Key Features:

- Polyester Fabric Upholstery With a Durable Steel Frame and Plywood Slats
- Grey foam cushioned upholstered headboard
- Made entirely of steel framework, the durable foundation will support many years of serious snoozing; twin size supports a maximum weight capacity of 350 lbs, while all other sizes can support up to 700 lbs
- Reliable wood slats are designed to support your latex, memory foam or spring mattress without a box spring
- All parts, tools and instructions are shipped straight to your door in one efficiently packed box for simple set-up that takes less than an hour
- Worry-free 5 year limited warranty included; mattress sold separately

2. Setup Guide

Your ZINUS Korey bed frame is designed for easy assembly. All necessary parts, tools, and instructions are conveniently packed and shipped directly to you, allowing for a simple setup that typically takes less than an hour.

Assembly Steps:

1. Unpack all components and lay them out on a clean, flat surface. Verify all parts are present against the included parts list.
2. Follow the step-by-step instructions provided in the Installation Manual. Each part is clearly labeled for straightforward assembly.
3. Assemble the frame using the provided tools. Ensure all bolts are securely tightened.
4. Place the wooden slats onto the frame. The slats are designed to fit securely and may include non-slip features to keep your mattress in place.
5. Once the frame is fully assembled, carefully place your mattress directly onto the wooden slats. No box spring is required.

For detailed visual instructions, please refer to the officialInstallation Manual (PDF).

3. Operating Instructions

The ZINUS Korey Metal Platform Bed Frame is designed for direct mattress placement. Its robust wooden slats provide ample support for various mattress types, including memory foam, latex, and spring mattresses, eliminating the need for a traditional box spring.

Usage Guidelines:

- Ensure your mattress is centered and evenly distributed on the slats.
- The frame provides 12 inches of clearance underneath, ideal for convenient storage of boxes, bins, or other items.
- The upholstered headboard offers comfortable back support for reading or lounging in bed.

4. Care and Maintenance

Proper care will ensure the longevity and continued performance of your ZINUS Korey Metal Platform Bed Frame.

Maintenance Tips:

- **Cleaning:** Wipe the metal frame with a damp cloth and mild detergent. For the upholstered headboard, spot clean with a gentle fabric cleaner as needed. Avoid harsh chemicals or abrasive cleaners.
- **Tightening:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if any looseness is detected to maintain stability and prevent squeaking.
- **Weight Capacity:** Do not exceed the recommended weight capacity. The Queen size frame supports up to 700 lbs.
- **Movement:** When moving the bed frame, lift it rather than dragging it to prevent damage to the frame or your flooring.

WARNING: Do not load more than 700 pounds. Be cautious of sharp edges.

5. Troubleshooting

If you encounter any issues with your ZINUS Korey Metal Platform Bed Frame, please refer to the following common solutions:

Common Issues and Solutions:

- **Squeaking Noises:** Squeaking is often caused by loose connections. Re-tighten all bolts and screws on the frame. Ensure the wooden slats are properly seated and the non-slip tape is intact.
- **Instability/Wobbling:** Check that all legs are firmly on the ground and that the frame is assembled on a level surface. Verify all connections are secure and tightened.
- **Mattress Sliding:** The wooden slats are equipped with non-slip tape. Ensure this tape is clean and making good contact with your mattress. If the tape is worn, consider replacing it or adding a non-slip mat between the mattress and slats.
- **Missing Parts:** If any parts were missing upon delivery, please contact customer support immediately for assistance.

For further assistance or issues not listed here, please contact ZINUS Customer Support.

6. Product Specifications
