3. Player Setup:

Each player chooses a car token and a peg (representing themselves). Place your car at the "START" space on the gameboard. Decide who will be the banker for the game.

3. OPERATING (HOW TO PLAY)

Game Objective:

The objective of The Game of Life is to navigate through various life events, make strategic choices, and accumulate the most wealth by the time all players reach the "RETIREMENT" space.

Gameplay Steps:

1. Starting Your Life Path:

At the beginning of the game, each player chooses to either go to college or start a career immediately. This choice

determines your starting path on the board and your initial career card.

2. Spin and Move:

On your turn, spin the spinner. Move your car token the number of spaces indicated. Follow the instructions on the space you land on.

3. Life Choices and Events:

Throughout the game, you will encounter various spaces that require you to draw cards, pay or receive money, get married, have children (add pegs to your car), or make other life-altering decisions. These events can significantly impact your wealth and path.

4. Payday and Retirement:

Land on or pass a "Payday" space to collect your salary. Continue playing until all players reach the "RETIREMENT" space. At this point, all debts are paid, and players count their accumulated wealth. The player with the most money wins!

4. MAINTENANCE

To ensure the longevity of your Game of Life board game, follow these simple maintenance tips:

- **Storage:** Always store the game components neatly in their designated slots within the box after play. This prevents loss and damage to small pieces like pegs and tokens.
- **Cleaning:** Wipe down the gameboard and plastic components with a soft, dry cloth if they become dusty. Avoid using harsh chemicals or abrasive cleaners, as these can damage the printed surfaces.
- **Handling:** Handle cards and money with care to prevent bending, tearing, or creasing.
- **Environment:** Store the game in a cool, dry place away from direct sunlight and extreme temperatures to prevent warping of the board or fading of colors.

5. TROUBLESHOOTING

Most issues with The Game of Life are related to understanding the rules or missing components. Here are some common troubleshooting tips:

- **Missing Pieces:** If any components are missing upon opening the box, please contact Hasbro Gaming customer support (see Section 7).
- **Rule Disputes:** Refer to the included instruction manual for clarification on specific rules. For common house rules or variations, online communities and forums can provide additional guidance.
- **Spinner Malfunction:** Ensure the spinner is properly attached to the gameboard. If it becomes loose or does not spin freely, gently re-attach it. Avoid excessive force when spinning.
