## 1. PRODUCT OVERVIEW

---

This manual provides instructions for assembling the nanoblock Pokémon Psyduck Building Kit (Model: NBPM024). This kit allows you to construct a detailed miniature model of Psyduck using micro-sized building blocks.

The completed Psyduck model stands approximately 2.2 inches (5.6 cm) tall and consists of 130 pieces. It is rated as a Level 2 difficulty kit on a scale of 1 to 5, making it suitable for builders with some experience or those looking for an engaging challenge.

## **2. IMPORTANT SAFETY INFORMATION**

---

### **WARNING: CHOKING HAZARD - Small Parts.**

This product contains small parts and is not suitable for children under 3 years of age. Adult supervision is recommended for younger builders. The manufacturer's recommended age for this kit is 15 years and up, while the product description suggests ages 8+. Please consider the small size of the blocks when determining suitability for a child.

- Keep all small parts away from infants and young children.
- Do not ingest any parts.

- Dispose of packaging materials properly.

### **3. PACKAGE CONTENTS**

---

Before beginning assembly, please verify that all components are present in your kit.

### 3.1. What's Included:

- 130 nanoblock pieces required to build the Psyduck model.
- Detailed step-by-step instruction sheet.

If any parts are missing or damaged, please refer to the "Support & Warranty" section for assistance.

## 4. ASSEMBLY INSTRUCTIONS

---

Follow these steps carefully to assemble your nanoblock Pokémon Psyduck model. It is recommended to work on a clean, well-lit surface to prevent loss of small pieces.

### 4.1. Preparation:

1. Unpack all contents from the kit.
2. Carefully separate the nanoblock pieces by color and shape if desired, to facilitate easier building.
3. Review the instruction sheet thoroughly before starting.

### 4.2. Building Process:

The instruction sheet provided in the kit contains visual, step-by-step diagrams for assembly. Each step illustrates which blocks to add and where to place them. Pay close attention to the orientation of the blocks.

- **Start from the Base:** Most nanoblock models begin with a foundational layer.
- **Layer by Layer:** Build the model upwards, adding blocks layer by layer as indicated in the instructions.
- **Precision is Key:** Due to the micro size of the blocks (as small as 4mm x 4mm x 5mm), precision is important. A pair of tweezers (not included) may be helpful for placing very small pieces.
- **Check Your Work:** Periodically compare your progress with the instruction diagrams to ensure accuracy.

### 4.3. Difficulty Level:

This kit is rated Level 2. The nanoblock difficulty scale ranges from 1 (easiest) to 5 (most advanced). Level 2 indicates a relatively straightforward build suitable for beginners with some patience.

## 5. DISPLAY AND HANDLING

---

Once assembled, your nanoblock Psyduck model is ready for display. Here are some tips for handling and

placement:

- **Display Surface:** Place the model on a stable, flat surface to prevent accidental falls.
- **Handling:** Handle the model gently, especially when moving it, to avoid dislodging pieces.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause colors to fade over time.
- **Keep Away from Heat:** Extreme heat can deform plastic blocks.

## 6. CARE AND MAINTENANCE

---

To keep your nanoblock model in optimal condition, follow these simple care guidelines:

- **Cleaning:** Use a soft, dry brush or a can of compressed air to gently remove dust from the model. Avoid using water or chemical cleaners, as these may damage the plastic or cause discoloration.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss.

## 7. TROUBLESHOOTING

---

### 7.1. Missing or Damaged Pieces:

If you find that your kit is missing pieces or contains damaged blocks, please contact customer support as detailed in the "Support & Warranty" section. Provide your model number (NBPM024) and a description of the issue.

### 7.2. Difficulty with Assembly:

- **Review Instructions:** Double-check the instruction manual for any missed steps or incorrect block placements.
- **Take a Break:** If you are struggling, sometimes stepping away and returning with fresh eyes can help.
- **Online Resources:** Search for nanoblock building tips or videos online for additional guidance.

## 9. SUPPORT AND WARRANTY INFORMATION

### 9.1. Customer Support:

For product inquiries, missing parts, or assembly assistance, please contact the authorized distributor for your region. In the U.S. Markets, Bluefin / Bandai Namco is the sole and authorized distributor for Kawada products. Look for their warning label on the product box for proof of an officially licensed product and access to product support.

Contact information for Bluefin / Bandai Namco can typically be found on their official website or on the product packaging.

### 9.2. Warranty:

Specific warranty details are not provided in the product information. Generally, nanoblock products are expected to be free from manufacturing defects. If you encounter a defect, please retain your proof of purchase and contact customer support for potential resolution.

This product has been thoroughly tested for safety and meets all North American consumer product safety regulations.
