

LEVOIT LV-PUR131

LEVOIT LV-PUR131 Air Purifier Replacement Filter Instruction Manual

Model: LV-PUR131-RF

INTRODUCTION

This manual provides essential instructions for the installation and maintenance of the LEVOIT LV-PUR131 Replacement Filter. This genuine filter is designed specifically for the LEVOIT LV-PUR131 Air Purifier to ensure optimal performance and air quality.

The filter system consists of a 3-stage filtration process:

- **Fine Preliminary Filter:** Traps large particles such as dust, lint, fibers, and pet fur.
- **True HEPA Filter:** Captures at least 99.97% of airborne particles 0.3 micrometers in size, including fine dust, smoke particles, pollen, and pet dander.
- **High-Efficiency Activated Carbon Filter:** Absorbs odors from pets, cooking, smoke, and harmful volatile organic compounds (VOCs). The activated carbon in the filter is made from responsibly sourced, FSC-certified wood.

Using genuine LEVOIT filters is crucial for maintaining the efficiency and longevity of your air purifier. Non-genuine filters may lead to reduced air quality, delayed filter replacement indicators, and potential damage to the purifier motor.

FILTER REPLACEMENT INSTRUCTIONS

Follow these steps to replace the air filters in your LEVOIT LV-PUR131 Air Purifier:

1. **Prepare the Purifier:** Ensure the air purifier is turned off and unplugged from the power outlet.
2. **Remove Back Cover:** Gently remove the back cover of the air purifier.
3. **Remove Old Filters:** Carefully take out the used air filters and dispose of them properly.
4. **Unwrap New Filters:** Unwrap the new LEVOIT replacement filters from their plastic packaging. *Note: Filters are sealed to protect their lifetime. Remove all plastic packaging before installation.*
5. **Install Activated Carbon Filter:** Place the Activated Carbon filter inside the housing first. Ensure the pull tabs are facing outwards, towards the opening.
6. **Install True HEPA Filter:** Install the True HEPA filter (referred to as 'Efficient Middle filter' in some documentation) into the housing. Again, make sure the pull tabs are facing outwards, towards the opening.
7. **Replace Back Cover:** Securely replace the back cover onto the air purifier.
8. **Power On and Reset:** Plug in and turn on the air purifier. Use a pen or a pencil to press the black

reset button located inside the vent on the side of the air purifier. The "Change Filter" symbol on the display should now turn off.

Image: A visual guide illustrating the four key steps for replacing the air filters in the LEVOIT LV-PUR131 air purifier, including placing filters and resetting the indicator.

MAINTENANCE AND FILTER LIFESPAN

The air filters can be used for up to 6 months. The actual lifespan may vary depending on the frequency of air purifier use and the air quality in your environment. The LEVOIT LV-PUR131 Air Purifier features a Filter Life Indicator and a built-in algorithm that works with authentic filters to notify you when replacement is needed.

Dust Sensor Cleaning: Periodically clean the dust sensor located on the side of the air purifier using a clean cotton swab to ensure accurate air quality readings.

SPECIFICATIONS

Brand	LEVOIT
Model Number	LV-PUR131-RF

Product Dimensions	13.6 x 1.8 x 11.6 inches
Item Weight	1.88 pounds
Filtration System	3-Stage (Fine Preliminary, True HEPA, Activated Carbon)
UPC	817915020494
Material Source (Activated Carbon)	Responsibly sourced, FSC-certified wood

TROUBLESHOOTING

- **"Change Filter" Light Remains On After Replacement:** Ensure the filter reset button on the side of the air purifier has been pressed firmly with a pen or pencil after installing new filters.
- **Reduced Airflow or Odors:** This indicates the filters may be clogged or have reached the end of their lifespan. Replace filters as instructed. Ensure all plastic packaging has been removed from new filters.
- **Unusual Noise:** Check that filters are correctly seated and the back cover is securely closed.

WARRANTY AND SUPPORT

The warranty description for this product is listed as N/A in the provided specifications. For specific warranty details or technical support related to your LEVOIT LV-PUR131 Air Purifier, please refer to the documentation included with your air purifier or visit the official LEVOIT support website. For additional assistance, you may contact LEVOIT customer support.
