Hot Wheels Sharkbait Play Set Instruction Manual (Model FCF20)

Your guide to assembly, operation, and maintenance.

1. INTRODUCTION

Welcome to the exciting world of Hot Wheels! This manual provides essential instructions for the assembly, operation, and care of your Hot Wheels Sharkbait Play Set, model FCF20. Please read these instructions carefully before use to ensure safe and optimal play.

The Hot Wheels Sharkbait Play Set offers thrilling action where you launch your Hot Wheels car to escape the attacking shark. This set is designed for children aged 5 years and older.

2. WHAT'S IN THE BOX

Carefully unpack all components and ensure all items are present before beginning assembly. The package should contain:

- Hot Wheels Sharkbait Play Set components
- 1 Hot Wheels Vehicle

If any parts are missing or damaged, please contact Hot Wheels customer support.

3. SETUP INSTRUCTIONS

Follow these steps to assemble your Hot Wheels Sharkbait Play Set:

3.1 Unpacking and Component Identification

Remove all parts from the packaging. Refer to the image below to identify the main components: the launcher, track sections, and the shark mechanism.

3.2 Assembling the Track

1. Connect the track sections firmly. Ensure the connectors click into place to form a stable racing path.
2. Attach the launcher base to the starting end of the track.

3.3 Positioning the Shark Mechanism

Place the shark mechanism at the designated end of the track. Ensure it is stable and positioned correctly to interact with the launched car.

Verify all connections are secure before proceeding to play.

4. OPERATING INSTRUCTIONS

Once the play set is assembled, follow these steps to begin playing:

1. **Place the Vehicle:** Position the included Hot Wheels car onto the launcher mechanism at the start of the track.
2. **Prepare to Launch:** Pull back the launcher mechanism to load it.
3. **Launch the Car:** Press the launch button or release the mechanism to send the car speeding down the track.
4. **Engage the Shark:** Aim to hit the shark's tail or trigger point to make it "bite" or react as the car passes.

Experiment with different launch forces to achieve the desired interaction with the shark.

5. MAINTENANCE

To ensure the longevity and proper functioning of your Hot Wheels Sharkbait Play Set, follow these maintenance guidelines:

- **Cleaning:** Wipe down the track and components with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, store the play set in a clean, dry place away from direct sunlight and extreme temperatures.

- **Inspection:** Periodically check all connections and moving parts for wear or damage. Replace any damaged components if necessary.

6. TROUBLESHOOTING

If you encounter issues with your Hot Wheels Sharkbait Play Set, refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
Car does not launch effectively.	Launcher not fully engaged or insufficient force applied.	Ensure the launcher is pulled back completely before releasing. Apply firm pressure to the launch button.
Shark mechanism does not activate.	Car not hitting the trigger point or insufficient speed.	Adjust the launcher's aim. Ensure the car has enough speed to reach and activate the shark's mechanism. Check for obstructions.
Track sections disconnect during play.	Sections not securely connected.	Press track sections together firmly until they click into place. Ensure the play surface is flat and stable.
