CLP Stackable Plastic Bar Stool - Instruction Manual

Model: 101893501

1. INTRODUCTION

Thank you for choosing the CLP Stackable Plastic Bar Stool. This manual provides essential information for the safe assembly, proper use, and effective maintenance of your new bar stool. Please read these instructions carefully before assembly and retain them for future reference.

2. SAFETY INSTRUCTIONS

- **Read all instructions:** Before assembly and use, carefully read and understand all instructions in this manual.
- **Adult assembly required:** Assembly should be performed by an adult.
- **Check all parts:** Ensure all components are present and undamaged before beginning assembly. Do

not use if any parts are missing or broken.

- **Stable surface:** Always place the bar stool on a flat, stable, and level surface to prevent tipping.
- **Weight limit:** Do not exceed the maximum weight capacity of 110 kg (approximately 242 lbs).
- **Regular checks:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Avoid standing:** Do not stand on the bar stool. Use it only for sitting.
- **Children:** Supervise children around the bar stool to prevent accidents.

3. PACKAGE CONTENTS

Verify that all the following components are included in your package:

- 1x Seat (Plastic, Black)
- 1x Frame (Metal, Chrome) with integrated footrest
- Assembly hardware (screws, washers, Allen key)
- Instruction manual

4. SETUP AND ASSEMBLY

Follow these steps to assemble your CLP bar stool:

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, clean surface to prevent scratches.
2. **Identify Parts:** Identify the plastic seat and the metal frame.
3. **Attach Seat to Frame:** Align the pre-drilled holes on the underside of the plastic seat with the corresponding holes on the top of the metal frame.
4. **Secure with Screws:** Insert the provided screws through the holes and tighten them using the Allen key. Ensure all screws are securely fastened, but do not overtighten to avoid damaging the plastic.
5. **Final Check:** Once assembled, gently shake the stool to ensure it is stable. If any wobbling occurs, check that all screws are tightened evenly.

5. OPERATING INSTRUCTIONS

The CLP bar stool is designed for simple and direct use.

- **Seating:** Sit centrally on the seat for optimal balance and comfort.
- **Footrest:** Utilize the integrated footrest for added comfort and support.
- **Stacking:** This bar stool is designed to be stackable for space-saving storage. To stack, lift one stool and carefully place it on top of another, ensuring the frames interlock securely.

6. MAINTENANCE

Proper care will extend the life and appearance of your bar stool.

- **Cleaning the Seat:** Wipe the plastic seat with a soft, damp cloth and mild soap. Avoid abrasive cleaners or solvents, as they may damage the plastic surface.

- **Cleaning the Frame:** Clean the metal frame with a soft, dry cloth. For stubborn marks, a slightly damp cloth can be used, followed by immediate drying to prevent water spots or corrosion.
- **Avoid Harsh Chemicals:** Do not use harsh chemicals, bleach, or abrasive materials on any part of the stool.
- **Indoor Use:** This bar stool is designed for indoor use. Prolonged exposure to direct sunlight or extreme weather conditions may cause damage.

7. TROUBLESHOOTING

If you encounter any issues with your bar stool, refer to the following common problems and solutions:

- **Stool is wobbly:**
 - Ensure all assembly screws are tightened securely and evenly.
 - Verify the stool is placed on a flat, level surface.
- **Scratches on floor:**
 - Check if the protective caps on the bottom of the frame legs are intact. Replace if damaged or missing.
- **Difficulty stacking:**
 - Ensure the stools are aligned correctly before attempting to stack.
