## HandFan HF310

# HandFan Portable Handheld Fan User Manual

Model: HF310

Brand: HandFan

## INTRODUCTION

Thank you for choosing the HandFan Portable Handheld Fan. This versatile device provides powerful personal cooling with three adjustable speeds and doubles as a convenient power bank for your mobile devices. Its foldable design ensures easy portability, making it an ideal companion for travel, outdoor activities, or everyday use.

## WHAT'S IN THE BOX

- 1 x Mini Fan
- 1 x Battery (5200mAh)
- 1 x USB Cable (Type-C)
- 1 x Metal Clip
- 1 x User Manual

**Handheld Fan**

**Desk Fan**

**Clip Fan**

## KEY FEATURES

- **Powerful Airflow:** Equipped with 3.5-inch 6-blade fan blades and a brushless motor for strong air speed and

wide coverage.

- **Long Battery Life:** Built-in 5200mAh rechargeable battery provides up to 20 hours of cooling on a single charge.
- **2-IN-1 Functionality:** Functions as both a portable fan and a backup power bank for charging devices.
- **Foldable & Portable:** Compact, palm-sized design when folded (8.74in x 4.01in), easily fits into bags.
- **Adjustable Angle:** Fan head can be adjusted from 0° to 180° for versatile use as a handheld or desk fan.
- **Multiple Charging Methods:** Supports Type-C fast charging via computer, PC USB port, power source, or car charger.

# Long Working Time & Amazing Cooling Ability

Built-in 5200mAh rechargeable batteries, High speed motors

Speed 1  
2200RPM/20H

Speed 2  
3000RPM/9H

Speed 3  
3600RPM/5H

mAh

## SETUP

### Assembly:

1. Ensure the fan head and battery handle are separated.
2. Align the USB connector on the fan head with the USB port on the battery handle.
3. Gently push the fan head onto the battery handle until it clicks securely into place.

Your browser does not support the video tag.

Video: Official HandFan video demonstrating the assembly of the portable handheld fan.

### Initial Charging:

Before first use, fully charge the fan's battery. The battery indicator lights will show charging progress.

## OPERATING INSTRUCTIONS

---

### Power On/Off and Speed Adjustment:

1. Press the power button (usually marked with a power symbol) once to turn on the fan at Speed 1.
2. Press the power button a second time for Speed 2.
3. Press the power button a third time for Speed 3 (highest).
4. Press the power button a fourth time to turn off the fan.

Your browser does not support the video tag.

Video: Official HandFan video demonstrating how to turn on the fan and cycle through its three speed settings.

## Adjusting Fan Angle:

The fan head can be manually adjusted from 0° to 180° to direct airflow as needed. This allows for use as a handheld fan or a stable desk fan.

Image: The HandFan demonstrating its 180-degree foldable design for versatile positioning.

## POWER BANK FUNCTION

The detachable handle of the HandFan serves as a 5200mAh power bank. To use this feature:

1. Separate the fan head from the battery handle by pressing the two side buttons on the handle and pulling the fan head off.
2. Connect your device's USB charging cable to the USB output port on the battery handle.
3. The battery indicator lights will show charging status.

## PORTABILITY & USAGE SCENARIOS

---

The HandFan is designed for maximum portability and adaptability:

- **Foldable Design:** Fold the fan head back to make it compact for easy storage in bags or purses.
- **Handheld Use:** Ideal for personal cooling on the go.
- **Desk Fan:** Place it on a flat surface and adjust the angle for hands-free cooling.
- **Clip-on Functionality:** Use the included metal clip to attach the fan to various surfaces like tables, umbrellas, or backpacks.

# Portable

Compact size and foldable,  
put it in your bag and take it  
anywhere

## MAINTENANCE

- **Cleaning:** Ensure the fan is off and unplugged before cleaning. Use a soft, dry cloth to wipe the fan blades and exterior. Do not use harsh chemicals or immerse in water.
- **Storage:** Store the fan in a cool, dry place when not in use.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge it regularly, even if not in constant use.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan not turning on.	Low battery or not assembled correctly.	Charge the battery fully. Ensure the fan head is securely attached to the handle.

Problem	Possible Cause	Solution
Weak airflow.	Fan is on a low speed setting or battery is low.	Increase the speed setting. Recharge the battery.
Device not charging via power bank.	Battery is low or cable is faulty.	Charge the fan's battery. Try a different USB charging cable.
