## Giro Aerohead Helmet Pod

# Giro Aerohead Helmet Pod Instruction Manual

## 1. INTRODUCTION

---

### 1.1 Product Overview

The Giro Aerohead Helmet Pod is a dedicated storage and transport solution designed for the Giro Aerohead and Giro Aerohead Ultimate helmets. This pod provides protection and ease of handling for your helmet.

### 1.2 Intended Use

This product is intended for the safe storage and transportation of compatible Giro Aerohead series helmets. It is designed to protect the helmet from impacts, dust, and debris during transit or when not in use.

**Figure 1:** The Giro Aerohead Helmet Pod. This image displays the black protective case designed for the Giro Aerohead and Aerohead Ultimate helmets, highlighting its compact and durable design.

## 2. SETUP

---

### 2.1 Unpacking

Carefully remove the Aerohead Helmet Pod from its packaging. Inspect the pod for any signs of damage that may have occurred during shipping. If any damage is found, contact customer support immediately.

### 2.2 Helmet Placement

1. Open the helmet pod.
2. Gently place your Giro Aerohead or Aerohead Ultimate helmet inside the pod, ensuring it fits snugly without forcing. The pod is designed to accommodate the helmet's specific shape.
3. Ensure any visors or accessories are properly secured or removed as necessary to prevent damage during storage.
4. Close the pod securely.

## 3. OPERATING INSTRUCTIONS

---

### 3.1 Transportation

The Aerohead Helmet Pod features a handle on the front for ease of transportation. Always use this handle when carrying the pod to ensure secure handling and prevent accidental drops. The durable outer material

provides protection against minor impacts during transit.

## 3.2 Storage

When storing your helmet in the pod, ensure the pod is placed in a cool, dry environment away from direct sunlight and extreme temperatures. The vents on the bottom of the pod are designed to allow for air circulation, helping to prevent moisture buildup and maintain helmet integrity.

## 4. CARE AND MAINTENANCE

---

### 4.1 Cleaning

- To clean the exterior of the helmet pod, wipe with a damp cloth and mild soap. Avoid using harsh chemicals or abrasive cleaners, as these can damage the material.
- For the interior, a soft, dry cloth can be used to remove dust or debris. Ensure the pod is completely dry before storing your helmet.

### 4.2 Storage Recommendations

Store the helmet pod in a location where it is protected from heavy objects that could crush or deform it. While the pod offers protection, excessive force can still cause damage to both the pod and the helmet inside.

## 5. TROUBLESHOOTING

---

### 5.1 Common Issues

- **Helmet does not fit:** Ensure you are using a compatible Giro Aerohead or Aerohead Ultimate helmet. The pod is specifically designed for these models.
- **Pod closure issues:** Check for any obstructions preventing the pod from closing properly. Ensure the helmet is seated correctly within the pod.
- **Damage to pod:** If the pod sustains significant damage, its protective capabilities may be compromised. Consider replacing the pod to ensure continued protection for your helmet.

## 6. SPECIFICATIONS

---

Feature	Detail
Brand	Giro
Model Name	Aerohead Helmet Pod
Model Number	GIHSPAERCAS
Color	Black
Compatibility	Giro Aerohead, Giro Aerohead Ultimate helmets
Outer Material	Expanded Polystyrene (EPS)

## 7. WARRANTY INFORMATION

---

Giro helmet accessories are guaranteed to be free from defects in materials and/or workmanship for a period of **one (1) year** from the date of purchase. Giro will, at its option, replace or repair defective accessories.

To receive warranty service, the original owner must return the accessory to an authorized Giro dealer within one year of purchase, along with the original sales receipt.

This warranty does not cover defects, damage, malfunctions, or failures resulting from abuse, neglect, improper care, alteration, collision, or a crash.

## 8. CUSTOMER SUPPORT

---

For further assistance, product inquiries, or warranty claims, please contact your authorized Giro dealer or visit the official Giro website for support resources.
