## SETUP INSTRUCTIONS

The BlueFinger Gaming Combo is designed for simple plug-and-play functionality. No additional drivers are typically required for basic operation on Windows PCs, laptops, and desktops.

### 1. Keyboard Setup

1. Connect the keyboard's USB cable to an available USB port on your computer.
2. The keyboard's backlight will illuminate automatically.

### 2. Mouse Setup

1. Connect the mouse's USB cable to an available USB port on your computer.
2. The mouse's LED lighting will activate automatically.

### 3. Headset Setup

1. Connect the headset's USB cable to an available USB port on your computer to power the LED lights.
2. Connect the headset's 3.5mm audio jack (green) to your computer's audio output port.
3. Connect the headset's 3.5mm microphone jack (red) to your computer's microphone input port.
4. If your computer has a single 3.5mm combined audio/mic port, use the included audio splitter cable (if provided) to connect both headset jacks.

Image: Diagram illustrating the various connection options for the headset, including separate 3.5mm jacks for audio and microphone, a USB connector for LED power, and an adapter for combined audio/mic ports, compatible with Windows PC, Mac OS PC, Xbox One, and PS4/PS Vita.

## OPERATING INSTRUCTIONS

### 1. Keyboard Operation

The keyboard features customizable backlighting and multimedia controls:

- **Backlight Color Change:** Press **FN + SL** to cycle through 3 static LED colors (Red, Blue, Purple).
- **Breathing Light Mode:** Press **FN + PS** to activate a breathing effect that cycles through the 3 colors.
- **Solid Color Breathing Mode:** Press **FN + PB** to activate a breathing effect for the currently selected static color.
- **Adjust Brightness:** Press **FN + ↑** (Up Arrow) to increase brightness, and **FN + ↓** (Down Arrow) to decrease brightness.
- **Multimedia Keys:** Use the dedicated multimedia shortcut keys (F1-F12 in combination with FN, or dedicated keys if present) for quick access to volume, media playback, and applications.
- **Anti-Ghosting:** The keyboard supports 19 anti-ghosting keys for accurate input during intense gaming sessions.
- **Ergonomic Design:** The built-in wrist rest provides comfort for extended use. Adjustable rear feet allow you to set the keyboard angle.

## 2. Mouse Operation

The gaming mouse offers adjustable precision and dynamic lighting:

- **DPI Adjustment:** Cycle through 4 adjustable DPI settings (800/1200/1600/2000) using the DPI button located near the scroll wheel for precise tracking.
- **LED Effects:** The mouse features 4-color breathing LED effects that change automatically, often corresponding to the selected DPI level.
- **Ergonomic Design:** Shaped to fit naturally in your hand for comfortable grip and control.
- **Navigation Buttons:** Utilize the forward and backward buttons on the side for quicker web navigation.

Image: Four variations of the BlueFinger gaming mouse, each showcasing a different crack LED backlight color (red, purple, blue, pink), illustrating the automatic color change feature.

### 3. Headset Operation

The headset provides immersive audio and clear communication:

- **Audio Quality:** Experience clear highs, rich mids, and punchy bass for immersive stereo sound.
- **Microphone:** The built-in microphone ensures crisp voice communication. It can be adjusted for optimal positioning.
- **Comfort:** The adjustable headband and cushioned ear cups provide comfort during extended gaming sessions.
- **In-line Controls:** A volume scroll wheel and microphone on/off switch are located on the headset cable for convenient adjustments.

## MAINTENANCE

---

To ensure the longevity and optimal performance of your BlueFinger Gaming Combo, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the keyboard, mouse, and headset. For stubborn dirt, a slightly damp cloth can be used, but ensure no moisture enters the devices. Avoid harsh chemicals or abrasive cleaners.
- **Cable Care:** Avoid sharply bending or pulling the USB cables. Store them neatly to prevent tangling and damage.
- **Storage:** When not in use, store the peripherals in a clean, dry environment away from extreme temperatures and direct sunlight.

## TROUBLESHOOTING

---

If you encounter issues with your BlueFinger Gaming Combo, refer to the following common solutions:

### Keyboard/Mouse Not Responding:

- Ensure the USB cables are securely connected to your computer's USB ports.
- Try connecting the devices to different USB ports on your computer.
- Restart your computer.

### Backlight/LEDs Not Working:

- For the keyboard, ensure the backlight is not turned off (use FN+Down Arrow to increase brightness).
- For the headset, ensure the USB cable is connected to power the LEDs.
- Verify that the devices are properly connected to your computer.

### Headset Audio/Microphone Issues:

- Check that the 3.5mm audio and microphone jacks are correctly plugged into the corresponding ports on your computer.
- Ensure the in-line volume control is not set to minimum and the microphone switch is in the 'on' position.
- Verify your computer's audio settings to ensure the headset is selected as the default playback and recording device.
- If using an audio splitter, ensure it is functioning correctly.
