3. PLAYBACK INSTRUCTIONS

To enjoy your DVD set, follow these general instructions:

1. Ensure your DVD player is compatible with **NTSC** format discs. This set is formatted for NTSC regions (e.g., North America).
2. Carefully remove a disc from its packaging by pressing the center hub and lifting the disc by its edges. Avoid touching the playing surface.
3. Insert the disc into your DVD player with the label side facing up.
4. Follow the on-screen menu to select episodes or special features.

Compatibility Notice:

This DVD set is encoded for Region 1 (U.S. and Canada) and uses the NTSC video standard. Playback on devices outside of this region or standard may require a multi-region or multi-standard compatible DVD player.

4. CARE AND HANDLING

Proper care will ensure the longevity and optimal performance of your DVDs:

- Always handle discs by their edges to prevent fingerprints and scratches on the playing surface.
- Store discs in their original packaging in a cool, dry place away from direct sunlight and extreme temperatures.
- To clean a disc, gently wipe it with a soft, lint-free cloth from the center outwards. Do not use abrasive materials or harsh chemicals.
- Avoid bending or flexing the discs, as this can cause damage.

5. TROUBLESHOOTING

If you encounter issues during playback, consider the following:

- **Disc not playing or skipping:** Check the disc for smudges, dust, or scratches. Clean the disc as described in the Care and Handling section. Ensure the disc is inserted correctly into the player.
- **No audio or video:** Verify that your DVD player is properly connected to your television or audio system. Check the volume settings on both your player and TV.
- **Region code error:** This set is Region 1. If you are outside Region 1, ensure your DVD player is region-free or compatible with Region 1 discs.
- **Poor video quality:** While the discs are standard definition DVD format, ensure your TV settings are optimized for DVD playback.
