

NIKE 848629-001

Nike Air Jordan XXXI User Manual

Model: 848629-001

INTRODUCTION

Welcome to the user manual for your new Nike Air Jordan XXXI sneakers. These shoes are designed for performance and style, featuring advanced materials and construction. To ensure the longevity and optimal performance of your footwear, please read this manual carefully.

Figure 1: The Nike Air Jordan XXXI in Black, Red, and Bred colorway, featuring the iconic Jumpman logo on the heel.

WEARING & FIT

The Air Jordan XXXI is engineered for a secure and comfortable fit. Proper wearing ensures both comfort and the shoe’s durability.

- **Lacing:** Ensure laces are tied securely but not overly tight, allowing for natural foot movement. The lace-up closure system

provides adjustable support.

- **Sock Choice:** Wear appropriate athletic socks to enhance comfort, wick moisture, and prevent friction.
- **Initial Wear:** Allow for a brief break-in period. The materials are designed to adapt to your foot over time.
- **Size Guide:** Refer to the official Nike size guide to ensure you have the correct size for optimal performance and comfort. For this model, sizes like 7Y (25cm) are available, catering to specific foot measurements.

CARE & MAINTENANCE

Proper care will extend the life of your Air Jordan XXXI sneakers and maintain their appearance.

1. **Cleaning:**
 - Remove loose dirt with a soft brush.
 - Mix mild soap with warm water.
 - Gently scrub the upper with a soft cloth or sponge. Avoid harsh chemicals.
 - Wipe clean with a damp cloth.
 - For the sole, use a brush to remove dirt and debris.
2. **Drying:** Air dry at room temperature. Avoid direct sunlight or artificial heat sources, as these can damage materials.
3. **Storage:** Store in a cool, dry place away from direct sunlight. Using shoe trees can help maintain shape.
4. **Avoid Machine Washing:** Do not machine wash or tumble dry your sneakers.

TROUBLESHOOTING

Here are solutions to common minor issues you might encounter:

- **Squeaking:** If your shoes squeak, try applying a small amount of baby powder or cornstarch under the insole to reduce friction.
- **Minor Scuffs:** For light scuffs on the leather or synthetic upper, a specialized shoe cleaner or a damp cloth may help.
- **Odor:** To combat odor, remove insoles and air out the shoes. You can also use shoe deodorizers or baking soda.

SPECIFICATIONS

Attribute	Detail
