EasyAcc Mini Handheld and Desk Fan (Model FNHD) Instruction Manual

Brand: EasyAcc | Model: FNHD

INTRODUCTION

Thank you for choosing the EasyAcc Mini Handheld and Desk Fan. Designed for versatility and convenience, this portable fan offers powerful cooling with a compact, foldable design. It's ideal for various scenarios, from indoor use at your desk to outdoor activities and travel. This manual will guide you through its features and ensure optimal performance.

Key Features:

- **Strong Airflow:** Features 3 adjustable speed levels with an updated 6-blade design for enhanced airflow and reduced noise.
- **Extended Battery Life:** Provides up to 10 hours of wireless operation on the lowest speed setting.
- **Multipurpose Design:** Functions as both a handheld fan and a foldable desk fan.
- **Portable:** Compact size and foldable handle make it easy to carry in a handbag or backpack.
- **USB Rechargeable:** Compatible with all USB output devices for convenient charging.

SETUP

1. Battery Installation:

Before initial use, locate the battery compartment. **IMPORTANT: Remove the insulating sheet from the battery before operating the fan.** Failure to do so will prevent the fan from functioning.

OPERATING INSTRUCTIONS

1. Power On/Off and Speed Adjustment:

Press the power button located on the handle to turn the fan on. Each subsequent press will cycle through the 3 available speed settings (Low, Medium, High). Pressing the button after the highest speed will turn the fan off.

MAINTENANCE

- **Cleaning:** Ensure the fan is turned off and unplugged before cleaning. Use a soft, dry cloth to wipe the exterior of the fan. Do not use water or any liquid cleaners directly on the fan.
- **Storage:** When not in use for extended periods, store the fan in a cool, dry place.

TROUBLESHOOTING

- **Fan not turning on:**
 - Check if the battery insulating sheet has been removed.
 - Ensure the fan is fully charged.
- **Weak airflow:**
 - Verify the fan is set to a higher speed setting.
 - Ensure the fan blades are clean and free from obstructions.
- **Charging issues:**
 - Confirm the USB cable is securely connected to both the fan and the power source.

- Try a different USB cable or power adapter.
