft cloth to prevent water spots and maintain the stainless steel finish.
- While the product is made of stainless steel, prolonged exposure to moisture or harsh detergents may affect its appearance over time.

Storage

Store the peeler in a drawer or on a utensil rack where the blade is protected and cannot accidentally cut other items or hands.

Troubleshooting

- **Difficulty peeling:** Ensure the blade is clean and free of debris. The blade is designed to be sharp; if peeling becomes consistently difficult, inspect for any damage or dullness.
- **Blade not rotating smoothly:** Clean any food residue that might be obstructing the rotation mechanism.

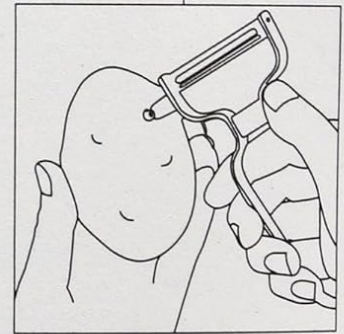

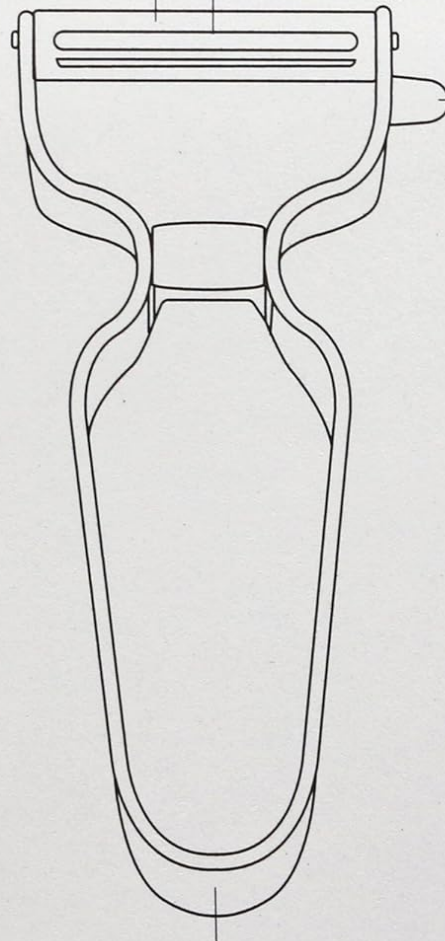

Specifications

Attribute	Detail
Brand	Pearl Metal
