1. INTRODUCTION

Thank you for purchasing the Paladone Super Mario Mini Question Block Light (Model PP3428NNV4). This officially licensed product brings the iconic Super Mario Bros. Question Block to life with light and sound effects. Designed for ease of use, it serves as a decorative piece, night light, or a fun interactive item for fans of all ages. Please read this manual thoroughly to ensure proper setup and operation.

2. SAFETY INFORMATION

Please observe the following safety precautions to prevent damage to the product or injury to yourself:

- **Battery Safety:** Use only the specified battery type (3 x AAA). Do not mix old and new batteries, or different types of batteries. Ensure batteries are inserted with correct polarity. Remove batteries if the product will not be used for an extended period.
- **Choking Hazard:** This product contains small parts and is not suitable for children under 3 years of age.
- **Water Exposure:** This product is not waterproof. Avoid exposure to water or excessive moisture to prevent electrical shock or damage.
- **Placement:** Place the light on a stable, flat surface. Ensure it is not placed near heat sources or in direct sunlight.
- **Cleaning:** Clean only with a dry, soft cloth. Do not use abrasive cleaners or solvents.

3. PACKAGE CONTENTS

Verify that all items are present in your package:

- Paladone Super Mario Mini Question Block Light (Model PP3428NNV4)

- USB Power Cable (for compatible versions)
- Instruction Manual

Note: 3 x AAA batteries are required and not included.

4. SETUP

4.1. Battery Installation

1. Locate the battery compartment on the bottom of the Question Block Light.
2. Using a small screwdriver (not included), open the battery compartment cover.
3. Insert 3 x AAA batteries, ensuring correct polarity (+/-) as indicated inside the compartment.
4. Replace the battery compartment cover and secure it with the screw.

Figure 1: The Super Mario Question Block Light in its off state, showing the base where the battery compartment is located.

4.2. Powering via USB (if applicable)

Some versions of the Super Mario Mini Question Block Light can also be powered via a USB cable. If your model includes a USB power cable:

1. Connect the small end of the USB cable to the USB port on the side or bottom of the light.
2. Connect the larger end of the USB cable to a compatible USB power source (e.g., computer, USB wall adapter - not included).

4.3. Placement

The compact design allows for versatile placement. Position the light on a nightstand, desk, shelf, or any flat surface. For a more immersive experience, it can be mounted underneath a shelf or bunk bed using adhesive pads (not included) to simulate hitting the block from below.

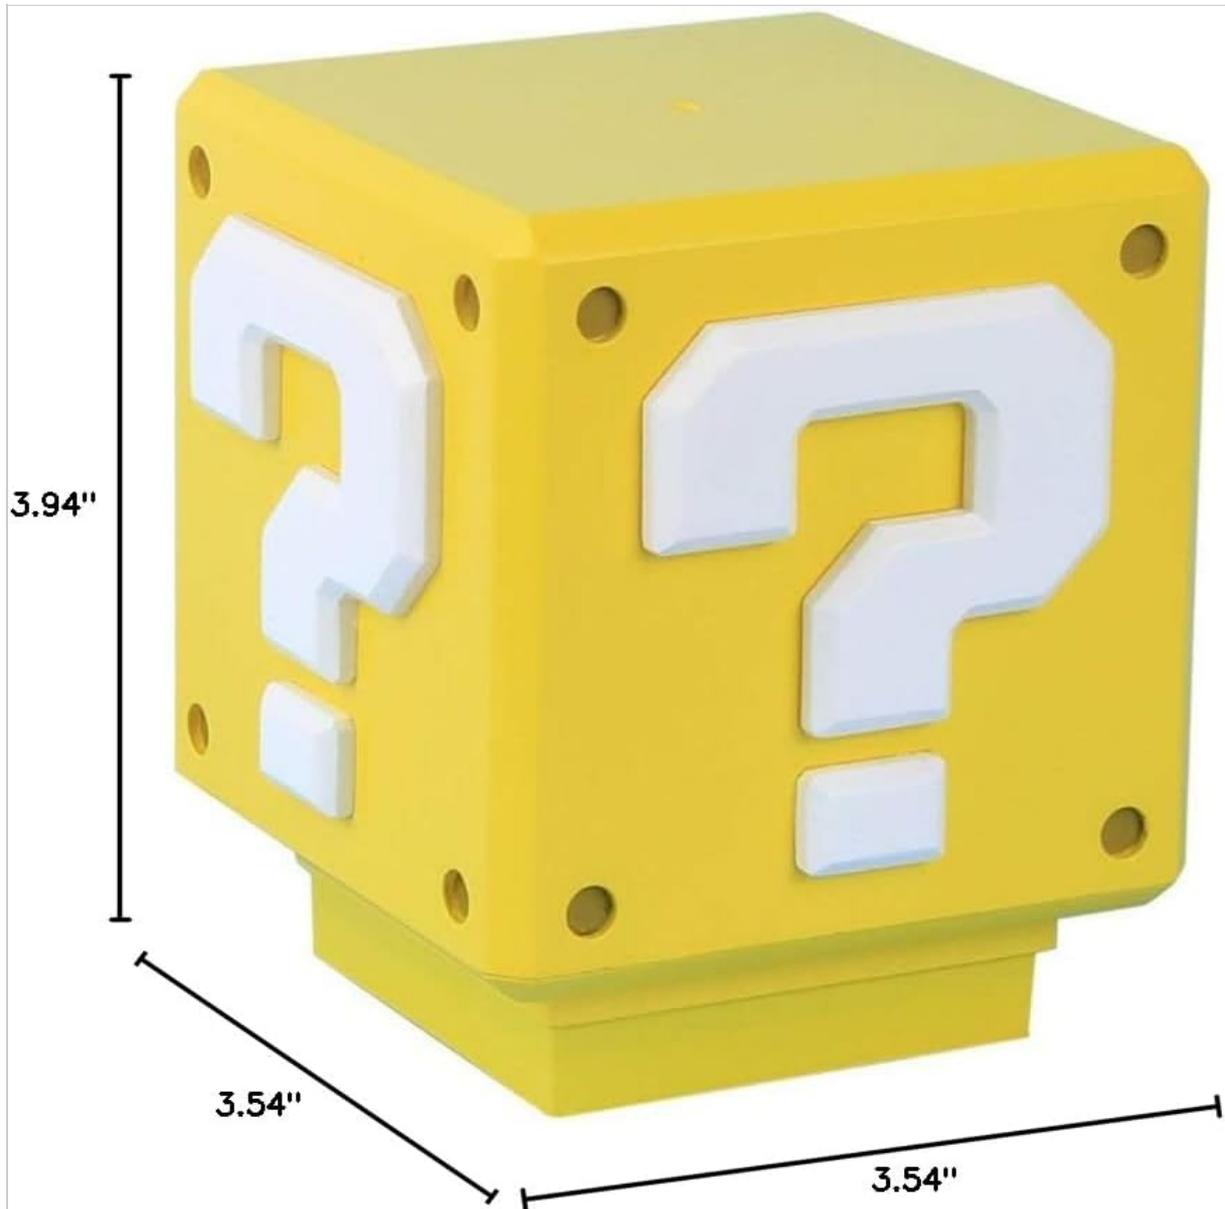

Figure 2: Product dimensions, approximately 3.54"D x 3.54"W x 3.94"H, illustrating its compact size for various placements.

5. OPERATING INSTRUCTIONS

5.1. Turning On/Off and Activating Sound

To turn the light on and activate the classic Super Mario coin sound:

- Gently press down on the top surface of the Question Block Light.
- The light will illuminate with a warm yellow glow, and the iconic coin sound effect will play.

- To turn the light off, press down on the top surface again. The light will turn off, and a "game over" sound effect will play.

Figure 3: A hand pressing down on the top of the Super Mario Question Block Light, demonstrating the interactive on/off and sound activation.

Figure 4: The Super Mario Question Block Light fully illuminated, emitting a warm yellow light.

5.2. Disabling/Enabling Sound

If you prefer to use the light without the sound effects:

- While the light is off, press and hold the top surface for approximately 3 seconds.
- You will hear a short beep, indicating that the sound effects have been disabled.
- To re-enable the sound effects, repeat the process: press and hold the top surface for 3 seconds until you hear a different confirmation sound.

6. MAINTENANCE

To keep your Super Mario Mini Question Block Light in optimal condition:

- **Cleaning:** Wipe the surface with a dry, soft cloth. Do not use liquid cleaners, sprays, or abrasive materials.
- **Storage:** If storing for an extended period, remove the batteries to prevent leakage. Store in a cool, dry place away from direct sunlight.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	Batteries are dead or incorrectly inserted. USB cable is not connected or power source is off (if using USB).	Replace batteries with new 3 x AAA batteries, ensuring correct polarity. Check USB cable connection and power source.
Sound effects are not playing.	Sound effects may be disabled.	Press and hold the top surface for 3 seconds to re-enable sound.
Light is dim.	Low battery power.	Replace batteries with new 3 x AAA batteries.
