PetSafe Disposable Litter Box with Crystal Litter & Scoops

MODEL: PWM00-16138

Introduction

The PetSafe Disposable Litter Box provides a convenient and hygienic solution for cat owners, ideal for travel or temporary use. This collapsible, leak-proof box includes premium crystal litter and disposable scoops, designed for superior odor control and easy cleanup.

What's Included

- 1 PetSafe Disposable Litter Box
- 1 Bag of Pre-Portioned Premium Crystal Litter (4.3 lb)
- 8 Disposable Scoops

Portable all-in-one litter box kit

Figure 1: The PetSafe Disposable Litter Box kit, including the box, crystal litter, and scoops. Dimensions are approximately 16.38 inches long, 12.63 inches wide, and 14.5 inches high.

Setup Instructions

1. **Remove Lid:** Carefully remove the lid from the top of the box.
2. **Unfold Box:** Pull up the sides of the box using the two designated holes until it forms a stable, upright structure.
3. **Secure Tabs:** Locate the front tabs and secure them into the corresponding slots to ensure the box is stable.
4. **Add Litter:** Open the bag of Premium Crystal Litter and empty its entire contents into the bottom of the disposable litter box.
5. **Secure Rear Flap:** Pull the rear flap down and secure its tab into the slot.
6. **Optional Base:** The removed lid can be placed underneath the assembled litter box for additional floor protection.

PetSafe 

ScoopFree Crystal Litter outperforms clay litter

Better odor control
than Clumping Litter

Leak protection keeps
floors clean

Lightweight design for
easy travel

Operating Instructions

Place the assembled litter box in a suitable location for your cat. The elevated entrance provides comfortable access. The crystal litter is designed for superior odor control and low tracking. Ensure your cat has easy access to the box.

Figure 3: A black and white cat is shown entering the PetSafe Disposable Litter Box, illustrating its accessibility.

Maintenance

The included disposable scoops can be used to remove solid waste as needed. The crystal litter effectively absorbs liquid waste and controls odors for up to one week for a single cat. When it's time to replace the litter box, simply fold it down and dispose of it according to local waste regulations. No need to clean or sanitize a traditional litter pan.

Troubleshooting

- **Odor Issues:** Ensure the crystal litter is spread evenly and not oversaturated. Replace the litter box more frequently if odors persist, especially in multi-cat households.
- **Leakage:** Verify that all tabs are securely fastened during assembly. The box is designed with a protective coating for leak resistance.
- **Cat Refusal:** Some cats may need time to adjust to a new litter box or litter type. Place the new box next to the old one initially, or mix a small amount of old litter with the new crystal litter.

Specifications

Product Dimensions	16.1"L x 12"W x 12.5"H
