# EJOY 12-Piece Artificial Boxwood Hedge Panels Instruction Manual

## 1. INTRODUCTION AND OVERVIEW

Thank you for choosing the EJOY 12-Piece Artificial Boxwood Hedge Panels. This product is designed to provide a realistic, low-maintenance greenery solution for various indoor and outdoor applications. These panels offer an easy way to enhance privacy, beautify spaces, and create natural-looking backdrops without the need for watering or extensive care.

## 2. PRODUCT FEATURES

- **Realistic Appearance:** Designed to mimic natural boxwood greenery, providing a lush and vibrant look.
- **Durable Material:** Constructed from high-density polyethylene, ensuring longevity and resistance to wear.
- **UV-Proof & Weatherproof:** Engineered to withstand various outdoor elements, including sunlight, rain, and snow, without fading or deteriorating.
- **Low Maintenance:** Requires no watering, trimming, or pest control, offering a hassle-free greenery solution.
- **Interlocking Design:** Panels feature an interlocking connector system for easy and secure assembly.
- **Customizable:** Can be easily shaped and cut with scissors to fit specific dimensions and designs.
- **Versatile Application:** Suitable for converting walls, fences, creating privacy screens, garden decor, backyard enhancements, and home decorations.

## 3. PACKAGE CONTENTS

Each package contains:

- 12 x Artificial Boxwood Hedge Panels (each 20" L x 20" W)
- Sufficient cable ties for assembly (quantity may vary)

## 4. SETUP AND INSTALLATION

The EJOY Artificial Boxwood Hedge Panels are designed for straightforward installation. Follow these steps for optimal results:

1. **Prepare the Surface:** Ensure the surface where the panels will be installed is clean and dry.

2. **Connect Panels:** Each panel features an interlocking connector system. Align the male and female connectors on adjacent panels and press firmly until they click into place. This creates a seamless and secure connection.
3. **Secure Panels:** For added stability, especially for outdoor or vertical installations, use the provided cable ties to further secure the panels to a fence, wall, or frame. Thread the cable ties through the grid on the back of the panels and around your chosen support structure. Trim any excess cable tie length.
4. **Customization:** If needed, use a pair of scissors to cut the panels to fit specific shapes or sizes around obstacles or for unique designs.
5. **Fluff and Arrange:** Gently fluff the leaves to achieve a fuller, more natural appearance after installation.

## 5. USAGE AND APPLICATIONS

---

These versatile panels can be used in a multitude of ways to enhance your living or working environment:

- **Privacy Fences:** Create instant privacy screens on existing fences or railings in your garden or backyard.
- **Wall Coverings:** Transform plain walls into vibrant green features, both indoors and outdoors.
- **Decorative Backdrops:** Ideal for events, photo booths, or as a permanent decorative element in homes or commercial spaces.
- **Garden Accents:** Use to define garden areas, cover unsightly structures, or add a touch of greenery to patios and balconies.

## 6. MAINTENANCE

---

The EJOY Artificial Boxwood Hedge Panels are designed for minimal maintenance:

- **Cleaning:** If dust or debris accumulates, simply rinse the panels with water or wipe them down with a damp cloth. No special cleaning solutions are required.
- **Durability:** The UV-proof and weatherproof properties ensure the panels maintain their color and integrity over time, even in direct sunlight or harsh weather conditions.
- **No Watering:** These artificial panels do not require any water, making them an eco-friendly and convenient option.

## 7. TROUBLESHOOTING

---

While these panels are generally trouble-free, here are some common concerns and solutions:

- **Panels Not Connecting Securely:** Ensure that the male and female connectors are perfectly aligned before applying pressure. A firm, even press should result in a click. If a connector is bent, gently straighten it.
- **Gaps Between Panels:** After connecting, gently adjust the leaves to cover any visible gaps. For very stubborn gaps, additional cable ties can be used to pull panels closer together.
- **Leaves Appearing Flat:** Panels may be compressed during shipping. Gently run your fingers through the leaves to fluff them up and restore their natural volume.
- **Fading/Discoloration:** While designed to be UV-proof, extreme prolonged exposure to intense sunlight over many years might cause slight changes. Ensure panels are installed correctly and consider periodic cleaning to remove any residue that might affect color.

## 8. SPECIFICATIONS

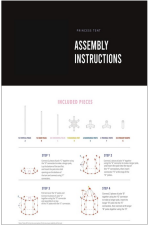

---

Attribute	Detail
Brand	EJOY
Model Number	B06XGC43WH
Material	High Density Polyethylene
Product Dimensions (per panel)	20" L x 20" W
Number of Pieces	12
Unit Count	32.0 Square Feet
Assembly Required	Yes
Style	Garden
Item Weight	1 pounds
UPC	748971443371

### 9. WARRANTY AND SUPPORT

Specific warranty information for the EJOY 12-Piece Artificial Boxwood Hedge Panels is not provided in the product details. For any questions, concerns, or support needs regarding your product, please contact the seller directly through your purchase platform. Please retain your proof of purchase for any potential claims.
