Spartan Mounts AR-10

Spartan Mounts AR-10 Rifle Mount Instruction Manual

Model: AR-10 | Brand: Spartan Mounts

1. Product Overview

The Spartan Mounts AR-10 Rifle Mount is designed for secure and organized storage of standard Mil-Spec AR-10 rifles. This low-profile wall mount provides a convenient and accessible solution for displaying your firearm in a gun room, gun safe, or other suitable location. It is constructed from high-strength PETG plastic for durability and features a design that latches into the magazine release, including a hole for a standard cable lock for added security.

Important Note:

- This mount is specifically customized for standard Mil-Spec AR-10s.
- It does NOT fit .308 DPMS or Armalite AR-10b models.

2. Safety Information

Firearms are dangerous weapons. Proper firearms safety is paramount. Spartan Mounts urges you to:

- Never mount a loaded weapon.
- Never mount your firearm in such a way that a person can walk in front of the barrel.
- Never store firearms and ammunition together unsecured.
- Never mount a gun within the reach of a minor.
- All mounts are designed for stationary display loads and are not intended for use in automobiles.

By using our mounts, you agree that Innoworkz LLC will not be held liable for injury or damage to persons or property resulting from the misuse or faulty installation of the product, or for improperly following the rules of firearm safety.

3. Package Contents

Verify that all components are present before beginning installation:

- 1x Spartan Mounts AR-10 Rifle Mount
- Mounting Hardware (screws and wall anchors)

4. Installation Instructions

Follow these steps for secure installation of your Spartan Mounts AR-10 Rifle Mount:

1. **Select Mounting Location:** Choose a suitable wall location, ensuring it is away from unauthorized access, especially by minors. Consider mounting to a wall stud for maximum security.
2. **Position the Mount:** Hold the mount against the wall at the desired height and orientation. Use a level to ensure it is straight.
3. **Mark Drill Holes:** Use a pencil to mark the locations for the mounting screws through the pre-drilled holes on the mount.
4. **Drill Pilot Holes:** Using an appropriate drill bit (refer to wall anchor instructions for recommended size), drill pilot holes at the marked locations. If drilling into a stud, a smaller pilot hole may be sufficient.
5. **Insert Wall Anchors (if needed):** If not mounting into a stud, gently tap the provided wall anchors into the pilot holes until flush with the wall surface.
6. **Attach the Mount:** Align the mount with the drilled holes/anchors. Insert the screws through the mount and tighten them securely. Do not overtighten, as this can damage the mount or the wall.

5. Operating Instructions

Once the mount is securely installed, follow these steps to use it:

1. **Mounting the Rifle:** Ensure the rifle is unloaded and safe. Align the magazine well of your AR-10 with the mount. Insert the mount into the magazine well until it latches securely. You should hear or feel a click.
2. **Securing the Rifle:** For additional security, utilize the integrated hole on the mount to pass a standard cable lock through, securing the rifle to the mount.
3. **Removing the Rifle:** To remove the rifle, disengage the magazine release button on your AR-10. While holding the magazine release, gently pull the rifle upwards and away from the mount.

6. Maintenance

The Spartan Mounts AR-10 Rifle Mount requires minimal maintenance:

- **Cleaning:** Wipe the mount periodically with a soft, damp cloth to remove dust or debris. Avoid harsh chemicals that

may damage the plastic.

- **Inspection:** Regularly inspect the mount and its attachment to the wall for any signs of wear, damage, or loosening. Ensure screws remain tight.
- **Environmental Conditions:** While made from durable PETG, extreme temperatures or prolonged direct sunlight may affect the material over time. Store in a stable environment.

7. Troubleshooting

If you encounter any issues, consider the following:

- **Mount does not fit my rifle:** This mount is designed for standard Mil-Spec AR-10s. It is not compatible with .308 DPMS or Armalite AR-10b models. Verify your rifle's compatibility.
- **Rifle feels loose on the mount:** Ensure the mount is fully inserted into the magazine well and the magazine release has engaged. Check that the mounting screws are securely tightened to the wall.
- **Mount is not secure on the wall:** Re-check the installation steps. Ensure appropriate wall anchors were used for your wall type, or that the mount is secured directly into a wall stud.

8. Specifications

Feature	Detail
Model Name	Spartan Mounts AR-10
