## SETUP

Before first use, it is recommended to prepare your new flatware set:

1. **Unpack:** Carefully remove all pieces from their packaging.
2. **Initial Cleaning:** Hand wash all flatware pieces with warm water and mild soap. Rinse thoroughly and dry immediately with a soft cloth to prevent water spots.
3. **Storage:** Store the clean and dry flatware in a drawer organizer or cutlery tray to prevent scratches and maintain its finish.

## MAINTENANCE AND CARE

To maintain the quality and appearance of your Brighttown flatware, follow these care instructions:

- **Dishwasher Safe:** The flatware is designed to be dishwasher safe. For best results, load items loosely to allow water to circulate effectively.
- **Hand Washing:** For optimal preservation, especially after initial use, hand wash with warm water and a mild, non-abrasive detergent.
- **Drying:** Always dry flatware immediately after washing, whether by hand or dishwasher, to prevent water spots and maintain its brilliant mirror polish.
- **Avoid Abrasives:** Do not use steel wool, hard sponges, scouring cloths, or other abrasive cleaning tools, as these may scratch or damage the flatware's finish.
- **Chemical Exposure:** Avoid prolonged exposure to acidic foods or harsh chemicals, which can cause discoloration or corrosion.

## TROUBLESHOOTING

If you encounter any issues with your flatware, consider the following:

- **Water Spots:** Ensure flatware is dried immediately after washing. Hard water can leave mineral deposits; a vinegar rinse can help.
- **Minor Scratches:** Over time, minor scratches may appear with regular use. These are generally cosmetic and do not affect functionality. Avoid abrasive contact to minimize new scratches.
- **Tarnishing/Discoloration:** This is rare with quality stainless steel but can occur due to harsh detergents or prolonged contact with certain foods. Re-wash with a mild detergent and dry thoroughly.
- **Bending:** While designed to be durable, excessive force can cause bending. Use utensils appropriately for their intended purpose.
