Ingenuity Bella Teddy Portable Baby Swing Instruction Manual

Model: 11023 | Brand: Ingenuity

1. INTRODUCTION

The Ingenuity Bella Teddy Portable Baby Swing is designed to provide comfort and entertainment for your infant. Featuring luxurious plush fabrics, a removable headrest, and a 5-point safety harness, this swing offers a secure and soothing environment. It includes 5 swing speeds, 8 melodies, and 3 nature sounds to calm your child. Advanced technologies like Hybridrive™ extend battery life, TrueSpeed™ maintains consistent swing speed, and WhisperQuiet™ ensures silent operation. The SlimFold™ design allows for easy storage and transport. This manual provides essential information for safe assembly, operation, and maintenance of your swing.

2. IMPORTANT SAFETY INFORMATION

WARNING: Failure to follow these warnings and instructions could result in serious injury or death.

- NEVER leave child unattended.
- NEVER use this product as a sleeping device. This product is not intended for prolonged sleep.
- ALWAYS use the restraint system. Ensure the 5-point harness is securely fastened and properly adjusted to fit your child.
- DO NOT use this product once your child can sit up unaided or weighs more than 20 lbs (9 kg).
- DO NOT move or lift the product with the child inside.

- Ensure the product is placed on a flat, level surface.
- Keep away from open flames and other sources of strong heat.
- Regularly inspect the product for loose fasteners, damaged joints, or broken parts. Discontinue use if any damage is found.

3. PACKAGE CONTENTS

Before assembly, ensure all parts listed below are present and undamaged. If any parts are missing or damaged, do not use the product and contact customer service.

- Portable Baby Swing Frame
- Plush Seat Pad with 5-point Harness
- Removable Headrest
- Overhead Toy Bar
- 2 Plush Toys (hanging from toy bar)

4. SETUP

4.1 Assembly

Follow the detailed instructions provided in the separate assembly guide for proper setup of the swing frame and attachment of the seat pad and toy bar. Ensure all connections click into place securely.

Folds for storage & transport

Image: A person holding the Ingenuity Bella Teddy swing in its folded position, demonstrating its compact design for storage and transport.

4.2 Battery Installation

The swing requires 4 D batteries (not included) for operation. Locate the battery compartment on the base of the swing. Use a Phillips head screwdriver to open the battery cover. Insert the batteries, ensuring correct polarity (+/-). Replace the cover and secure with the screw.

5.1 Powering On/Off

Press the power button on the control panel to turn the swing on or off.

5.2 Adjusting Swing Speed

The swing offers 5 different speeds. Use the speed adjustment buttons on the control panel to increase or decrease the swing motion. The TrueSpeed™ technology ensures the selected speed remains consistent as your child grows.

5.3 Music and Sounds

Select from 8 melodies and 3 nature sounds using the dedicated buttons on the control panel. Adjust the volume to a comfortable level for your child. The WhisperQuiet™ technology ensures a peaceful environment.

5.4 Timer Function

Set the swing timer for 30, 45, or 60 minutes using the timer button. This feature allows the swing to operate for a set duration before automatically turning off.

5.5 Toy Bar

The overhead toy bar includes two plush toys designed to engage and entertain your child. The toy bar can be rotated for easy access to your child.

6. MAINTENANCE AND CARE

6.1 Cleaning Instructions

To keep your Ingenuity Bella Teddy swing clean and hygienic:

- **Seat Pad and Headrest:** The plush seat pad and removable headrest are machine washable. Wash in cold water on a delicate cycle. Do not bleach. Tumble dry on low heat.
- **Frame:** Wipe the swing frame with a soft, damp cloth and mild soap. Do not use abrasive cleaners or solvents.
- **Toys:** Surface wash the plush toys with a damp cloth and mild soap. Air dry.

7. TROUBLESHOOTING

If you encounter issues with your Ingenuity Bella Teddy swing, refer to the following common solutions:

Problem	Possible Cause	Solution
Swing does not turn on.	Batteries are dead or incorrectly installed.	Replace batteries with new D batteries, ensuring correct polarity.
Swing motion is weak or inconsistent.	Low battery power; child's weight exceeds limit.	Replace batteries. Ensure child's weight is within the 20 lbs (9 kg) limit.
Music/sounds are not playing.	Volume is too low; batteries are low.	Increase volume. Replace batteries if necessary.
Swing makes unusual noises.	Loose parts; obstruction.	Check all connections for secure fit. Ensure no objects are interfering with the swing mechanism.

8. SPECIFICATIONS
