Craftmade 43504-ABZ

Craftmade Clarendon 43504-ABZ 4-Light Vanity Wall Lighting Instruction Manual

Model: 43504-ABZ | Brand: Craftmade

PRODUCT OVERVIEW

The Craftmade Clarendon 43504-ABZ is a 4-light vanity wall lighting fixture designed for indoor use. It features an aged bronze brushed finish with white opal glass shades, offering a transitional style. This fixture is compatible with various bulb types and supports dimming when used with dimmable bulbs and a compatible dimmer switch.

Key Features:

- **Dimensions:** 5.63 inches High x 31.75 inches Wide x 7.75 inches Depth.
- **Weight:** Approximately 8.11 lbs.
- **Backplate:** 29.96 inches Wide.
- **Bulb Compatibility:** Requires 4 medium base (E26) bulbs, up to 60 Watts each (240 Watts total). Compatible with Incandescent, CFL, Halogen, or LED bulbs. Bulbs are not included.
- **Dimmable:** Supports full-range dimming when used with dimmable bulbs and a compatible dimmer switch.
- **Installation Versatility:** Can be installed with lights facing up or down.
- **Construction:** Metal with Aged Bronze Brushed finish and White Opal Glass shades.
- **Safety Rating:** ETL Approved for indoor locations.

SAFETY INFORMATION

- Always turn off the electrical power at the main fuse or circuit breaker box before beginning installation.
- Consult a qualified electrician if you are unsure about the installation process.
- Use only the specified bulb type and wattage to avoid overheating or damage.
- Do not install this fixture in outdoor or wet locations, as it is ETL approved for indoor use only.
- Ensure all electrical connections are secure and comply with local electrical codes.

SETUP AND INSTALLATION

Before starting, ensure you have all necessary tools and components. Hardware to mount the fixture to an existing junction box is included. A junction box is not included.

Required Tools (Not Included):

- Screwdriver (Phillips and Flathead)
- Wire Strippers
- Pliers
- Electrical Tape
- Safety Glasses
- Ladder (if necessary)

Installation Steps:

1. **Turn Off Power:** Locate the circuit breaker or fuse box and turn off the power to the electrical box where you will install the fixture.
2. **Prepare Mounting:** Attach the mounting bracket (included) to your existing electrical junction box using the provided screws. Ensure the bracket is securely fastened.
3. **Wire Connections:**
 - Connect the fixture's **black** wire to the household's **black** (hot) wire.
 - Connect the fixture's **white** wire to the household's **white** (neutral) wire.
 - Connect the fixture's **ground** wire (usually bare copper or green) to the household's **ground** wire and to the mounting bracket.
 - Secure all connections with wire nuts and electrical tape.
4. **Mount Fixture:** Carefully align the fixture's backplate with the mounting bracket and secure it with the provided screws. Ensure the fixture is flush against the wall. The fixture can be installed with the lights facing up or down.
5. **Install Shades and Bulbs:**
 - Gently attach the white opal glass shades to the fixture.
 - Screw in four (4) medium base (E26) bulbs, up to 60 Watts each. Do not exceed the maximum wattage.
6. **Restore Power:** Turn the power back on at the circuit breaker or fuse box.
7. **Test Fixture:** Turn on the light switch to ensure the fixture is working correctly.

OPERATING INSTRUCTIONS

The Craftmade Clarendon vanity light operates via a standard wall switch. If you have installed dimmable bulbs and a compatible dimmer switch, you can adjust the light intensity.

- **Turning On/Off:** Use the wall switch connected to the fixture to turn the lights on or off.
- **Dimming (Optional):** If using dimmable bulbs and a dimmer switch, adjust the dimmer control to achieve the desired light level. Ensure the dimmer switch is compatible with the type of bulbs installed (e.g., LED dimmer for LED bulbs).

MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your lighting fixture.

- **Cleaning:**

- Always turn off the power before cleaning.
- Wipe the metal finish with a soft, dry cloth. Do not use abrasive cleaners, polishes, or solvents as they may damage the finish.
- Clean glass shades with a mild glass cleaner and a soft cloth. Ensure shades are completely dry before restoring power.

- **Bulb Replacement:**

- Turn off the power at the circuit breaker before replacing bulbs.
- Allow bulbs to cool completely before touching them.
- Unscrew the old bulb and screw in a new medium base (E26) bulb, ensuring it does not exceed 60 Watts.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	<ul style="list-style-type: none">• Power is off at the circuit breaker.• Loose wire connections.• Defective bulb.• Faulty wall switch.	<ul style="list-style-type: none">• Check the circuit breaker and ensure power is on.• Turn off power, then check and secure all wire connections.• Replace the bulb with a new, working one.• Test the wall switch; replace if necessary.
Lights flicker.	<ul style="list-style-type: none">• Loose bulb.• Incorrect bulb type for dimmer.• Loose wire connection.	<ul style="list-style-type: none">• Tighten bulbs securely.• Ensure bulbs are dimmable and compatible with your dimmer switch.• Turn off power, then check and secure all wire connections.
Fixture hums.	<ul style="list-style-type: none">• Incompatible dimmer switch or bulbs.	<ul style="list-style-type: none">• Ensure both bulbs and dimmer switch are compatible with each other (e.g., LED bulbs with an LED-compatible dimmer).
